REPORTS OF COMMITTEES.

REPORT OF THE COMMITTEE ON EDUCATION.

YOUR Committee on Education would report: That the number and state of our Educational Institutions, within the bounds of the Conference, indicate a growing interest on the part of our people and ministry in the great work of sanctified learning. The Conference, under a profound conviction that the education of the youth is the work of the Church, would extend to *all* our literary institutions its warmest sympathies and wisest counsels.

The Church is the great authorized agent to bear the salvation of God to creatures; and, in extending christian education, she but multiplies the facilities for saving the race. We regard our utmost efforts for learning a duty to posterity, and a solemn obligation to the Eternal Head of the Church. We submit the following details as indicative of the prosperous condition of the several institutions named.

ROCK RIVER SEMINARY.

This institution has been in vigorous operation for twenty-one years. It is believed that in no period of its history has it done more for the Church than during the last year. It has, indeed, educated more pupils, but it has never done it better.

Three years ago, a collegiate course for young ladies was adopted by the Trustees, and the last exhibition witnessed the first graduate. Others are urging their way to the same distinction.

The past year has witnessed a gracious revival of religion in this institution. Many have been converted to God, some of whom have already gone forth to bless the Church and world.

This institution was sold under mortgage, the 3d day of September last, for \$4,800. It is probable that it will pass into the hands of the Trustees of the North-Western University, in which event it is confidently believed that the interests of the institution will be equally well cared for as under the present arrangement.

We recommend the appointment of the Rev. W. T. Harlow, as Principal; and the re-appointment of Cyrus Alden, Esq.; and the appointment of Rev. S. A. W. Jewett, in the place of L. Hitchcock, whose term has expired, as Trustees; and, also, the appointment of F. B. Brayton Trustee, to fill the vacancy occasioned by the death of Samuel Hitt, Esq. And as Visiting Committee, the members of this Conference stationed at the following places, viz: Freeport, Rockford first charge, Sterling, Galena, Mt. Morris, and the Presiding Elder of the Mt. Morris District.

THE GARRETT BIBLICAL INSTITUTE

Has continued its great work during the current year with unwonted success. The students in attendance—including those of last Fall—are seventy-one, “and are distinguished by that maturer preparation which, from the commencement, has been growing with the age of the Institute.”

The health of the institution has been nearly perfect, and the conviction is becoming settled that there is not in the West a location of greater salubrity. The tendency toward taking a full course, is now stronger than before.

A deeper religious devotion has never existed, in the mass of the students, than has been developed during the present term. Another of their number—the fourth—has just taken his departure for the mission field in India. Others are preparing for the same stupendous sacrifice.

Our faculty are such as to warrant the hope that, under their instruction, our junior ministry will attain to such a spiritual and intellectual culture as will make them the light of the Church, and a blessing to their age.

The vacation has been advantageously shifted from the Summer to Winter months. The benefit obtained by the students by teaching in the Winter, is regarded as counterbalancing the loss of that more favorable season for study.

As it is the mission of this institution to largely influence the Itinerancy in the North-West, it is permanently hoped that this Conference will look with scrutiny and fraternal interest on this element of growing power located in its midst. It is believed that a large attendance of the Conference at the annual examination, would issue in a profounder ministerial interest in the enterprise.

Our students are from several States, some of whom are a thousand miles from home, and will seek labor in the mysteriously expanding fields of the West.

We trust this Conference will not overlook so great a motive force, whose agency shall have the West for its field, and ages for its sphere. It is expected that the portion of the faculty belonging to this Conference, will be re-appointed to their present chairs.

As the terms of service of none of the Trustees has yet expired, no election is desired until the next Session of this Conference.

All of which is respectfully submitted.

J. DEMPSTER, *Chairman*.

AURORA INSTITUTE AND CLARK SEMINARY.

This institution has just commenced upon its second year. The prosperity and success which have crowned the efforts of the first year of its history, have demonstrated the wisdom of the policy which led to the establishment of this literary institution. Erected during the terrible financial struggle of the past few years; furnished, at a heavy cost, with every convenience in the shape of furniture and chemical and philosophical apparatus; and opened at a time when older schools, of a like grade, were closing and tottering for want of patronage, it is exceedingly gratifying to learn, from the exhibit of the Trustees, of its complete success. Thirteen different States have been represented the past year by the attendance of nearly four hundred different students.

The Trustees express themselves as exceedingly fortunate in procuring the services of the Rev. G. W. Quereau, as Principal, who, with his corps of efficient teachers, has given to the institution a high literary reputation. The Trustees also award to Rev. C. M. Woodward, who has acted as their agent the past year, high praise for his financial ability and his indefatigable labors.

We recommend the appointment of G. W. Quereau, as Principal, and W. F. Stewart, R. K. Bibbins, S. P. Keyes, and the preachers stationed at Batavia and first charge Aurora as the Visiting Committee for the ensuing year.

NORTH-WESTERN UNIVERSITY.

This institution is represented as *virtually out of debt*, with a nett capital of \$319,000.

We are glad to learn that the Trustees still adhere to the policy heretofore announced, of keeping the expenses within the income. Ample provisions have been made for the present, by the Trustees, to supply the vacancies occasioned by the resignation of Dr. Foster and Prof. Godman.

We learn, with pleasure, of the election of Dr. E. O. Haven to the Presidency, and would most cordially join with the Trustees in earnestly soliciting the Doctor's acceptance.

There is a steady increase of students, and we regard the complete success of this noble enterprise as merely a matter of time. We would recommend the appointment of H. Crews as Trustee, in the place of H. Crews, whose term of office has expired. Visiting Committee: W. P. Gray and W. T. Harlow.

NORTH-WESTERN FEMALE COLLEGE.

A communication has been placed in our hands, from the Visiting Committee, which represents this institution as being in a very flourishing condition. Its halls are filled with students, many of whom have been happily converted to God during the past

year. The Visiting Committee highly commend the literary standing of this school, and we would recommend it to the sympathy and confidence of the brethren. The following persons are named in the communication as Trustees, and it is desired that this body elect them to that office, viz: J. W. Agard and E. M. Boring. We recommend as Visiting Committee to this institution the preachers in charge of Clark Street, Waukegan and Evanston, and the Presiding Elder of Chicago District.

ROCKFORD WESLEYAN SEMINARY.

This enterprise remains the same as at our last session. It is thought that the Trustees will be able to execute their plans in the establishment of a good Seminary at no distant period.

Your Committee would further recommend the appointment of J. C. Stoughton, as Agent of the Urbana Institute.

REPORT OF THE COMMITTEE ON SLAVERY.

The Committee on Slavery beg leave to present the following Report:

1st. With reference to the action of the late General Conference, your Committee deem it unnecessary to do more than to present for your action the following resolution:

Resolved, That we accept and indorse the report of the majority of the Committee of the General Conference on Slavery, and the New Chapter in the Discipline, as expressing the doctrine of the Church on that subject.

2d. Your Committee deem it advisable to call the attention of the Conference to the condition of brethren upon our Southern and South-western borders.

During a period of some fourteen years, and over a Territory extending along our Southern border from Maryland to Texas, our people have been compelled to suffer persecutions and indignities, which, had they occurred in Turkey or in China, would have aroused the indignation of the whole civilized world, and all christendom would have combined to prevent their recurrence.

Our congregations have been forcibly dispersed; our members have been driven from their homes—their property destroyed, and, in some instances, their lives have been taken. Our ministers have been banished and murdered. An Annual Conference, while engaged in religious services on the Sabbath, was rudely interrupted on the Holy Sabbath, and required to give a categorical answer as to whether they would leave, and notified that a failure to do so would involve serious consequences. And all these things have been done, not only without color of law, but in direct contravention of all law, both State and Federal; and all for the sole reason that they were members of the Methodist Episcopal Church.

It has, we think, been the confident expectation of the Church at large, that the quiet, unresisting, “non-intervention” position of our border brethren would eventually conquer the prejudices against them, and enable them to carry out their peaceful mission of “spreading Scriptural holiness over these lands,” without interruption. Recent events, however, and especially the abduction and reported murder of the venerable Rev. Anthony Bewly, and the banishment of a portion of his co-laborers from Texas, leaves us under the painful conviction that nothing is left us but quietly to submit to all the indignities that may be heaped upon us, or to seek that protection from the State and Federal authorities, to which, though hitherto withheld, we are, nevertheless, entitled under the Constitution and laws of our country. Your Committee need hesitate as to which course duty requires us to pursue. We therefore submit for your action the following resolutions:

Resolved, 1st, That we deeply sympathize with our border brethren in their afflictions, and will remember them in our prayers.

2d. That Rev. E. M. Boring, T. M. Eddy and W. F. Stewart be appointed a Committee of Correspondence, with similar Committees from sister Conferences, to devise and carry into execution the best method of securing to our brethren the protection guaranteed to the humblest citizen by the Constitution and laws of our country.

All of which is respectfully submitted.

E. STONE, *Secretary*.

G. L. S. STUFF, *Chairman*.

REPORT OF COMMITTEE ON SABBATH SCHOOLS.

Your Committee do not deem it necessary to make an elaborate report upon this subject. No one conversant with the history of this institution can longer doubt its utility as a means of giving religious instruction to the children among us.

We are gratified to learn that the Sabbath School spirit is still in the advance among us as a Conference, and hope the coming year to be as the former, and more abundantly.

To the excellent suggestions in your report last year, we take the liberty of suggesting another. The importance of Teachers' Institutes to the educational interests of the country, cannot have escaped your attention. May we not profitably introduce something similar among us? Such an Institute, conducted by our ablest Sabbath School educators, could not fail to elevate our standard and improve our system of religious culture.

Your Committee recommend the re-adoption of the following resolutions, copied from the Minutes of last year.

1. That our District Sunday School Committees for the ensuing year shall be composed as follows, viz: Of the Presiding Elder, as Chairman, and of the Preacher in Charge, and of the Sunday School Superintendent of the first-named station on each District; and that the Committees so composed be requested to call, at the earliest opportunity, a District Convention, at which other Conventions may be appointed, from time to time, in accordance with the repeated recommendations of the Sunday School Union.

2. That the Secretary be requested to ascertain the names of the brethren re-appointed, and publish them in the Minutes.

3. That we are gratified that the authorities of the Church have commenced the publication of a Teachers' Journal, and most heartily recommend it, in connection with the Sunday School Union and books of our Catalogue, to general patronage.

4. That it is due to ourselves and the best interests of the Church, that collections be early and promptly taken for the missionary work of Sunday Schools.

W. McKAIG, *Secretary.*

REPORT OF COMMITTEE ON BIBLE SOCIETY.

The enterprise of publishing the Word of God for the world, is one which must ever be dear to the christian heart. An interesting feature of this enterprise, is its happy combination of effort on the part of evangelical christians, of various denominations. This combination is well illustrated in the operations of the American Bible Society, with which our Church has cordially co-operated for the last twenty-four years.

An examination of the Report of the Bible Society for 1860, shows the receipts of that institution to have reached the handsome sum of \$435,956 during the year closing with March last. The larger part of this same, viz: \$240,448, accrued from the sale of Bibles. If to this sum be added \$12,391, proceeds of rents, and \$62,186, from legacies, the amount of actual donations from individuals and churches, only reaches the sum of \$120,630.24. This sum is small, in comparison with the objects and claims of such an institution.

The General Minutes of our Church report \$40,030 as actually contributed by our denomination during 1859. While we have reason to doubt whether the reports of the Minutes do full justice to our liberality in this cause, yet they place our Church in a very creditable position, and from them and other accessible data, we are enabled to conclude that about one-fourth of the actual donations to the American Bible Society and its auxiliaries comes from the Methodist Episcopal Church.

We are pleased to find from the report that the Society has not been unmindful of our denominational wants in the distribution of the Scriptures. It has appropriated to our various Foreign Missions to the amount of \$8,000, besides certain grants to our S. S. Union and Tract Society.

We are pleased to find that the Society continues to distribute gratuitously, when necessary, its issues in raised letters for the blind; and, also, that it is prosecuting, to some extent, measures for the enlargement of its operations in foreign countries.

The Annual Statement of the General Agent of the American Bible Society for Illinois shows that great system and activity are employed within our bounds and those

of our sister Conferences, both for the collection of funds and the supply of Scriptures by sales and distribution. It is to be hoped that, with the improving financial prospects of the country, greater liberality may be secured and larger results attained.

Without multiplying words in behalf of this familiar and cherished cause, we submit the following resolutions :

1. *Resolved*, That we will continue to manifest our interest in the objects and prosperity of the American Bible Society by cordially endeavoring to promote them within our several spheres of labor.

2. *Resolved*, That, inasmuch as the General Conference did not accede to our request to omit collections taken for this cause, we will return to our former practice and report hereafter, to the best of our ability, the amounts raised in our several charges for the American Bible Society.

3. *Resolved*, That as a plan of procedure in reporting Bible collections, we affirm the spirit of our resolution, passed with reference to this subject in 1858, viz : That we earnestly request the Collecting Agents of the Bible Societies to leave with the pastors of our several charges the amounts collected from the members of our Church and congregations, and that, in furtherance of this plan, we accept the proposition of Bro. Lord, General Agent of the Bible Society in Illinois, to furnish to country and local Agents blanks, requiring them to report to the several pastors the probable amounts contributed by their several congregations.

REPORT OF TRACT COMMITTEE.

The Tract Committee respectfully submit the following report :

We have the utmost confidence in the Tract cause as a means of extending a knowledge of the truths of the Gospel in the world, and we would urge its claims upon the Church in view of its past achievements, and its present prospects of continued success, for we are assured that eternity alone will reveal the amount of good it is destined to accomplish. We sincerely hope that the Church will not forget this auxiliary in the elevation and salvation of the human race, and we would recommend the re-adoption of the resolutions adopted at the last session of the Conference, viz :

1st. That the Tract collection be the first taken upon the several stations and circuits, so that tracts on revivals and on the other general interests may be early circulated, to increase the efficiency of the former and the amount of collections for the latter.

2d. That one-half of the money collected shall be expended for the distribution of tracts at home ; one-half of the remainder go to supply the German work in our own Conference, and the remainder to the general Treasurer.

3d. That the Presiding Elders be requested, at their first round of Quarterly Meetings, to see that these resolutions are carried out, if they should not have been before. All of which is respectfully submitted.

REPORT OF COMMITTEE ON TEMPERANCE.

Within the bounds of the R. R. Conference several organizations are engaged in promoting the cause of Temperance. The oldest and best known of these are the Sons of Temperance and the Good Templars. The Temperance Flying Artillery is a recent movement which grew out of street preaching in Chicago. It is emphatically missionary in its operations, spending its principal labors among those degraded and dissipated circles which are not reached by any other society. Its meetings are mostly held in the open air, and its congregations drawn together by the singing of temperance songs.

The Illinois Temperance Union is, perhaps the most important organization now in the field. It is designed to unite all the friends of temperance in laying a strong financial basis for extended operations. It is organized on the plan of our missionary and other benevolent societies, and secures its funds by annual subscriptions, life memberships and collections. Many of the first men of the State, of different parties and denominations, are identified with this movement. It contemplates the publication and distribution of a large amount of statistical and other information in the form of tracts ; also, the employment of the best lecturing talent in the country, and the use of every means by which the people may be educated in the principles and practice of

temperance. This organization recognizes and honors the Church and its ministry, and courts intimate association. It comes asking to be adopted by the Church, and placed along side of its Bible, Tract, and other Benevolent Societies.

It would be difficult for us to turn away from such a plea. The cause of Temperance and the cause of Christianity are intimately associated in principle. The vitality of the Temperance Reform is found in its relation to the Gospel. It is a part of the great movement of Christianity, and as such, should enter into the permanent plans and become part of the economy of the Church in her great work of saving the world. As this movement is legitimately a part of her work, so should it be intimately associated with her. We fear, however, that the addition of another to the already large list of causes that require to be brought before our congregation for annual contributions, would not be wise at this time. The end aimed at, however, of intimate association and co-operation, may be secured, perhaps, as efficiently in another way. We may encourage the Agents of the Union in this work and give them access to our people, and exhort our people to identify themselves with it in their labors and contributions.

We would, therefore, recommend the following resolutions for adoption :

Resolved, That while we co-operate with every temperance movement founded upon the principles of the Gospel, we regard the Illinois Temperance Union as specially worthy of the confidence of all the friends of the cause, and we would affectionately recommend our people to become contributors to its funds and laborers in the carrying out of its plans.

2d. That we recommend each pastor to preach at least one temperance sermon at each of his appointments, during the coming year, and to assist in maintaining or getting up such temperance organizations as seem best adapted to the class and condition in which they labor.

3d. That we will urge upon our people the impropriety of selling grain to brewers and distillers, or of renting their tenements to be used as lager beer saloons or places of selling any kind of intoxicating drinks.

REPORT OF COMMITTEE ON MINUTES.

The Committee on the Publication of Minutes offer the following :

We find that the Conference is indebted to Wm. M. Doughty to the amount of \$77.25 for the publication of our Minutes, including the cost of 270 copies remaining from the 1,000 published last year.

The publication of 500 copies, the present year, by the aid of advertisements, cannot cost less than \$60, making a total of \$137.25, which it is necessary for us to raise at once.

Your Committee believe, that, in a Conference of 175 Ministers, with 287 Local Preachers and 22,260 Members, an edition of 1,000 copies is not too large, if the right method of circulation is adopted.

The more general distribution of this pamphlet would increase the interest of the people in our annual proceedings, and secure their more intelligent and hearty co-operation in all the departments of our work.

We have reason to fear that many, even of our leading laymen, do not secure copies of the Annual Minutes. The ministers are unable to furnish them to the churches gratuitously, yet are often compelled to do this, if they are circulated at all. We purchase in large quantities, and pay for them in advance, but must dispose of them by the single copy; and, owing to the trifling cost of each one, through the carelessness and forgetfulness of individuals, and the want of interest in them by the people, we get nothing for those we sell, and are compelled to give the rest away. The people do not appreciate the publication; they do not understand, generally, that it contains a report of their own church interests; that it represents the actual condition of Methodism in the whole Conference, and the careful deliberations of their own ministry upon the various temporal and spiritual interests of the Church.

We offer, therefore, the following resolutions :

Resolved, 1st, That we will, in our official meetings, and from the pulpit, direct the attention of our people to the Minutes, and urge upon them (especially upon our probationers and young members) the importance of aiding, by purchase, in their annual publication, and acquainting themselves with the doings of our Annual Conference.

2d. That, to provide for the publication of our Minutes for 1861, we adopt the following plan: Let the Presiding Elder at the last yearly Conference, on each charge, endeavor to secure from each official member a subscription (prepaid) for one or more copies of the Minutes of the approaching Annual Conference.

3d. That, to meet our present liabilities, and the expenses of the next issue, the roll of the Conference be called, each member making such contribution as he sees proper, and stating the number of Minutes for 1860 he will purchase; such contributions and subscriptions to be paid at once, and the size of our next edition to be determined by the present subscription.

REPORT OF COMMITTEE IN CASE OF P. JUDSON.

The Committee in the case of Bro. Judson submit the following report: That, after hearing the statements of Bro. Ross and Bro. Judson, and after duly considering the matters of dispute between them, and Bro. Ross declining to make a formal complaint, we do not find sufficient in the matters presented to us to arrest the character of Bro. Judson, and move that his character pass.

JAMES R. GOODRICH, *Chairman of Com.*

REPORT OF COMMITTEE IN CASE OF A. CROSS.

Your Committee beg leave to report on the administration of Bro. A. Cross, that they have carefully considered the facts in the case in the light of the very imperfect evidence accompanying them. The charge against Bro. Cross was for mal-administration in dismissing from the Church two members against their wishes. The evidence shows that, though they were severed from the Church, against their remonstrance at the particular time of its occurrence, yet it was in accordance with their expressed wishes a week or two previously.

It is our opinion that the speciality of the circumstances shield Bro. C. from censure; but that in all such cases disciplinary process, by a regular trial, should be adopted. Therefore,

Resolved, 1st, That, though no minister can dismiss or drop a member, or regard him withdrawn, without his express request, yet, as in this case, such a request had been previously made, the remonstrance of the dismissed party at the time they were pronounced dismissed, does not impugn the administration of the minister.

2d. *Resolved*, That in all ordinary cases, where any doubt remains as to the request of a disorderly member to withdraw, the minister should dispose of his case in a disciplinary manner, by charge and trial.

All of which is respectfully submitted.

J. DEMPSTER, *Chairman.*

REPORT OF COMMITTEE ON MEMOIRS.

MEMOIR OF REV. C. A. ROE.

Rev. Charles A. Roe died of pulmonary consumption, in Butler, Wayne county, N. Y., September, 27th, aged thirty-three years.

Bro. Roe was the son of Austin and Sarah Roe, of Butler, N. Y. From his parents he received the elements of a sound religious education, which resulted in his early conversion. At the age of nineteen he was clearly convinced that God had called him to the work of the gospel ministry.

In September, 1853, he was received on probation in the R. R. Conference, from which he received the following appointments: Lockport in 1853, Crete in 1854, Hickory Creek in 1855, and Freedom in 1856. After traveling a few months on the last named work, his health failed, and at the Conference of 1857 he was placed in a superannuated relation, which relation he sustained until called to his reward.

Bro. Roe, as a man, was greatly beloved; as a husband and father, kind and affectionate; as a Christian, his piety was deep and ardent, and he gave good evidence of a heart filled with perfect love. As a minister, he was faithful and useful—a man of one work.

He died in great peace, shouting victory with his expiring breath.

MEMOIR OF REV. ULRICH VON GUNDEN.

Rev. Ulrich Von Gunden was born in Switzerland, the 3d of July, 1828, and came to this country at twelve years of age. Some years after, he used to go to the Methodist Church in Toledo, Ohio, to learn the English language, where, under the preaching of Rev. Bro. Waters, he was convinced of his lost condition. His timidity, however, kept him from joining the church, or telling anybody of his melancholy state. About this time, Bro. Riemen Schneider (Missionary to Germany) came to Toledo, and found Bro. Von Gunden. Great was his joy to find a man of God speaking his own language. His convictions deepened, so that he was, for two weeks, unable to work. Tears were his food, until he found peace through faith in the Lord Jesus Christ.

His activity in his Master's cause, soon convinced his brethren that the Lord had a work for him to do in the ministry. He was, accordingly, in 1854, licensed to preach, and in 1855 sent to Rock Island to begin a new mission circuit. He succeeded in gathering a small society in Rock Island, also one in Geneseo, and in building churches in both places. He was received into the R. R. Conference in 1856. In 1857 he was sent to Davenport to lay the foundation of a new mission there. Although difficulties thickened around him, he succeeded in building up a small society, and a church large enough for the ingathering of hundreds of the thousands of Germans in that place. He worked hard in superintending the building, visiting from house to house, and doing all the work of a faithful missionary of the Church and servant of Jesus Christ. In all kinds of weather he was to be seen walking the streets of Davenport, with tracts, inviting sinners to Christ. In the evening he would hold meetings, and after that he would study till midnight, so as to lose no time in his daily labors. The amount of essays, sketches, &c., he wrote in four years was astonishing. His presiding elder and brethren often warned him to cease for a while, as he would shorten his life by his unceasing labors, but his answer generally was: "My time is short; if I want to be of any use to my Master, I must bestir myself." He had a presentiment that that dread disease, consumption, which was hereditary in his family, would claim him as its victim: and his presentiment proved to be true.

In the summer of 1859 the first symptoms of the disease began to show themselves; but he worked on, while he at the same time used all that the healing art could do for him. One year ago this Conference, he was at Galena, on a visit to his brethren in the ministry for the last time. He came back, in a dying state, to Davenport, in full reliance on his Savior, where, on the Sabbath day, the 13th of November, 1859, at

ten o'clock,—just at the hour he used to ascend the pulpit to proclaim the love of Christ to dying sinners,—he ascended, in great peace and joy to the bosom of his Savior. He is now at home, and rests from his labors, and his works do follow him. Let us try to imitate his zeal and his virtues and share in his glorious reward.

MEMOIR OF REV. HENRY C. BLACKWELL.

He was the son of pious parents, born in the town of St. Genevieve, Missouri, Dec. 21st, 1824. In 1838 he was apprenticed to Messrs. Chambers, Harris & Knapp, proprietors of the Missouri Republican, and remained with them until 1840, at which time he abandoned the printing business, and apprenticed himself to a cabinet maker in St. Louis. In a few months after, he left him and went to Quincy, where he remained a short time, and then returned to his mother. In 1845 he was engaged as a compositor in the office of the Illinois State Register. In 1846 he was engaged in the office of the Illinois Gazette, at Beardstown, and while there was happily converted to God.

Upon asking the question, "Lord, what wouldst thou have me to do?" he was made to feel that he was called of God to preach the Gospel to his fellow men. After zealously prosecuting his studies in Old McKendree, in 1851 he was admitted on trial in the Illinois Conference. In 1852 he became a member of the Southern Illinois Conference.

In 1854, in consequence of failing health, he was granted a superannuated relation, which he retained until 1857, when he was transferred to the Rock River Conference, made effective, and stationed at Fulton City. Finding himself unable to perform effective service, in 1858 he was again superannuated, which relation he retained until he died. He was drowned in the Kaskasie River, on the 19th of July, 1860, how, it is not known.

Bro. Blackwell was a Christian gentleman, modest and retiring in his manners, a devoted, self-sacrificing minister, and, though he died suddenly and alone, we doubt not is now numbered with the heirs of salvation.

REPORT OF THE COMMITTEE ON EDUCATION.

Your Committee on EDUCATION beg leave to report :

Though for a few years past no accession has been made to the number of our literary institutions within this Conference, the existing ones have remarkably retained their vigor under the crushing pressure of the times. Our people and ministry have evinced an unwasting interest in this great enterprise. Overwhelming as is the social pressure arising from the foul rebellion, it has failed to uproot the conviction of the Church that Education is one of God's instruments to subdue the race of man to the dominion of His Son. It is among the most cherished hopes of the Conference that, just as is the claims of the martial field upon our youth, it may not vacate our halls of learning, and that, deranged as are the finances of the country, parents will not withhold support from the education of their children.

GARRETT BIBLICAL INSTITUTE.

The GARRETT BIBLICAL INSTITUTE has operated with its wonted vigor during the current year. It has not merely exceeded its former self in the number of its inmates, but very far in their maturer preparation for the utmost benefit of its course. The class about to graduate outnumbers by more than one-half that of any former year. The Institute parts with nearly a score of its members this year to enter upon the itinerant field, several of whom have already received their appointments. It is the unceasing care of the Faculty not merely to discipline the manly powers of their pupils, but to imbue them with those *fundamental* truths of revelation which underlie all practical and experimental Christianity. A critical acquaintance with the original languages of the scriptures—with the rules of interpreting those oracles and with the vital relations binding together the parts of theology into a *system*—the great principles of psychology fundamental to natural theology—the history of the church, which exhibits the fortunes of Christianity amid all the social phases of the race—to these and numerous involved topics the attention of our young men is steadily directed. Nor is there a prominent error of the past or present against which they are not argumentatively fortified. Such are the concomitants of these instructions as to advance the culture of the heart with the discipline of the head, and thus meet the growing demands for an intelligent pulpit, and the moral cravings for a burning zeal.

In view of the distinguished advantages of this Institution, it is the decided judgment of your committee that this Conference advise all young men proposing to enter it to take a previous drilling in those sacred halls. The salubrity of the location continues to be vindicated by the almost uninterrupted health of the Students and the Faculty. Many of the Students have, on every Sabbath, in the outskirts of Chicago, in the neighboring camps and in contiguous regions, been in labors abundant, evincing the harmony of earnest practical effort with an institutional course of study.

In the midst of this internal prosperity of the Institute, however, the Trustees regret the diminution of its income, and the unavoidable reduction of the Professors' support. Still, they are assured that this will not diminish the labors of the Faculty, or impair the completeness of the course. It may indeed slightly enhance the price of board, but not to an extent which will materially increase the expense of living.

The Institute congratulates itself on the acceptance of Bishop Simpson of its Presidency, to which he was long ago unanimously elected. His counsel and co-operation will be invaluable

to the Faculty. Nor will his advice to candidates for the Itineracy in the large compass of his episcopal duties be less important.

The Trustees request the appointment of Revs. J. Dempster and D. P. Kidder again to their Professorships. As the terms of Trustee office now expire of P. Judson, L. Hitchcock and O. Lunt, the Conference is requested to fill their seats by Dr. Eddy, H. Crews and O. Lunt.

The Students, who are now arranged in better order than ever before, form four classes, viz :

In the Senior Class.....	17
" " Middle Class.....	16
" " Junior Class.....	29
" " Preparatory.....	23
	85

All of which is respectfully submitted.

J. DEMPSTER,
Chairman.

ROCK RIVER SEMINARY.

The Trustees represent this Institution as in a prosperous condition. The present Academic year has opened with an increase in the number of Students. The course of instruction remains the same as when last reported. An effort is being made to relieve it from financial embarrassment. The Trustees of the North-Western University have generously relinquished their claim on conditions hereafter to be arranged. Many private creditors have kindly consented to do the same. By these means the amount of indebtedness is reduced to about seven thousand dollars. At the proper time the Trustees design to make an appeal to the friends of the Seminary for the cancellation of the indebtedness, and for placing it upon a more extended basis of operation than it has yet occupied, confident that the Church cannot afford to suffer so efficient an ally to be crippled by so small a debt.

They recommend the appointment of W. T. Harlow as Principal, and that D. A. Potter, Elias Baker and Rev. S. G. Lathrop be appointed as Trustees in place of D. A. Potter, Elias Baker and Rev. J. W. Agard, whose term of office now expires, and that John V. Farwell be appointed to fill the vacancy occasioned by the resignation of F. B. Brayton. They also recommend the appointment of ministering brethren to be stationed in Lane, Freeport and West Rockford, and the Presiding Elders of Mt. Morris and Galena Districts as Visitors. They further recommend the appointment of Rev. S. G. Lathrop as Agent for the ensuing year.

NORTH WESTERN UNIVERSITY.

We are glad to learn that this Institution is increasing in patronage and usefulness—that the high moral, religious, and literary aims of the Students are marked and gratifying. Its finances are represented to be in a healthy state—its revenue completely covering its current expenses, and preserving its principal fund intact. This Institution, which has never cost the Conference one cent, and which embraces in its studies a complete University course, certainly deserves the confidence and hearty support of the Church and the country.

To conform to the present Charter of the University we recommend the Conference to declare the offices of her four present Trustees vacant, and elect to fill their places Rev. W. F. Stewart for one year, and Rev. H. Crews for two years.

Resolved, That the Conference request the Bishop to appoint Warren Taplin Tutor to the North Western University.

CLARK SEMINARY AND AURORA INSTITUTE.

During the past year this Institution has enjoyed a good degree of prosperity. The average attendance has been nearly two hundred, about the same as the year before. It has been favored with an excellent class of Students, manly in deportment, attentive to study, and many of them quite mature in scholarship. Good religious influences have prevailed, conversions have occurred from time to time. The entire Faculty are persons of piety and members of our Church, and are well fitted by scholarship and experience for the work assigned them.

At the meeting of the Joint Board of Trustees, and Conference visitors, after the annual examinations in June last, resolutions were passed approving the labors of the Faculty, the general management of the Institution, and warmly commending them to the sympathies of the ministry and membership of our church.

At the present our school is suffering in consequence of many of its students having entered the service of our country. We would urge on our brethren of this Conference the importance of using their influence to direct the attention of our youth to this Institution.

We recommend the appointment of G. W. Quereau, as Principal; J. C. Stoughton, as Agent; S. P. Keyes, W. P. Gray, R. K. Bibbins, C. French, and the preacher stationed at Plainfield, as the Visiting Committee for the ensuing year.

ROCKFORD WESLEYAN SEMINARY.

This enterprise remains the same as at our last session.

NORTHWESTERN FEMALE COLLEGE.

The Examining Committee, appointed by the Conference, report that they attended to the duty assigned them, and were gratified by the order and efficiency of the domestic arrangements, by the thoroughness of the examinations, and the proficiency of the pupils, as well as by the superior character of the Commencement Exercises. Its Course of Study, its thorough rules of discipline, and its reputation in the community, commend it to the patronage of the Church.

The Trustees nominate to Conference for re-election as one of 1st Conference Class of Trustees, Rev. D. P. Kidder, D. D.; and for election as the other member of said Class, Rev. T. M. Eddy, D. D.

The following are recommended as Visiting Committee: The preachers in charge of Wabash Avenue, Waukegan, and Evanston, and the Presiding Elder of Chicago District.

REPORT OF THE COMMITTEE ON THE STATE OF THE UNION.

We find the state of the country to be that of actual open war, upon a scale of astonishing magnitude; a war in which a million of men are, or soon will be engaged; a war in which those who recently were friends are now confronted as foemen; in which brother rises up against brother, father against son; a war which provokes the most malignant hatred, and involves the most stupendous outlays known to modern history.

We look for the causes of all this. A portion of the States of this Union have claimed the right of secession as one to be exercised at pleasure. This political heresy was unknown in the earlier and purer days of our Republic—is not even hinted at in our Constitution, and is too monstrous to be received for a single hour. This was designed by our Fathers to be a Government—a strong Government—yet not an oppressive one. We must keep it such. Others justify the rebellion of the Southern States upon the right of revolution. We can never deny *that* right, but it is only justifiable under great evils for which all legal remedies have been sought in vain. Was this the case? Had there been any interference with the freedom of the Southern conscience? Had we forced upon them a religion they could not receive? Had we interfered with the freedom of education? Had the freedom to speak, to write, or print, been infringed or limited? Had there been any taxation without representation? Had the basis of representation been changed? Had we said that what they claimed as *property* should no longer be counted in the basis of representation? Had we interfered with the peculiar institution of the South? Had we failed to execute the laws of Congress, or to maintain the provisions of the Constitution? Had any law been enacted of which the Seceded States complained, and against which they had protested? The historian will answer all these questions in the negative, and yet the attempt is made to justify this rebellion as revolution! We protest against the perversion of the term!

The truth is, this wicked rebellion has been caused by American Slavery, which has grown vain, and vaunting itself determined that its area should be extended, its power augmented, its supremacy acknowledged, and that *it* instead of Freedom should be the great fact of this nation! It demanded that the conscience of the nation should be silent before its iniquities. It demanded that the majority of this Government should be governed by the minority; and these demands refused, it rudely attempted to sever the bonds which bound this Union, and plunged it at once into civil war.

What shall be done? We have but one answer. Civil Government is a Divine Institution, and to our care is it committed in its best and most beneficent form. We must preserve it and transmit it. We must not permit it to be destroyed or perverted in our hands.

War is an evil, the magnitude of which we do not attempt to conceal or diminish, but the loss of honor and truth, the overthrow of civil government, the dismemberment of this Re-

public, and the failure of a Government by the people and the triumph of anarchy, are evils immeasurably greater. As Christians, as Christian Ministers, we can only say this rebellion *must* be subdued; the Constitution must be maintained; the laws must be enforced; "the Union must and shall be preserved." We say this for humanity, which watches the results of this experiment; we say this for the sake of our children, to whom we must leave a nationality and a home, such as our fathers left us; we say it in behalf of the development of the great plans apparent in the dealings of God with us; we say it in behalf of our free Christianity.

We think it well that our Chief Executive ordered by proclamation, a day of national prayer and humiliation. Prayer ever becomes dependents, and surely humiliation was demanded. We had sinned. We had almost forgotten God in our materialized philosophy and haste to be rich. Statesmanship had been degraded into political trickery. Commercial morals had become corrupted. Profanity, Sabbath-breaking, and usury had become fearfully prevalent. In almost every State intemperance had been legalized, and the price of its devastations counted into the Treasury; and then the cry of 4,000,000 of human beings, for whom Christ died, ascended daily against us. Verily we had sinned and deserved chastisement, and it became us to humble ourselves before God. Well will it be if it shall appear that we heard the words of God, and heeded them. "Is not this the fast that I have chosen, to loose the bands of wickedness, to undo the heavy burdens, and to let the oppressed go free, and that ye break every yoke?" But for American Slavery, would this war have existed? But for this would we not dwell in peace to-day? Most unquestionably. Now that its friends have gone to the sword, can we hope for peace while it exists? Nay, verily. It has taken the sword, let it perish by the sword.

This war is not waged by the Government for the overthrow of Slavery. By no means. It is waged for the maintenance of the Union—for the Constitution and the Laws. But the question it would ignore cannot be hushed. It meets each Regiment it starts up after each victory; it confronts with stern questions each General. It must be met. Mere confiscation does not meet it, for that makes slaves our property and not theirs; and the United States must not be a great slaveholder. It will have to be met as the hardy "Pathfinder" met it in his proclamation, which rang like the shout of an angel, "their Slaves, if they have any, are FREE MEN!" It cannot much longer seem military wisdom to keep 4,000,000 of men and women at work to feed the men who bombarded Sumter, and who to-day threaten our National Capital.

Let the rights of loyal men under the Constitution be maintained to the letter. Let them suffer no wrong at our hands; but let us not be compelled to degrade our sons and brothers unto slave catchers for traitors; and let us not require them to shed their blood to maintain the right of traitors in arms to own human souls. And if peace cannot be secured without the destruction of the whole slave system, if only that can end the war, we beseech our Government not to have scruples about securing such an end by such means.

We deem it our duty to animadvert upon the reprehensible freedom with which our leaders are denounced. If there is well-proven incompetency, let it be condemned; but let us not weaken our own cause by laying hold of half-known facts, which may prove *no* facts, to censure brave men whose lives are daily perilled for us. Let detraction and abuse be the last returns made our brave soldiery.

In conclusion, we present these resolutions:

1st. *Resolved*, That it is the duty of all to stand openly by our Government in this hour of its trial, and that we pledge it our active sympathy and co-operation.

2d. *Resolved*, That we have heard with gratitude of the firm and loyal position of the brethren in our Church along the border, and rejoice that they have been in a position to do so much for the Union while so loyal to Methodism, and that we invoke the Divine blessing upon them.

3d. *Resolved*, That we have read with much pleasure the General Order of Gen. McClellan, enforcing the sanctity of the Sabbath, and that we recommend most earnestly that the example be followed by commanders in each division of our army.

4th. *Resolved*, That we hail with pleasure the action of the Government in providing each Regiment with a Chaplain for the religious and moral culture of our troops, and that we respectfully urge upon those having charge of such appointments to select men of approved character and ability, who will be the friends and pastors of the soldiers, and whose example as well as precepts will be beneficial.

5th. *Resolved*, That in the case of members of this body who enter the service as Chaplains in the army, we promise to remember them in our prayers, and should they fall in the service, will make their families our special care.

6th. *Resolved*, That when our members enter the volunteer service, their names should be preserved in our records of membership, giving them letters testimonial of their standing.

7th. *Resolved*, That we will remember in our private, social, and public prayers the state of our Country, our Rulers, our Congress, and our Army and Navy.

T. M. EDDY, *Chairman*.

REPORT OF THE COMMITTEE ON SUNDAY SCHOOLS.

The Committee on Sunday Schools present for consideration and adoption the following resolutions:

1st. *Resolved*, That we re-adopt the following resolutions, adopted last year, that our District Sunday School Committees for the ensuing year shall be composed as follows, viz: Of the Presiding Elder as Chairman, and of the Preacher in charge, and of the Sunday School Superintendent of the first named station on each District; and that the Committees so composed be requested to call, at the earliest opportunity, a District Convention, at which other Conventions may be appointed from time to time in accordance with the repeated recommendations of the Sunday School Union.

2d. *Resolved*, That we commend to the attention of our Sunday Schools the new graduated series of Text Books, and recommend their introduction into our Schools.

3d. *Resolved*, That we will endeavor to place the Sunday School Teachers' Journal in the hands of every Officer and Teacher connected with our Schools in the bounds of this Conference.

R. K. BIBB'S, *Chairman*.

W. P. GRAY, *Secretary*.

REPORT OF THE COMMITTEE ON BIBLE CAUSE.

The Committee on the Bible Cause beg leave to present the following report:

The whole amount of money reported this year is as follows:

Paid to Agents,-----	\$2,526 49
Cash paid commission,-----	22 63
Total,-----	\$2,549 12
Amount reported last year,-----	675 93
Net increase this year,-----	\$1,873 19

These figures are not designed to show that we, as a Conference, have actually collected four times as much for the Bible cause the past year as was collected the year previous, for this is not true. They are given merely as an encouraging indication that a plan has finally been adopted by which we are enabled to arrive at far greater accuracy in the reports of our contributions for this cause than ever before, and farther, to show the desirableness of continuing the use of a plan which has worked so well.

But though the large increase shown is owing mostly to the fact of our former failure to report, yet your Committee believe that there is nevertheless a handsome increase in the amount actually raised during the past year over the preceding. Still there is reason to believe that this increase is not equal to the increased demand upon the Society for Bibles and Testaments to supply the wants of our patriotic soldiers, and the active co-operation of the members of this Conference will be necessary to meet this demand.

Your Committee present, for the action of the Conference, the following resolutions:

Resolved, That the Rock River Conference hereby renews its assurance of confidence in, and its pledge of sympathy and co-operation with the American Bible Society and its Auxiliaries and Branches.

Resolved, That we will endeavor to increase the contributions to the Society during the coming year within our several charges, in proportion to the extra demand upon it for the supply of the army.

E. STONE, *Secretary*.

REPORT OF TRACT COMMITTEE.

While under the Divine Spirit the chief forces of influence in the World's regeneration are the Bible and the Ministry of the Word, we would not forget that the humbler Tract, in narrative style, or with its brief, concise, and familiarly illustrated truths, has often found its way to the hearts of the most degraded, and given the first impulse to a noble, moral elevation, where business cares and poverty have closed all doors of access to personal appeal or to more elaborate productions. We believe that God has thus set his seal of approbation upon the Tract enterprise; and that it is worthy of a place in our affections and labors by the side of our other commonly recognized benevolent agencies. It also is our conviction that the need of our armies for religious reading furnishes a reason for increased activity in this cause. Let the Church but do its duty in distributing these Tracts among our soldiers, and eternity alone can reveal their full value in checking vice, comforting in pain and death, or in paving the way to a bright career of usefulness.

In view of these considerations, and also of the fact that our Treasury, being in a depleted condition, the former usage of returning one-half the amount of our collections in Tracts, etc., is annulled; but that instead of this, the Parent Society offer ten copies of the "*Good News*" gratuitously to every appointment in the connection which has taken, or will pledge itself to take, a collection during the current year, and remit the sum to its Treasurer; and also that it proposes to make grants of Tracts, or of the "*Good News*" to all needy applicants, (preference being given to those whose collections have been made,) we move the adoption of the following resolutions:

1st. That we will take up a Tract collection in all our charges at as early a date as practicable, to meet the demands of our Treasury, and to supply our people with efficient reading on the subject of revivals and of other benevolent enterprises.

2d. That we will raise funds wherever practicable for the purchase of Tract publications for our armies.

3d. That in view of our German brethren throughout this Conference not having received their full quota of Tracts heretofore, they be authorized to withhold, for the purchase of Tracts, the full amounts of their respective contributions.

4th. That the Presiding Elders be requested, at their first round of Quarterly Meetings, to see that the above resolutions are carried out.

T. L. OLMSTED, *Chairman.*

TREASURER'S REPORT OF ROCK RIVER TRACT SOCIETY.

Cash sent on and expended on the various Charges,.....	57 24

Total of cash and reports,.....	\$157 84
---------------------------------	----------

In accordance with our last year's resolution, one-half the cash has been paid to the German work within the bounds of this Conference, the remainder to Wm. M. Doughty.

All of which is respectfully submitted,

Freeport, Oct. 7th, 1861.

REPORT OF COMMITTEE ON TEMPERANCE.

Your Committee are pleased to report that much has been done during the last year for the promotion of Temperance within the bounds of the Rock River Conference. And yet the efforts put forth are not commensurate with the magnitude of the evil.

Recently the increase of Intemperance has been marked and lamentable among the officers and soldiers of the army, and hence the demand, not only for increased but peculiar effort, in order to save our soldiers from contracting habits that shall make them social pests in case they survive the conflict into which they have entered.

The Illinois Temperance Union merits commendation from this body for its timely and continuous efforts in this important field. By the report of its Secretary, before us, we learn that

"the perilous times upon which we have fallen have materially curtailed the means of the Union for the prosecution of its plans for the promotion of the cause of Temperance." It is hoped, however, that this organization, so auspiciously made, may become very efficient and useful in these times of national and social peril, and that the "Illinois Temperance Journal," now so competently managed, may receive our individual support and commendation.

Your Committee would call the attention of the Brethren to the necessity of giving direct countenance and aid to the adoption of such measures as shall most effectually do away with Intemperance in their respective fields of labor, and would further invite the attention of the Chaplains and Officers of the army to the propriety of devising some practical measures by which lectures may be delivered, the "Temperance Journal" or other suitable temperance reading distributed in the various regiments of the State.

We call the especial attention of each section of the State to the importance of concerted action in this matter, lest the young men who have gone from them with correct principles and conduct return besotted and ruined.

We ask the adoption of the following resolutions:

1st. *Resolved*, That we will aid in every way possible the Illinois Temperance Union, in the prosecution of its noble work.

2d. *Resolved*, That we will do all in our power to remedy this potent source of demoralization among our soldiers.

3d. *Resolved*, That each Pastor be requested to preach one Temperance Sermon to his people during the year, and strongly, and yet kindly, condemn the selling of grain to brewers and distillers, or the renting of buildings for places of vending malt or spirituous liquors.

Z. D. PADDOCK,
GEO. LOVESEE.

REPORT OF COMMITTEE ON LAY DELEGATION.

The Committee on Lay Delegation beg leave to report :

The discussion of this subject at the late General Conference developed a difference of opinion on these two points: 1st. Whether a change of our ecclesiastical economy in this respect would result in increased efficiency ; and 2d. Whether the majority of the Church approve of or desire such change.

To ascertain the real sentiment of the whole Church, the General Conference ordered that the subject be submitted for a vote, first of the Laity, and second of the traveling Preachers. In accordance with that order the subject will be submitted to the members within the bounds of this Conference during the present Conference year, and to a vote of the Preachers at the next Annual Session of the Conference.

The matter, therefore, being now specially referred to the Laity, we think it proper to leave it in their hands unembarrassed by any expression of opinion upon our part.

The Committee would recommend: 1st. That the vote be taken not sooner than the month of May. 2d. That each Preacher in charge report, not only the number of votes for or against Lay Delegation, but also the entire number of persons in the charge eligible to vote.

Respectfully submitted,

W. F. STEWART, *Chairman*.

C. BROOKINS, *Secretary*.

REPORT OF COMMITTEE ON MEMOIRS.

MEMOIR OF REV. C. P. BRAGDON.

CHARLES P. BRAGDON was born at Acton, Maine, Sept. 9, 1808. He there resided with his parents till he was ten years of age, when the family settled in Oswego County, N. Y. At the age of twenty-two he was converted, and two years later he entered on a course of study for the Christian ministry, in the Cazenovia Seminary. While in that Institution, Brother BRAGDON was a very devoted Christian, and one of the most loved of the student community. He received license to preach at Cazenovia, joined the Maine Conference in 1834, and continued there in labors very abundant and successful for about ten years, when his health utterly failed by a distressing lung difficulty. His Conference returned him superannuated, during which relation he resided with his family chiefly in Auburn, N. Y., for several years, engaging in the outposts of labor there as much as his strength would allow, but otherwise supporting his family by the book trade—a temporary depository of our Book Concern publications being located there. His health being fully recruited, he again entered on effective ministerial work in the New England Conference, and was stationed in Springfield, Mass. Former symptoms appearing, he resolved to exchange climates, came West, and received his appointment at Rock River Conference in 1855 for Waukegan. His fields of pastoral labor in the Maine Conference were East Thomaston, Winthrop, Brunswick, Alfred, Hallowell, Skowhegan and Kennebunk-Port; in the West they have been Waukegan, Aurora, and Evanston. With occasional failing health, he was able to preach and prosecute pastoral labor up to the summer months of the past year. Hoping benefit from change of air and temporary rest, he visited the scenes of his former labors during the summer of 1860, and returned after two or three months' absence, with renewed hope that God would yet give him many years of successful work as a Christian pastor.—But God's ways are not as our ways. Before the session of our last Conference his strength had again declined so that he was unable to be present, and could only receive a nominal appointment. For several months his recovery seemed to fluctuate between hope and fear, until the 8th of January last, when he quietly passed from time into eternity.

The decisive character of his Christian experience during the last period of his life was beautifully illustrated by a remark of his own, addressed in faint whispers to the Rev. E. M. Boring, who, with Father Sinclair, visited and prayed with him not long prior to his decease.

He said, "I do not know how it will go with me, whether I shall live or die. I am ready for any event. I am perfectly willing for the Lord to do with me as seems to him best. I would not, if I could, change his purpose. You remember at Sebastopol there was a fortress called Malakoff, which the Russians thought to be impregnable; but the French and English engineers detected a flaw in the wall, and directed their batteries against the weak point, and it fell. Now they are building it again under the direction of English engineers, so that it will be impregnable. I feel that Christ is the Malakoff of my soul."

It is not easy in few words to do justice to the Christian and ministerial character of such a man as was Brother BRAGDON. His ability as a theologian and a preacher was far above the ordinary, and his diligence and faithfulness were untiring. He had a character of what may be called great *ethical* strength. The moral feeling in him rose to a height not usual to be seen in men. He had, as a basis for it, strong powers of mind, and he was capable of grasping strong subjects; but before penetrating the inner thought or evolving every relation of those subjects, his tendency seemed involuntarily to wrap them all about with the moral element.

He was a man of great conscientiousness, regulating the matters of his own life by the rule of the strictest rectitude, and, on occasions which he thought to be proper, exacting the same of others. We seldom meet a man of milder aspect or with a more benevolent spirit among his people and friends. A more pleasant companion could not be desired; but then, he was firm in principle as the pillars of heaven. In his pastoral intercourse he carried a peaceful air, was tender in rebuke, and sympathizing in trouble, aiming ever to elevate the spiritual standard of his flock.

In business details connected with pastoral life and the work of annual conferences, he was direct and prompt, but quiet and efficient. As a private man he needed only to be known to be desired as a bosom friend. His fidelity to his friends was not to be shaken under any circumstances. A stranger might take him to be stern and unfeeling till he should meet him in friendly intercourse, or in the sanctuary of his family. This first impression arose usually when his features were in repose, and not lighted up by the deep good will of his nature—for his features in repose spoke out the uncompromising moral character of the man. One could see in his very countenance that he loved the right because it was the right; that he was fearless in duty though it called for the severance of his right arm; and that he was a man to do his duty *under all circumstances*, without hoping for a reward or caring for consequences. But in private life he was not obtrusive of this. It was his expression and general bearing only that might be an index to this view of him.

It was in the pulpit that he often deemed it his proper occasion to thunder forth the exactitudes of the Divine law. He then seemed another man. He seemed like one of the old prophets risen again with the commission of God to deplore the desolations of Zion and to denounce the sin of the people, urging the alternative of penitence or peril. Many mistook this for unnecessary severity. The mistake was in not fully *knowing* this ambassador of God. They did not see that he forgot that he was anything; that God's honor was to him everything; and that the deep ethical spirit within him rose to indignation that God's honor and claims should be so flagrantly violated. His mind ranged amid great practical truths. He would invest some of them with the highest moral significance, then hurl them to his hearers in their bulkiness for their immediate embrace.

But it was not Sinai alone that he pictured to his hearers. No sermon, nor exhortation, nor prayer escaped him in which his soul did not melt within him in view of Calvary. For it was there that his strong ethical, judicial feeling against his own sin and the sins of the world was only to be met and satisfied. He gloried in nothing so much as in the gospel of the cross; and how glowingly and impressively he offered this to his auditories, thousands in the East and West can joyfully testify.

Brother BRAGDON has left behind him an interesting family: a widow and five children.—While these loved ones can never fail to be profited by the conscientious example and the faithful instructions of the departed, they deserve and will no doubt receive the cordial sympathy of the Church in so great a bereavement.

At the time of his death Brother BRAGDON was nearly 53 years of age, having been 27 years in the ministry. The extent of his occasional and pastoral labors had been so great that he will be long and widely remembered upon earth, while the trophies of his spiritual labor will continue to join his company in the Father's house above.

MEMOIR OF REV. JOHN SINCLAIR.

Was born in Virginia. At the age of five years he came with his father into East Tennessee, and there, in the midst of privations and many hindrances to intellectual training, he remained during his boyhood. The opportunity for attending school was limited; the qualifications of teachers were very inferior. The few advantages, however, that he possessed in relation to acquisition of letters in the schools, he labored to improve under very trying and peculiar circumstances. He states in relation to himself, that by reading by fire-light, he was enabled to retain what little learning he had, and made some advancement. He remarked that he had heard it said that "A little learning is a dangerous thing," but he had never had enough to expose him to that danger.

At the age of twenty, with his father and family, he removed to Kentucky, and on the 19th of February, in 1819, he was married to LYDIA SHORT, who is now his bereaved widow. It was about one year after this when God forgave his sins, and renewed his heart in so gracious and powerful a manner, that he could never doubt the change that was wrought. Shortly after his conversion he was made a class-leader, and soon the impression was made upon his mind that he ought to preach the gospel. This impression seems to have at first found no response in his companion. Many now dread the trials of an itinerant life; many still look upon it as connected with privations that they could not endure, but compared with what then must have been presented to any one that would dare look into the future before engaging in such a work, it must now be an easy task. How she felt as to any particular trial I do not know. We learn, however, from a little scrap that he has left, probably written in 1855, that one night, when he supposed that all were asleep, and that no one on earth knew anything of his anxiety, when struggling in relation to his duty, he heard a voice, of which he says, "It was not the voice of God—it was not the voice of an angel, but it was the voice of my wife, saying, 'Go, and do all the good you can.'" This was in September, 1825, and sometime between the 15th and 20th of that month he was admitted on trial in the Kentucky Conference. In 1831, however, having for some time felt that the existence of slavery in the State of Kentucky was a serious thing, and dreading its consequences upon after generations—and this was the feeling generally of Methodist ministers at that time—he resolved to take a transfer to the Illinois Conference. He came, and was appointed to the Jacksonville Circuit. Here his labors in this State commenced. They continued until, perhaps, 1836, when they were slightly interrupted, and he sustained a supernumerary relation, and took work in Peoria. It was probably in 1846 that for one year he was returned upon the Minutes as superannuated.—With the exception of these brief interruptions, until here he took the superannuated relation, each year, from the time he came, (1831,) he continued to perform "effective labor," and I will add that it was also *efficient labor*—labor that told favorably upon the church in building it up in holiness, extending its borders, and multiplying its numbers. I discover from the Minutes, that when, in 1833, he was placed upon the Chicago District—that while it embraced what now is the city of Chicago, it also took in Galena on the west, and Peoria on the south! Think of such a district as that!—traveling around it!—what is now two annual Conferences! To this field of labor he went, leaving an afflicted wife in the wilds of Fox River. But privations could not deter him. It was frontier work, a sparse population, neighborhoods remote from each other, roads without bridges, and vast plains without a stake or mark to direct his course, except the points of timber, miles apart; but he undertook and did accomplish the work of superintending such a district. The next year he was returned to the same district, with a little change. Galena was taken off on the west, but it still extended from Chicago to the Sangamon River on the south, including all the region of country intervening, or Peoria, Bloomington, and all the settlements in that extent. This will give you some idea of his toils and conflicts. I am sorry that I cannot give the details of his labors on this extended district. In 1835 he was removed from the Chicago District, it was a painful occurrence to him, of which he thought and spoke to his own personal friends, and though he felt there was some mistake, still he harbored no resentment, and spoke of it as a man of God. He was placed upon the Sangamon District. I was then in charge of the church at Springfield. Owing to his financial condition, his poor health and that of Mrs. SINCLAIR, it was quite inconvenient, if not almost impossible for him to remove his family. They had been some years on Fox River, five or six miles above the city of Ottawa. He came to one quarterly meeting; he became sick, and nearly five weeks elapsed before he was able to leave. During this time, when I sat by his bedside, laid my hand upon his forehead scorching with fever, I have heard him talk of his invalid wife at home, and tears would wet his pillow. Yet amidst all the

trials of such occurrences I never heard him complain. I never heard him wish he had not entered the work ; I never heard him mention a word of retreat ; no—it was “ Onward ! ” and as soon as he was able to sit alone he was desirous of reaching his home, and by the aid of friends soon set out to accomplish that object.

For several years before his death he was a resident of Evanston—for two years as pastor—and after that until his death as a superannuate. Up to the time that he entered upon this pastoral charge, I had never found a man who cared for consistent practical piety that did not love JOHN SINCLAIR. Men were so universally impressed with the honesty of this minister and his Christian fidelity, that when through the common infirmities and weaknesses of our nature, he erred, for I do not pretend to say he did not err—that he was not fallible—none charged him with evil motives. “ It was a mistake—it was not intended. ” He was emphatically, in the judgment of men, as the apostle warned the church to be, “ without offense, blameless, harmless—a son of God without rebuke. ”

When he was tried, God took him to receive his crown. Long was it his wish that he might not linger when called to pass away, and if he did, he earnestly hoped that it might be under circumstances where he could care for himself without troubling (as he was wont to express it,) his friends. God favored him in this matter ! After all his wanderings to and fro amidst the pelting storms and the dreary wastes ; after his going out and his coming in from an afflicted family for so many years ; after all his privations, what a pleasing thought to have him die at home ! Doubtless he desired to die without lingering, but sudden as was his death, he was not unprepared. But a short time since he said to his family and friends, and especially his wife, “ Don’t weep for me when I go away. ” What an idea was that of death ! “ Don’t weep for me when I GO AWAY ! ” *We think about it as death. He did not see it. He looked on the shore of immortality. To him it was going away ; it was falling asleep.* Jesus said, “ He that keepeth my saying shall not see death. ” “ Don’t,” said he, “ put on mourning ; it seems to me that it is very improper to mourn for a minister who has gone to so good a place as heaven ! ” This was his dying request. Death found him ready, no doubt. All the time he was ready.

MEMOIR OF REV. ISAAC SCARRITT.

Little more than a year before the Declaration of Independence, on the third of June, 1775, ISAAC SCARRITT was born in the State of Connecticut. Not communicants in any Church, his parents were of moral habits and regular attendants at service. After the manner of those living in the country, five or six miles from a village, the members of the family were taken to the morning and afternoon service, the frugal lunch carried with them answering for dinner. On Sunday night, after the supper was cleared away, Scriptures were read, and prayers offered. Beyond this attendance upon Church, and the family worship on Sunday evening, no efforts were made for his religious instruction. It was long before the day of Sunday Schools, and, by many, early conversion was not deemed desirable. A conviction of sin early fastened upon him, and had there been a helping hand to aid his inquiries, he would have embraced religion at an early age. Receiving the common school education of that day, he grew up to manhood wholly ignorant of experimental religion, but fortified with correct and industrious habits.

One day while in the sugar-bush, alone in the woods, engaged in the making of sugar, there came upon the current of his thoughts an overwhelming sense of his deep sinfulness. Nothing in the sermons of the Baptist minister, whose sermons he attended, had impressed him. He knew nothing of conversion as it is now taught and understood. No relation of the sweet experiences of grace, or the inner current of religious life, had ever been heard. But God had met him there in the woods—his sins stood boldly before him, and his need of a Savior. Full of agony and distress, he knelt at the root of the tree to pray, and hardly had his burdened heart been lifted up to God before a strange peace and joy floated through every avenue of his soul. Happy, most happy, beyond all expression, he remained many days in the woods, every spare moment being spent, not only in sorrowing prayer, but in joyful praise, at the spot where sweet comfort had met him.

Feeling that this was conversion—the “ new heart ” which Christ gives to his own—he determined to join the Baptist Church, and went to see the minister for this purpose. Circumstances prevented a meeting, and before another opportunity occurred he heard a sermon from Rev. E. R. Sabie, a Methodist Presiding Elder. Its earnest unction and living spirit chimed with the new experiences of his life. The sermon was the turning point in his history. The

Presiding Elder was invited home to his father's house, and his conversation was more profitable than the sermon. Uniting with the Methodist Church, Bro. Sabin became his religious teacher—solving his difficulties, explaining Scripture, ministering to the new convert sweet consolation and spiritual instruction.

Buying a farm he prepared to settle in business, but a "necessity was laid upon him to preach the gospel." Hastily preparing himself, he accompanied Bro. Sabin in his travels on the circuit, and the second Quarterly Meeting afterward, trembling with a sense of his responsibility, he preached his first sermon, and at each subsequent Quarterly Meeting, for several successive weeks, he preached to the congregations. Returning home he rejoined Bro. Sabin, having with him a recommendation from his class to the Quarterly Conference to allow to him a license to preach. The license having been obtained, he traveled the circuit with the Presiding Elder until the ensuing session of the New England Conference, held in Boston, June 3, 1807, when he was received on trial and appointed to the charge of Needham Circuit.

The succeeding year he was continued on trial and appointed to Durham Circuit. During this year he was prostrated by a severe attack of the asthma, and incapacitated for ministerial labor. In hope that the softer sunny air of a Southern climate would woo him back to health, Bishop Asbury proposed to send him south of Baltimore. His inability to travel so far becoming evident, he returned to his father's house, to meet the glad reception and welcome of home. The rest from labor proving but slightly beneficial, he visited, under medical advice, the sea-shore, where the bracing salt breeze might re-invigorate his system. No improvement being manifested, disheartened, he returned home to, as he felt, "die under his mother's care." After some time his health so far improved that he could labor a little about the farm. Thus ten years passed by, till his marriage in 1818, when he removed to Illinois, settled near Edwardsville, where, another ten years passed away, he joined the Illinois Conference in 1828. For three years successively he was stationed at Salem, and in charge of the Potawattomie Mission, at Kaskaskia, and at Fort Clark Mission. He then again located, making a claim on the Dupage, in Will County, Illinois, residing there till within a few years, he came to Joliet, living with his son. And there, on the 15th of May, 1861, he closed his mortal life, with unwavering faith in Jesus Christ, and a firm hope of a glorious immortality.

Courageous in difficulties, patient in sufferings, upheld through life by a strong faith, he performed every duty faithfully, with a cheerful, loving spirit. The consistent harmony of his outer with his inner life secured the love and confidence of his brethren. Sound in doctrine, plain and simple in manners, his sermons were mainly valuable for their instruction—at times, being powerfully awakening.

Stationed on the frontier, his pastoral labors were attended with privations and suffering. In 1829, while in charge of the Indian Mission, he visited Chicago, then a small village, and preached the first sermon probably ever heard there, to a small congregation of whites, sailors, half breeds, and Indians.

At the last session of Rock River Conference he was re-admitted to the superannuated relation, an act of ministerial kindness and courtesy very soothing to the last days of the aged minister. Just before his death he mentioned it, as a most pleasing thought, that his name could be left on the printed minutes.

CONFERENCE MEMBERS IN THE ARMY.

WHEREAS, It appears that some of the members of this Conference have felt it their duty to enter the military service of the country ; and whereas, we recognize the lawfulness of this effort upon the part of our Government to maintain, by force of arms, the Union, the Constitution and the laws, therefore

Resolved, That the Bishop be requested to assign such brethren nominal appointments, thus retaining their connection with us.

BISHOP SIMPSON AND THE MISSIONARY CAUSE.

Resolved, That this Conference highly appreciate the services of Bishop Simpson in behalf of the Missionary Cause, and believe that much of the increased interest of the Churches in this Conference has been caused by his arduous labors, and we respectfully request him to still give it as much of his efficient oversight as may be consistent with his other duties.

DR. DEMPSTER ON THE WILL.

WHEREAS, Rev. Dr. Dempster has, for a series of years, discussed the doctrine of the Will, in the form of lectures to his classes, and has a small volume nearly ready for the press, in which the doctrine is discussed from a Methodist point of view ; and whereas, no such work is now in possession of the Church, therefore

Resolved, By the Rock River Conference, in Conference assembled, that Dr. Dempster be, and is hereby requested to complete the preparation, and hasten the publication of his work.

RECOMMENDATION OF STUDENTS FROM GARRETT BIBLICAL INSTITUTE.

Resolved, That, hereafter, when students of the Garrett Biblical Institute, who have gone thither from charges in this Conference, shall be recommended for

admission into the traveling connection, the Presiding Elder of the Chicago District be required to place the recommendation in the hands of the Presiding Elders of the Districts from whence they went to the Institute.

BAPTISM OF CHILDREN.

Resolved, That we earnestly invite the attention of our members to the faithful observance of their disciplinary duty in the baptism of their children.

Resolved, That this resolution be read by the Preachers in their several Societies, and that we request its publication in the North Western Christian Advocate.

REV. W. P. WRIGHT.

The following was presented and adopted:

To the Rev. Joseph Stinson, D. D., President, and to the Members of the Canada Wesleyan Annual Conference :

In the case of Rev. W. P. Wright, who desires to become connected with your Conference, inasmuch as we have no means of transferring him to your fellowship, except by giving him a local preacher's relation, we would still take pleasure in saying that he has been connected with this, the Rock River Annual Conference of the M. E. Church, for five years, and would cordially recommend him to your fellowship and regard, as an acceptable and devoted Minister of the Gospel, and hope that the blessings of the great Head of the Church may rest upon his labors among you as among us.

H. CREWS.

S. P. KEYES.

REPORTS OF COMMITTEES.

1. ON STATE OF THE UNION.

After deliberation upon the State of the Country, your committee respectfully report:

It is a matter of congratulation that, in reviewing the report of last year upon this subject, adopted by this body, we do not find it necessary to retire from any position then taken. We re-affirm what was then said as to the enormous wickedness of the rebellion. The Conference then said that slavery had caused it, and each event written upon the closely-crowded historic pages of the last twelve months confirms the declaration.

As then we said we must stand by our government, so say we now. It is our duty as citizens, and as Christians. To this we are called anew by the circumstances of the times.

To meet the extraordinary expenditures of the war, a federal tax has been imposed, which will bear heavily upon us, unused as we are to such burdens. We are soon to begin to realize how much the rebellion costs us in gold and silver. This burden must be borne. We must condemn, most earnestly, all attempts to evade, by force or fraud, its payment. That man's patriotism is of doubtful texture, which will not endure the strain of taxation; that man's piety is suspicious, who will not "render unto Cæsar (civil government) the things that are Cæsar's;" and that man's Methodism is not the genuine type, who buys or sells goods that have not paid the duty.

Furthermore, as long as the government needs men for the maintenance of its lawful authority, we must give them. Their absence may sadden our homes, may weaken our Sunday schools, may interfere with our churches, but they must not be withheld. They must be given until there are enough to crush the rebellion.

We must render the government *moral aid*. Public sentiment should be wisely and faithfully educated. Behind our immense armies should be the moral convictions of a great people.

Censure of our leaders should be sparingly indulged, though it may sometimes be necessary. Confidence should not be needlessly weakened. A correct moral sentiment should regard home treason or treason-sympathy as it does other flagrant sins. Above all, as help is of the Lord, without confidence in ourselves, we should constantly invoke the Divine blessing, and, without ceasing, pray for those in authority.

Standing where we do as a Conference long committed to strong declarations against slavery, believing it to be sinful, evil and only evil, and pledged by our Discipline to its extirpation, we are glad to see that in the providence of the Ruler of nations, the rebellion begun for its perpetuity and extension bids fair to eventuate in its destruction.

Slavery has been swept from the District of Columbia! The national Capitol stands on soil, *sacred*, because *FREE*!

Slavery has been debarred from our territories, and they are legislatively consecrated to freedom forever!

An Act of Congress forbids any U. S. officer of the army or navy to assist in the capture or rendition of any escaping slave, or to decide whether he "owes service or labor."

Congress has enacted that "All slaves of persons who shall hereafter be engaged in rebellion against the Government of the United States, or who shall, in any way, give aid or comfort thereto, escaping from such persons and taking refuge within the lines of the army, and all slaves captured from such persons, or deserted by them and coming under the control of the Government of the United States, and all slaves of such persons being within any place occupied by rebel forces, and afterward occupied by the forces of the United States, shall be deemed captives of war, and shall be forever free of their servitude, and not again be held as slaves," and this the President orders all persons engaged in the military and naval service of the United States to observe, obey and enforce.

A year ago this Conference gave its opinion that the question of slavery could not be avoided, but must be met. It said then, "mere confiscation cannot meet it, for that makes slaves *our* property, not *theirs*, and the United States must not

become a great slaveholder. It must be met as the hardy Pathfinder met it in his proclamation, which rang like the shout of an angel—"their slaves, if they have any, ARE FREE MEN."

It may be those words were then thought extreme. How is it now? Has it not been met that way? On the 22d day of September, 1862, a proclamation was issued—not by a general of a division or the commander of a department, but by the President of the United States, the Commander in Chief of our army and navy. What says it!

That on the first day of January, 1863, in each state or part of a state, where rebellion shall then exist, "all persons held as slaves shall be THENCEFORWARD AND FOREVER FREE." It pledges the entire power of the government to maintain that freedom, and declares that it will do no act "to repress such persons in any efforts they may make for actual freedom." Is not God's hand in this? May we not hail these as indications that His providence will lead us in safety to the final triumph of freedom as well as government?

But we feel deeply that the pure Ruler of all has a controversy with us. We have sinned—fearfully have we sinned. Above our other offenses is that of oppression, and when we read God's terrible denunciations of that, and remember our reverses, our bloody chastisement, we feel He is visiting us in merited displeasure. That sin must be put away. We must put it away. We must do justly, and love mercy if we would obtain help from God.

We respectfully offer the following resolutions:

1. *Resolved*, That we re-affirm our determination to stand by the Government of the United States in its work of suppressing the gigantic rebellion, now, by an unholy and terrible war, desolating many portions of our country.

2. *Resolved*, That any attempt to evade the revenue laws of the United States merits the condemnation of all loyal and Christian men.

3. *Resolved*, That the Proclamation of the President of the United States, dated September twenty-second, [22d] Anno Domini one thousand, eight hundred and sixty-two, [1862] has our hearty approval, as an advance toward the overthrow of the rebellion by dealing sternly at once with its cause.

4. *Resolved*, That while we will not in our ecclesiastical capacity decide grave questions of constitutional power and policy, we express our opinion as Christian ministers, that slavery, being morally wrong and the cause of the rebellion, must be overthrown before tranquility can be expected; and should the President, in the exercise of his functions as Commander in Chief of the army and navy, or Congress in performing its legislative duties, proclaim or ordain such measures as shall destroy it, such measures will meet our hearty approval, and in our judgment, the approval of Christendom.

5. *Resolved*, That we urge all our people to join with us in prayer to Almighty God in the congregation, in the family and in secret, for His blessing upon the President and his advisers, and upon the National Congress, that they may have such executive and legislative wisdom as is needed in this hour of peril; for our army and navy, that the leaders may be brave, loyal and skillful; that our soldiers and sailors may be preserved, in life and limb, and from contamination of personal character; and that such victories may speedily crown our arms as will overthrow rebellion and hasten the return of peace; that our national sins may pass away, and for the establishment of that righteousness which exalteth a nation, that ours may become Immanuel's Land.

6. *Resolved*, That resolutions five and six, of last year's report, are again adopted, and that preachers in charge of circuits or stations be instructed to report at the next session of this Conference, the number of members of their charges who are or have been in the United States army since the beginning of the war.

T. M. EDDY, *Chairman*.

The resolutions referred to are:

5th. *Resolved*, That in the case of members of this body who enter the service as Chaplains in the army, we promise to remember them in our prayers, and should they fall in the service, will make their families our special care.

6th. *Resolved*, That when our members enter the volunteer service, their names should be preserved in our records of membership, giving them letters testimonial of their standing.

2. ON EDUCATION.

Your committee on Education beg leave to report that, despite the terrible events that peril the very existence of the nation, and make their largest claim on our young men, our educational agency continues in vigorous operation.

The demand for this is imperatively made by the very events which threaten

to empty our institutions. The frightful barbarities entailed by civil war can be counteracted only by educated mind, bathed in the living light of a sanctifying piety.

The wreck of ancient civilization, occasioned by the shock of war, rolled a midnight gloom over a thousand years. Never did civil war drive its ploughshare of ruin more fiercely over a land than it is now doing over ours. But if the pulpit and the seminary combine their mighty agency and act their appointed part, a hundredth part of the period which measured the medieval age will suffice to reconstruct our crumbling fabric and restore our Christian civilization. But to this arduous achievement the utmost educational energies must be summoned. It is therefore fervently hoped that the Conference may not relax in its efforts, but rather double them in this direction.

GARRETT BIBLICAL INSTITUTE.

The workings of this sacred institution have not been less powerful than at any earlier period. Indeed, its energies have been accumulative. Though the summons of almost a million of men to the field of conflict has restrained many from coming to the institution, and called others from its halls, still the seventy-four who have attended in the current year prove that, in spite of the war, the institution will thrive. It has graduated 17 since the last session of this Conference, and will, in a few weeks, graduate 14 more. Its operations have never been more perfectly harmonious, nor has the desire for improvement ever been more general or intense. Though it has parted with one of its Professors, his place will continue to be supplied by the remaining three, who still occupy their chairs. The health of the institution was never better, nor were the labors of its teachers ever more abundant or successful. It is the wish of the board that those of them belonging to this Conference be re-appointed.

The divine favors vouchsafed to this school of the prophets through its entire history, demand our most fervent thanksgiving. The history of this Institution cannot be without a prophetic voice. It must have a future replete with stirring results of a far-reaching character. The more general attention of the preachers at its anniversary will contribute to this end. The Conference is especially requested to appoint as visitors Rev. E. M. Boring and Rev. W. F. Stewart.

ROCK RIVER SEMINARY.

The trustees of this institution report that its financial condition is correctly presented to Conference, in the report of the agent. They state, in addition to that report, that the twenty-second academical year has opened with such a degree of prosperity as to assure its friends that, in spite of adverse circumstances, it is gaining every year a stronger hold upon the affections of the people.

They request the appointment of W. T. Harlow as Principal, and of the following brethren as trustees, viz: Rev. J. Gibson, Rev. H. L. Martin, and Dr. J. L. Allabin, of Polo. They also request the appointment of the following brethren as visitors, viz: The P. E. of Galena District, and the preachers to be stationed at Rockford 1st church, and Freeport, Sterling and Galena.

NORTHWESTERN UNIVERSITY.

The annual statement of the trustees of the Northwestern University represents this institution as in a healthy and prosperous condition. There has been a growing interest in its favor among the people during the past year, evinced in the increasing patronage, which has been greater than that of any preceding year since the opening of the institution. One gratifying feature in the condition of the University is manifest in the fact that, while general derangement has paralyzed the finances of the country, and embarrassed with crushing indebtedness our institutions of learning, *this* has been nearly exempt from such a calamity. From the report of the trustees we learn that during the past year seven thousand dollars of existing indebtedness has been paid, and the balance already provided for; and, also, that the assets of the University exceed its liabilities by *three hundred and three thousand, one hundred and thirty-nine dollars and forty-nine cents*.

The educational facilities afforded by its valuable Apparatus, Museum and Library, by the complete course of study required, and also by the very able and accomplished educators constituting the faculty, promise great advantages to the young men of the Northwest. We heartily commend the University to the favorable consideration and patronage of our people.

We also recommend the re-appointment of Rev. W. F. Stewart as trustee for the ensuing year.

AURORA INSTITUTE AND CLARK SEMINARY.

This institution has been managed with its usual efficiency during the past year. Its faculty have been fully devoted to their work, and have been untiring in their labors. There have been in attendance one hundred and ninety-six pupils, the average attendance two-thirds of what it was in times of peace. Many of its young men are fighting the battles of our country. The current incomes are made to meet the current expenses. It is under the same supervision as from its opening, and still offers the best of facilities for an academic education under Christian influences.

The trustees recommend the appointment of G. W. Querean as Principal, and S. P. Keyes and the preachers stationed at Aurora, Batavia, Oswego and Plainfield, as the visiting committee.

NORTHWESTERN FEMALE COLLEGE.

It appears, from the report of the board of visitors, appointed by this Conference at its last session, to attend the annual examinations of the Northwestern Female College, that that institution is conducted in such a manner as to render it in every respect worthy of confidence and support. The course of study and method of instruction are thorough and efficient, and the order and moral tone pervading the school are of a highly commendable character. Your committee recommend the appointment of the following persons as a board of visitors to attend its next annual exercises, viz: The Presiding Elder of Chicago District, and the Pastors appointed to Waukegan, Evanston, and Wabash Avenue.

The trustees of the Northwestern Female College, located at Evanston, at its late session passed the following resolution:

Resolved, That the Rock River Conference be respectfully requested to appoint Rev. W. P. Jones as agent for this institution for the ensuing Conference year."

3. ON TEMPERANCE.

DEAR BRETHREN:—It is with deep regret your committee are compelled to report that after many years of persistent labor on the part of the friends of Temperance, intemperance is still making fearful ravages in the land, destroying, as its victims, the old, the middle aged and the young.

Especially is it a matter of pain that the strength of our noble army that has gone out from among us to fight freedom's battles, has been to no inconsiderable extent weakened, and our holy cause imperilled, by this insidious enemy; for, humiliating as it is, we are compelled to believe that some of the fearful disasters attending our arms in this terrible strife, may be traced directly or indirectly to inefficiency resulting from drunkenness in officers commanding.

For this slow progress of the Temperance reform there must be some cause or causes, and while there may be others, it is believed that it is traceable, in part at least, to the following:

First, The advocates of Temperance, heretofore, have not appreciated the importance of religion in this great reform. It has been satisfactorily ascertained that no reformatory measure can be successfully prosecuted without such measure having a firm religious basis upon which to rest. Nothing else will give a firm enduring support. Hence an intemperate man cannot be considered as safely reclaimed unless his heart, the seat of his affections, is changed, and all his appetites and passions subdued by the grace of God, and that reformation that ignores this great work in its process is unworthy of the name.

Second, The right position has not yet been taken by the church of Christ, as a whole, or by those professing themselves as such, in relation to the manufacture, sale and use of malt liquors, domestic wines, and cider. It is the opinion of your committee, that these articles are, to-day, doing a very pernicious and destructive work in the land. It is a lamentable fact that many, calling themselves not only moral, but religious, are found arguing for the use of these drinks, both by precept and example; while it must be apparent to every thinking mind, that the use of them lays the foundation broad and deep for habits of inebriation.

The facts are, the Temperance cause will never make any permanent advancement until the grains and fruits of the earth, given for man's sustenance and enjoyment, shall be used for their normal purposes, and not prostituted to the manufacture of poisonous liquids for the destruction of man.

Third, Another cause of the prevalence of intemperance your committee believes to be the wide-spread use of tobacco. The fact has already been incontrovertibly established that there is a close alliance between this habit and the

habit of using strong drink. The fact is found in the universal use of tobacco by those of intemperate habits. The reason assigned is the condition of the system caused by its use; and saying nothing in this connection of the enormous expense of the habit, of its ruinous effects upon man's physical nature, its weakening and benumbing influence upon his moral and intellectual powers, it appears to your Committee that the above-named argument alone, its paving the way and creating a demand for a stimulant of a stronger nature, should be sufficient to induce all honest, Christian men to forever abandon the filthy, dangerous habits, and your Committee despair of ever seeing the terrible cause of intemperance removed, until this foul habit shall be destroyed.

Fourth, The last reason mentioned by your committee, for the present condition of the Temperance cause, is a failure on the part of the church to indoctrinate the *children* as they should be, in the great principles of Temperance. The great importance of childhood as the period when *truth* can be most successfully planted in the human mind is being appreciated by the church. This is the great idea of the Sunday-School. Let us seize hold of and make use of it, in the advancement of the great principles of Temperance, and plant the seeds of truth in congenial soil.

In view, therefore, of all these facts, and others which might be mentioned, did space permit, and which it is believed are well founded, your committee would recommend:

1. That Temperance never be divorced from Religion.
2. That we discountenance in all laudable ways, the manufacture, sale and use, as a beverage, not only of spirituous liquors, but everything bearing the name of ale, beer, wine or cider.
3. That we discountenance, both by precept and example, the use of Tobacco in every form, especially that every man addicted to the habit, asking admission into the conference, be requested to free himself from it.
4. That during the ensuing conference year, the Temperance question be, by us, kept before the people both in the pulpit and out, and especially that its noble principles be impressed upon the minds of the children and youth under our charge.
5. That we frequently reiterate, and adhere to, the doctrine of our Discipline that, as a medicine, ardent spirits should never be taken, except in cases of *extreme* necessity, not even if recommended by a physician.
6. That while we refer with pleasure to the stand some of our companies of noble volunteers have taken in pledging themselves to the principles of total abstinence from all intoxicating drinks, we labor to induce all others who go out from our respective charges to the tented field, to imitate their example by abstaining from this destructive habit.

All of which is respectfully submitted.

L. HAWKINS, *Secretary.*

4. ON SUNDAY SCHOOLS.

Your committee are glad to report that there has been an unquestionable increase of interest throughout the Conference in all the departments of the Sunday-School work. The number of charges that have contributed to the Sunday-School Union are more than last year, though the aggregate will be about the same. The distribution of Sunday-School literature has increased considerably over the previous year, and there is cause for much gratitude because of the many conversions among the children, and because of the increased attention and labor on the part of the pastors and Sunday-School teachers for the promotion of this interest. In no field of spiritual labor do we find such rapid and encouraging results. This success and these results have been reached, we believe, because of direct, prompt and prayerful effort, both in devising and executing plans for the advancement of this great interest of the church.

We commend for your adoption the following Resolutions:

1st. That we urge every pastor in the Conference to take the annual collection for the Sunday-School Union.

2d. That we most heartily endorse the Sunday-School Teacher's Journal, and believe every teacher and officer should subscribe for it. Also, we recommend that it be printed in octavo form.

3d. That we call the attention of the Sunday-School Directors of each district to the importance of calling a Sunday-School Convention in their respective districts early in the Conference year for the discussion of topics connected with the

Sunday-School work, and that we commend the organization of a Sunday-School Teachers' Institute at that time, with provision for holding several sessions of the same in the district during the year.

4th. That we are gratified at the advance made in the composition of Sunday-School music, believing this to be a very potent means of increasing the interest, numbers and usefulness of our schools.

5th. That we earnestly commend periodical gatherings of our Sunday-Schools, at which time a sermon or addresses shall be made to the children.

6th. That we recommend the organization of Juvenile Missionary Societies, to give necessary intelligence to the children and encouraging them to systematic contributions to the missionary cause.

5. ON THE BIBLE CAUSE.

WHEREAS, The Word of God is the fountain of revealed Truth, and its dissemination through all the world is an object of sincere desire to all true Christians,

Resolved, 1st. That we rejoice in the continued prosperity and usefulness of the American Bible Society.

Resolved, 2d. That we reaffirm our oft-repeated resolutions in its favor and support.

Resolved, 3d. That while, as heretofore, we take up collections and promote the raising of funds in aid of this Society, we should also give attention to the circulation of the Scriptures within the bounds of our pastoral labor.

Resolved, 4th. That in the present state of our country, we deem the free circulation of the New Testament, especially, among our soldiers, a matter of great importance, and one which should engage the largest activity of the Society's agents, as well as the increased liberality of the people.

Resolved, 5th. That we will endeavor to make as full reports as practicable of the amount contributed by our members and congregations.

Resolved, 6th. That, so far as practicable, we will foster and sustain branch and auxiliary societies within our bounds, and thus assist in carrying out the present efficient financial plans of the Society in this state.

6. ON THE CASE OF O. H. TIFFANY.

Your Committee, to whom was committed the case of Dr. Tiffany, beg leave to report that they have patiently and prayerfully prosecuted the inquiry into the real and alleged facts bearing on his character. That these may be viewed with greater distinctness, we have considered them in three classes. The first class comprising what is alleged to have transpired in the Doctor's passage from Chicago to Paducah. These consist of taking spirituous liquor at least twice on that tour, once prior to reaching the river, whose water is deleterious, and therefore not needed to counteract it, and once after commencing the use of that water. As the first was taken merely on the account of a doctor's suggestion, the act could not be justified. As the second was taken in accordance with the advice of his family physician, the importance of the act is more questionable. But as the testimony is clear that no signs of intoxication appeared during the Dr's whole tour to Paducah, and abundant proof to the contrary, neither of these acts involved immorality.

The second class of facts are those which transpired after his departure from Paducah for Pittsburgh Landing. These events were of a peculiar character. It appears in evidence that the Dr. suffering under great exhaustion and incipient diarrhoea, at the advice of the physician, a U. S. surgeon, and from his hand took liquor, which in a brief period intoxicated him, producing partial insanity; that this state, in variety of intensity, continued four days.

Revolting as was this state in a minister of God, we are unable to detect in it the element of guilt. The first dose was medicinally administered by a doctor in whose skill the patient had previous reason for special confidence. This first dose so taken inducing delirium, canceled the responsibility of the sufferer during its continuance. Profoundly, therefore, as your committee regret the appalling events of these four days of the Doctor's history, they cannot attach to him guilt in the transaction.

The third class of events consists of alleged occurrences made known only by reports, such as that Dr. T. was frequently disguised by liquor in Baltimore, and

that large bills for that liquor have been forwarded from that city to Chicago, &c. Respecting the former, your committee have ascertained both from oral and written evidence, that those reports are unreliable, and that the latter can be true only in a very modified form.

Therefore, though your Committee utterly and emphatically disapprove of any minister in tasting a drop of intoxicating spirits under any pretence whatever, except by medical advice in cases of *extreme necessity*, though we regard any use of liquor otherwise as wrong in itself, corrupting to others and perilous to the ministerial character, still for the above reasons we cannot consider the late intoxication of Dr. Tiffany as belonging to the category of immoralities.

But in view of the manner in which he has demeaned himself since that occurrence, in rigidly abstaining from spirits, tobacco and other stimulents, and in view of his having ceased from every ministerial function and exhibited the most unfeigned penitence for the scandal he has occasioned, your committee recommend that the Conference decline his proffered withdrawal from the ministry (which he made immediately after the occurrence,) and proceed to pass his character, desiring the presiding Bishop, in his discretion, to administer a godly admonition.

JOHN DEMPSTER, *Chairman.*

S. G. LATHROP, *Secretary.*

7. ON PREACHERS' AID SOCIETY.

The Committee appointed to report a plan for a *Preachers' Aid Society*, respectfully report the following :

2d. Upon the death of any member of the Association the Secretary shall immediately transmit to each member a notice of such death, accompanied with a circular, setting forth the objects of this Association.

3d. Each member receiving such circular shall read the same to each congregation of his Charge, accompanying the same with appropriate remarks in regard to the deceased, and shall take up a contribution to carry out the objects of this Association.

4th. Of the collection so taken the preacher may appropriate \$10 for the benefit of the family of the deceased, and the residue shall be added to the regular fifth collection.

5th. Each member of the Association shall forward to its Secretary within thirty days after the death of one of its members, the sum of \$10, which shall be immediately paid over to the widow or to such person as the deceased member may have designated beforehand to the Secretary.

6. The officers of the Society shall be a President and Secretary, who shall be elected at each session of the Annual Conference.

7th. All members of the R. R. Conference may become members of the Association by signing this Constitution and paying an initiation fee of 25 cents.

8th. Any member having charge of a circuit or station, failing to take up and report the regular fifth collection, or failing to meet the requirements of the fifth section of this Constitution, shall thereby forfeit his membership in this Society for the next year thereafter.

H. CREWS, *Prest.*

8. ON EXAMINATIONS

Your Committee to whom was referred the question of the Examinations of Conference Classes, beg leave to submit the following resolutions for the consideration of the Conference.

Resolved, 1st. That a suitable book be provided for the preservation of the Reports of the Committees of Examination of the Conference Classes, and that the Chairman of the fourth year be required to collect and record these Reports.

Resolved, 2d. That the scholarship of students shall be expressed by figures ranging from zero to ten—ten being the highest and five the medium; and that no one shall be considered as having "passed a satisfactory examination" whose scholarship shall be indicated by a lower figure than five.

Resolved, 3d. That it shall be the duty of the several Committees of Examination, and of the Classes to be examined, to meet in the place appointed for the session of the Conference, on the day preceding the opening of the session, at 9 o'clock A. M., and that the names of all members of the classes who may be absent from the Examinations, and not excused by the Committee, shall be reported to the Conference.

Respectfully submitted.

9. ON THE CASE OF JAMES McCLANE.

The committee of investigation in the case of James McClane, having carefully examined the objections made to the passage of his character, would make the following report:

That the objections to the character of Bro. McClane were presented to the committee by statements of facts which were remembered by the witnesses from the perusal of letters more than a year since, which letters are said to be mislaid or lost. From this fact, together with the want of definiteness in the statements as to the facts in the case, the committee could not find sufficient in the investigation to arrest the character of Bro. McClane, but move that his character pass.

In view of the above figures, the committee on the Tract Cause beg leave to report a very sad deficiency of tract collections in view of the demand for tract circulation. God has providentially furnished us with a power of press and an ability of authorship which unmistakably indicate to us duties which we have not yet discharged in the cultivation of moral wastes in which tract publications are indispensable agents. Eastern missionaries are calling on us for aid in this department, which our limited funds forbid our granting. Soldiers in the army are grasping after tract reading, which they cannot get. Shall we suffer them to starve for want of spiritual food, or allow them to be supplied with moral and spiritual poison?

A wide circulation of tracts in our congregations, we believe, would increase indefinitely the efficiency of the pulpit.

Probably a given amount of money accomplishes so large a work of evangelization in no other way as in the publication and distribution of these leaves for the healing of the nations. Many who find but little time for reading, will read a tract when they will read nothing else.

For the purpose of securing more efficient action in the tract cause, your committee submit the following resolutions:

1. That every preacher take up his tract collection within the first six months of the ensuing Conference year.

2. That every preacher act himself as agent, or appoint a Tract Steward to purchase and distribute tracts and books.

3. That our German brethren be granted the disposition of all their own collections.

All which is respectfully submitted.

16. OF THE CONFERENCE STEWARDS.

ADDITIONAL REPORT.—The board of Stewards, in addition to the usual report beg leave to submit to the Conference the following facts and suggestions:

The amount which will be necessary to meet the Disciplinary claims of our superannuated preachers, etc., who will probably be claimants on the funds of Conference the coming year, will not be less than \$2,200.

It is our firm conviction that our people will cheerfully contribute this amount if the call be properly made and the facts which justify it be properly set forth. We find that the *pro rata* assessment of 15 cents per member on our membership will be sufficient to raise the amount.

We therefore respectfully submit the following resolution for the action of the Conference:

Resolved, That we will endeavor to collect the sum of fifteen cents per member from our several charges the coming year, for the superannuated preachers and the widows and orphans of preachers,

MEMOIRS.

REV. C. M. WOODWARD.

The subject of this sketch was born in Warrensburg, Warren county, N. Y., April 24, 1811. In 1815 his father and family took a tour west to the Holland Purchase, and settled in the south part of Erie county, [then a comparative wilderness,] twenty-five miles south of Buffalo. His early life was devoted to agricultural pursuits. From 1831 to 1843 his time was mostly employed in teaching school. On the 30th of June, 1833, in answer to fervent prayer he was put in possession of the "pearl of great price." He at once identified himself with the M. E. Church. In 1837 he was licensed to exhort, and in 1841 to preach. In 1843 he was received on trial in the Genessee Conference and appointed to Lancaster Circuit, and returned the second year. At the close of this year he buried his first wife; in 1845 appointed to Darien Circuit; in 1846 ordained deacon by Bishop Janes; and appointed to Tonawanda and Niagara Circuit; in 1847 to Niagara Falls; in 1848 he was ordained elder by Bishop Waugh, and appointed to Royalton Circuit, and returned the next year; in 1850 he was appointed to Attica Circuit.—During this year he married his second wife. From the autumn of 1851 until the summer of 1854, he served the Genessee College as Financial Agent. In the course of the summer above mentioned, he took a tour West, and was so highly pleased with the country that he returned with his mind fully made up to make it his future home. He procured a certificate of location in the Genessee Conference, and presented the same to the Rock River Conference, while in session at Lewiston, in September, 1854, and was re-admitted and stationed at Galena; in 1855 at Freeport; in 1856 at Elgin, and returned the second year; in 1858, First Charge, Aurora; in the month of April this year he was employed as financial agent of the Clark Seminary; in 1859 appointed to the same work; in 1860 he entered the regular work again, and was appointed to Mt. Carroll, and returned the second year, and on the first day of September he ceased, at once, to work and live.

Bro. Woodward's death was very unexpected, both to friends and the community at large. His disease was bilious intermittent fever, of the most malignant type; his suffering at times was intense, and yet in the midst of it all he manifested the same Christian fortitude and patience that ever characterized him as a man of God.

It was the writer's privilege to visit him frequently during his last illness. Near the close of the third day of his sickness, in answer to prayer, he obtained a most wonderful manifestation of the goodness and mercy of God. On the morning of the next day I called to see him. On entering his room he said to me: "Bro. Bliss, I am glad to see you; I want to tell you what the Lord is doing for me. Last night was one of the happiest of all my life; God has blessed me in a most wonderful manner: *yes, he has, he has;*" and as he spoke the tears of joy were coursing their way down his feverish cheeks. At another time he said: "I feel as though my work was nearly finished; I have done what I could, and now *Jesus saves me; yes, he saves me now.*" His last testimony to his Christian brethren was: "Tell them the gospel I have preached to others, sustains me now,"

Just before he expired he called his weeping companion to his side, and embracing her fondly, he said: "God bless you, my dear wife—God bless you."—His last words were, "Bless the Lord;" and in a few moments he calmly fell asleep in the arms of Jesus. During the two years of his labor in the village of Mt. Carroll he had won the affection of the entire community, and in his death the community has lost a good citizen, the church a noble and faithful minister, his family a kind and sympathizing husband and father. But he is not lost; he has gone before. May those who knew him imitate his example, and meet him in the better world.

G. J. BLISS.

Mt. CARROLL, Sept. 13, 1862.

REV. DAVID CASSEDAY.

Rev. David Casseday, the son of George W. and Delia Casseday, was born in Vermillion county, Ill., on the 6th of June, 1826. In childhood he was amiable in disposition, loved his home, honored and obeyed his parents, At a very

early date in his life he had serious impressions on the subject of religion, and when but a little more than fourteen years of age was converted, and united with the M. E. Church in Danville, Ill. The reality of the work in his heart was manifested by a life of conscientious and cheerful obedience to the gospel, in all its moral, social and devotional obligations. His intimate friends, after his conversion, were those whose views, feelings and sympathies were in harmony with his own. His father's house was then, as now, the home of preachers—not only for those on the circuit and district, but for ALL ministers, and Methodist ministers especially. While he loved them all, he had his favorites; and among these was the Rev. Mr. Daniels, now of California, but then a member of the Indiana Conference, and stationed at Perryville, Ind. He loved Mr. Daniels for his goodness and the devoted interest he took in the formation of his religious character. He felt he was inexperienced, knew he was young; he thirsted both for righteousness and knowledge. Mr. Daniels was quick to observe his humble, teachable, inquiring disposition, and took pleasure in encouraging such piety, and instructing and counseling one who received it with such gratitude and improved so rapidly. The impressions which had been made upon his mind, as to his duty to preach, were greatly strengthened by the increase of his piety; so, after several conversations with Brother Daniels, to whom he had opened his mind freely, and counsel with others, in whose wisdom and piety he had confidence, he, in the fall of 1846, was licensed to preach, recommended to, and received on trial in the Illinois Conference, and appointed as junior preacher on the Mechanicsburg circuit, where he spent one year in useful labor. During this year, he, on the 4th of July, 1847, was united in marriage to Miss S. R. Welch, of Perryville, Ind. He met his Conference in the fall of 1847, and was appointed to Carlinville, and was re-appointed to the same charge in 1848. In 1849 he was appointed to Petersburg, where he spent but one year, and was then, in 1850, stationed at Beardstown. Here God owned his labors in a most remarkable manner. At the close of this year, feeling the effects of constant labors, and seeing the necessity of a settled home for his wife, whose health was declining, and wishing to provide the means for the education of his children, he located and moved to Joliet, Ill., and commenced business. But in a short time he found that his situation and occupation were not in harmony with his convictions of duty. So, within a year, he closed his business, and in 1852 was re-admitted to the Rock River Conference and appointed to Plainfield. During this year he was the subject of a painful bereavement in the loss of his wife, who died as the Christian dieth, on the 6th of June, 1853. At the close of the year he was re-appointed to the same charge, and on the 23d of November, 1853, he was united in marriage to Miss Ellen M. Hoag, of Plainfield, Ill. This union proved to be a most happy one until death dissolved the ties, and left her, who was a happy wife, a lonely, sorrowful widow.

Closing up his second year, he received his appointment to Newark, where he continued his labors for two years. Lights and shades attended him, but no one had any just cause of complaint, as far as he was concerned. Difficulties were adjusted, and the cause of right was triumphant. Leaving behind him fruits of his useful efforts, he attended the annual conference at its session of 1856, and by appointment was stationed at Kankakee. He was warmly greeted by his friends, and spent two years of pleasant, useful toil. It is the opinion of some now, that a more consistent, upright man, they have not had, than Bro. Caseday; and his ministerial and pastoral services were a great blessing to the church. At the termination of two years, he was appointed to Marengo. He went to his work with some fears, and not a little anxiety, owing to some peculiar circumstances. But putting his trust in God, and managing with that prudence and forbearance which was usual with him, he passed the year, and left the charge at its close, with warm friends, and no enemies.

In the fall of 1859, he was selected by Bishop Ames as Presiding Elder on Galena District. To this field of labor he was returned in 1860 and 1861. And it was here that disease arrested him, while at his post performing his arduous, but useful work. During the winter, he did more than his usual labor. He visited his parents in Joliet, near the last of January, and at the time, spoke of the effect of his efforts—not, however, with the thought of anything serious. During his brief stay other indications were given of disability, but not noticed at the time with any concern. Returning home, he resumed his work, as he was wont to do, but soon found he was not able to perform the customary amount of labor at his appointments. Still, however, he continued to meet his engagements in a feeble state of health, until the want of strength compelled him to desist. After a few weeks at home, finding that rest alone was doing no good, and that health and strength were declining, he went to Chicago for medical advice. Two phy-

sicians were consulted, and although there was some discrepancy as to the character of the disease in the opinions given, still they agreed so nearly as to some of the symptoms, that he was induced to enter upon a course of treatment for a disease of the lungs. Receiving a prescription, he left for Joliet to see his parents. The physician whom he had consulted, had told him he could not safely any longer engage in the duties of the ministry. He had, therefore, made up his mind to leave the district, and let it be supplied by the Bishop, and fall back on his own resources for support; believing at the time, that after a few years, if he was careful, he might be able to return to his conference as an effective laborer. After a few days a place of residence was selected and some preliminary arrangements were made for business. The first week in April he left Joliet in a very feeble state of health, intending to remove his family from his district.

But when he returned to his home, his friends urged him to remain where he was, and did it with so much affection and earnestness, making such propositions for his rest and support, as induced him to change his plan and yield to their wishes. But while all was agreeable about him, he continued to suffer and decline. Finding no real benefit in the use of the medicine which had been prescribed, he again consulted physicians, and being in Chicago for this purpose, he again came to his father's, where he arrived on the twenty-third of April, more feeble than ever before. The next day, his symptoms being still more violent, physicians were called, and a different course of treatment was adopted, and after a further consultation and a close examination, it was agreed that the difficulty was a disease of the heart, and the same course of treatment should be continued which he was then receiving. Many of his friends now began to fear that death might be near. He, however, seemed not to think himself dangerous, and said nothing about dying unless spoken to on the subject.

But after a few days, it was evident there was little ground for hope, and he at last saw and felt that without a speedy change he must die, and began to speak of it as a probable event. He called for his family and took leave of them separately, one at a time, speaking to each appropriately, and then to his parents, brother and sisters, and brothers-in-law and other relatives, and friends who were present, expressing the fullest confidence in his Savior and assurance of eternal life, exhorting all, who were unprepared, to secure their salvation and meet him in heaven. After a short time he called for his children again, and embracing them in the most affectionate manner, he reminded them of their promise to be good and meet him in heaven. Blessing them, he bid them good night. He was asked if he had any message for his brethren in the conference. "Tell them I wish I could have left a better record—I have done a little—done what I could; but I wish I could have left a better record. *Tell them to pray for my family.* Now," said he, "my work is sealed up. Let me be quiet. My work is done." He remained a few hours, breathing with a great effort and suffering constant thirst, but evidently in great peace of mind, and then sweetly fell asleep in Jesus.

The most prominent feature in the character of Bro. Casseday was his goodness. This was seen in all his doings, and was manifest in all the relations of life. As a preacher, he was sound and practical. His discourses were not brilliant, but were marked for their earnestness and good common sense, and his life was in harmony with the doctrines and precepts he preached—none said, "Physician, heal thyself." He had been tried in all the departments of our ordinary work and found both capable and faithful. The church felt that her doctrines and discipline were safe in his hands. As a son, he was a source of great pleasure to his parents—his obedience and universal respect and love toward them had endeared him to their hearts—his piety and devotion to his work had their most decided approbation—they had leaned upon the hope that he would survive them and bless their declining age. His brother and sisters cherished toward him that regard and affection which his deportment toward them demanded, and while all his sisters leaned upon him, as sisters do upon an affectionate and devoted brother, one especially, whom death had robbed of a husband, was made to feel a closer relation and a greater affection for him, whose heart could be touched with her sad woes. His affection as a husband and his constant effort to meet every obligation of that sacred relation, made him one of the best. It was the delight of his heart to provide for all the wants of his family, and he was never absent from them, except when duty called him away. With what affection and interest he looked upon his wife as she manifested the agony of her heart in giving up her kind and devoted husband, and said: "Be trustful, Ellen—Ellen, be trustful." Few parents, if any, had a greater desire to train up their children for God and usefulness. Nothing could make him think of locating, but to obtain the means to educate his children and to be with them as they grew to manhood.

The loss of such a man, at such an age, possessed of such zeal and energy, must be felt by the church—a loss in all the relations of life which he sustained. But the death of such a man is gain to himself and for the glory of God. For he not only needs such men to live, but he also needs such men to die. If such men live, they live unto the Lord, and if they die, they die unto the Lord. If, therefore they live or die, they are the Lord's. "Precious in the sight of the Lord is the death of his saints."

APPEAL FROM CLARK STREET CHURCH.

At the Fourth Quarterly Conference of the Clark Street M. E. Church, the question arose, "What is the correct method of answering the statistical item, 'Probable value of church property?' Shall the answer give the estimated value of the property, or the value, *less the indebtedness?*"

The chair stated that there had been some discussion in this and other places. He would decide it, if desired, and hoped there would be an appeal taken to the President of the Annual Conference, that a uniform policy might be inaugurated.

A decision was requested.

The chair decided that the report should state the estimated value of the property, without regard to indebtedness.

An appeal was then taken to the President of the Rock River Conference.
E. M. BORING, P. E.

W. H. WHITEHEAD, Sec'y.

The above decision was concurred in by the President of the Conference.

ART. II.—THE OBJECT.

The object of this Society shall be to promote the cause of Sunday Schools, in connection with the Methodist Episcopal Church, and thus, by a careful religious training of those who may be brought within its influence, to promote the glory of God and the happiness of mankind.

ART. III.—MEMBERS AND LIFE MEMBERS.

All members of the Rock River Conference may, by the enrollment of their names for this purpose, become members of this Sunday School Union. Lay members of our church or Sunday Schools may become members on the payment of one dollar. The payment of five dollars or more at one time shall constitute a life member.

ART. IV.—OFFICERS.

The officers of this Society shall be a President, Vice-President, Secretary, Treasurer and Directors, all of whom shall be elected by Conference at its annual sessions, on nomination of the Bishop presiding. There shall be two Directors, one Minister and one Layman, for each district in the Conference. The ministers

who are elected Sunday School Directors at one session of the Conference shall be expected to serve as members of the Sunday School Committee of the Conference at its ensuing session.

ART. V.—ANNIVERSARY AND ANNUAL MEETINGS.

The anniversary and the annual meeting of this Society shall be held some time during the session of the annual Conference; at which time it shall be the duty of the Secretary and Treasurer to submit reports of the progress of the Sunday School cause in our midst, and the amount of funds raised for its promotion.

ART. VI.—FUNDS.

The funds of this Society shall be forwarded to the parent Union, for the purpose of promoting the general and specific objects of that institution.

ART. VII.—BOARD OF MANAGERS.

The officers and directors of this Society shall constitute a Board of Managers, whose duty it shall be, severally and collectively, to pay special attention to the wants and interests of Sunday Schools throughout the bounds of the Conference; to attend Sunday School Conventions; to organize and keep in active operation district auxiliaries; to collect facts; to raise funds for the Sunday School cause; to make reports and statements to the parent Society; and to devise ways and means for promoting in every practicable degree, the proper organization of Sunday Schools, the better qualification of teachers and the religious instruction of the rising generation.

[NOTE.—In the haste of adjournment the Conference omitted to appoint the officers of the S. S. Union, as contemplated above, as has been done heretofore. Brethren suggested that the Bishop be requested to appoint the President, Secretary and Treasurer, and the names of the Directors provided in the resolution of last year, be published in the Minutes, to-wit:

“Resolved, That we re-adopt the following resolution, adopted last year, that our District Sunday School Committees for the ensuing year, shall be composed as follows, viz: Of the Presiding Elder as Chairman, and of the Preacher in charge, and of the Sunday School Superintendent of the first named station on each District; and that the Committees so composed be requested to call, at the earliest opportunity, a District Convention, at which other Conventions may be appointed from time to time, in accordance with the repeated recommendations of the Sunday School Union.”

After consulting as many members of the Conference as circumstances would allow, this has been done. The Constitution given above was found among the Conference documents of 1860.

RULES OF ORDER.

[Considerable inquiry having been made at the late session of the Conference for “Rules of Order,” the following are transcribed from the journal of 1840. They were prepared by the late Rev. John Clark, and have been repeatedly re-adopted without amendment, but never before published.]

1. The President shall take the chair precisely at the hour to which the Conference stood adjourned, and cause the same to be opened by reading the Scriptures, singing and prayer.

2. The President shall decide all questions of order, subject to an appeal to the Conference, but in case of such appeal the question shall be taken without debate.

3. Every question appertaining to the regular business of the Conference, or resolution moved and seconded, shall be duly considered and put to vote, unless otherwise disposed of according to order.

4. Every member wishing to speak shall arise and respectfully address the chair.

5. No member shall be interrupted when speaking, except by the President to call him to order, when he departs from the subject under consideration, or uses disrespectful language or personal reflection; but any member may call the attention of the President to the subject, when he deems the speaker out of order—and any member may explain when he thinks himself misrepresented.

6. No person shall speak more than twice on the same question, nor more than fifteen minutes at one time without leave of Conference; nor shall any person speak more than once until every member wishing to speak shall have spoken.

7. When any motion or resolution shall have passed, it shall be in order for any member who voted in the majority to move a reconsideration.

8. No member shall absent himself from the service of the Conference, or decline voting on any question put by the chair, unless excused.

9. No member shall be at liberty to prefer a matter of complaint against another, on the examination of character, without first having conversed with him privately on the subject, unless he be absent from the Conference.

10. A motion to adjourn shall always be in order, and shall be taken without debate.

MISSIONARY COLLECTIONS.

[NOTE.—The report in detail of "Missionary Collections" is necessarily imperfect. Many of the reports from the charges seem to have been written at the Conference, in great haste, in every variety of form, and some with pencil. Brethren may observe the *form* in which they should be prepared; hereafter write them carefully with ink before leaving for Conference, and expect them published correctly. All amounts less than fifty cents should be aggregated in "small sums," and the general footing given.]

REPORTS OF COMMITTEES.

1. ON EDUCATION.

Your Committee on Education beg leave to report that our educational institutions within this Conference are still flourishing notwithstanding the thousands that have been called from within our bounds to the grim edge of battle. Our educational force, that great agency of the Church, still operates with almost unimpaired activity. Financially our institutions in general were never more prosperous, and it is the fervent hope of the Committee that a juster appreciation of their valuation may soon endow them with more ample means.

GARRETT BIBLICAL INSTITUTE.

The Garrett Biblical Institute has been not less prosperous during the past conference year than at any previous period. Though the number of its students (57) has not equaled its former number, still the present number is proportionably larger in view of the demand of the country on our young men. The guardians of the institution look with intense interest on the growing desire of the students for a more elevated standard of preparatory scholarship. The operations of the Institute have never been more perfectly harmonious, nor has the desire for improvement ever been more general or intense. Though it continues without one of its former Professors, his place has been partially supplied by the increased labor of the remaining three of the faculty. The health of the Institute was never better, nor the labors of the teachers more successful. It is the wish of the Board that those belonging to this Conference be re-appointed. A more spacious and permanent edifice is imperiously demanded. The long-continued want of it would be withering to the hopes of the enterprise. Without impairing the fund in sacred reserve, the Trustees cannot erect such an edifice; they therefore look anxiously to the Church to furnish the means. What generous lover of ministerial education will promptly and nobly respond? Since the last session of this Conference the Institute has graduated fourteen, and in a few weeks will graduate a number nearly equal. Nothing but the continued blessings of God and the energetic efforts of its friends can be needed by this institution to secure to it a future replete with far-reaching events. That Rev. S. P. Keyes and Hon. Grant Goodrich, whose terms of office expire, be re-appointed as Trustees of the Institute for the usual term.

ROCK RIVER SEMINARY.

The Trustees of this institution report that the Seminary buildings are held by a joint stock company for the use of the school. Arrangements have been made by which the children of all traveling preachers of the Conference receive instruction in all departments except the ornamental at one-half the usual price of tuition. And indigent young men, called of God to preach the gospel, are educated *gratuitously*.

The present academic year has opened with flattering prospects. More than one hundred and forty students have already entered the school. Much however remains to be done. Funds are needed for extensive repairs, and unless these repairs are soon made the institution must suffer loss.

To meet this demand, the Trustees recommend the appointment of W. T. Harlow as Principal, and ask that he be authorized to visit, as far as is consistent with his superintendency of the school, the churches in the western part of the Conference, and raise money for this object.

They recommend the appointment, as Trustees, of Rev. B. H. Cartwright, J. Forewell, of Mt. Morris, and Henry Neaff, of Mt. Morris.

They recommend as Conference Visitors brethren to be stationed in West Rockford, Freeport, Galena, Sterling and Dixon.

NORTHWESTERN UNIVERSITY.

It appears, from the annual statement of the Board of Trustees of this institution, that its affairs are in a prosperous and encouraging condition. The number of students now in attendance is thirty per cent. greater than at any previous period. Its finances, also, exhibit an encouraging aspect. Its entire indebtedness is now canceled, and eleven thousand dollars of its unproductive property exchanged for active capital. Its annual revenue is now about five thousand dollars. A pressing want of the University is now felt to be enlarged and permanent buildings—the present temporary building being too small for the accommodation of the school, and unsafe as a depository for its cabinet and library. The re-election of Rev. H. Crews as Trustee is hereby recommended.

CLARK SEMINARY.

The past year has been one of usual prosperity. The present year has opened under as favorable auspices, and with as large a number of pupils, as any former year.

The Trustees request the appointment of G. W. Quereau as Principal, and brethren stationed at Aurora, Batavia, Oswego, Plainfield and Wheaton as visitors.

See report of Special Committee.

NORTHWESTERN FEMALE COLLEGE.

This Institution is in a state of greater prosperity than ever before; and your Committee is fully satisfied that it is altogether worthy of the confidence and patronage of the Church, which, by its consistent and successful efforts, it is so largely securing.

We recommend that the request of the Trustees be granted in the appointment of Revs. S. A. W. Jewett, O. H. Tiffany, and F. P. Cleveland, to fill vacancies in the Board of Trustees; the re-appointment of Rev. E. M. Boring, his term of office having expired; the appointment of Rev. Wm. P. Jones as agent; and that the Presiding Elder of the Chicago District, the ministers appointed to Clark Street and Wabash Avenue, Chicago, Waukegan and Joliet, be appointed the Visiting Committee for the coming year.

KANKAKEE COLLEGE.

The paper from Kankakee city which was referred to your Committee, was found to contain statements to the effect that incipient steps had been taken in that city for establishing an institution of learning to be placed under the care of the M. E. Church. The paper also asked for the appointment of an agent to solicit funds for the accomplishment of this object.

After due deliberation your Committee were of opinion that this Conference could not at present, consistently with its obligations to existing institutions, extend its patronage to any school in that locality.

RESOLUTIONS.

1. *Resolved*, That our institutions of learning should be regarded as a prominent Christian agency, and should have the abiding sympathies and support of the ministry and membership of the Church, and that in accordance with the practice of other religious denominations and of some of our sister Conferences, we will observe the last Thursday in February as a day of prayer for those institutions of learning which we have taken under our care, and that we will on that day direct the attention of our people to the subject by appropriate religious services.

2. That the institutions which this Conference already has under its patronage are sufficiently numerous to accomplish all the purposes for which such institutions are designed.

3. That the ministerial integrity of the members of this Conference should be considered as pledged to the exclusive encouragement of such Seminaries and Colleges as are under the patronage of our Church.

J. DEMPSTER, *Chairman*.

W. T. HARLOW, *Secretary*.

2. ON STATE OF THE UNION.

The Committee on the State of the Union respectfully report the following preamble and resolutions for the action of the Conference:

WHEREAS, The position of the Rock River Conference with reference to the rebellion and slavery, its cause, has been repeatedly defined and recorded; and,

WHEREAS, It is matter of gratulation that this Conference has not been driven by the pressure of the times to declare its moral convictions and its position on national issues; and,

WHEREAS, The rebellion has not yet been crushed out, and slavery still exists in parts of our land; therefore,

Resolved, 1st, That we hereby re-affirm our unconditional loyalty.

Resolved, 2d, That our former utterances on the subject of slavery express our present convictions.

Resolved, 3d, That the President of the United States in his order for the protection of all U. S. troops irrespective of color, has taken a step which accords with the judgment of this Conference, and the position it has always held on this subject.

Resolved, 4th, That as American citizens we deprecate the proposed establishment of an empire on the North American continent; and as Protestant Christians we watch with jealous anxiety the proposed extension of the Papal power in Mexico, whether by royal or imperial authority.

Resolved, 5th, That we will continue to discountenance faint-hearted endorsement as well as avowed opposition to the Government, whether by ministers or by laymen.

Resolved, 6th, That we will not cease to pray earnestly to God, and to labor faithfully among men, till "violence shall no more be heard in our land," and the flag of the Union shall float in every breeze, and its authority be acknowledged from the river to the gulfs and from ocean to ocean.

O. H. TIFFANY, *Chairman*.

S. STOVER, *Secretary*.

3. ON SUNDAY SCHOOLS.

The increased love of the Sunday School work on the part of the ministry and laity of this Conference, is cause of profound gratitude; and the rapid and abundant returns of labor in this department of the Church, should cause us to double efforts in its behalf. We see the dawning of an era of earnestness in reference to the Christian culture of childhood, and herald with joy the special attention which is being given to this subject by some of the ablest minds of the Church. Churches grow out of Sabbath schools. Let them be formed everywhere; they will do no harm; they may do a vast amount of good. Men and means are necessary to their formation. If there be two or three warm Christian hearts in any community they are competent to this work. The Sunday School Union of the Church has been formed with direct reference to these necessitous localities. It has done a marvelous work with the most limited means, as its receipts of 1862, (\$9,595) will indicate. Over 1,400 schools received grants of books during the last year, besides the large appropriations to Germany and India; and there was a deficiency of \$1,618.75 in the collections of 1862 when compared with 1861. The Church has never fostered its Sunday School Union as it should and could have done. The large increase of collections this year over last in this Conference is a sure indication, we believe, of the deeper hold of this work upon our hearts.

The Committee offer for your adoption the following resolutions:

1. We urge an early call of the District Conventions by the District Committees, and the discussion and adoption of such measures as shall render the teachers *most* efficient, and the internal arrangements of the school *most* perfect, in order to the conversion of the greatest number of the children.

2. That every pastor give his personal influence to secure subscriptions from every Sunday School worker for the *Sunday School Teachers' Journal*, and to the organization of Sunday School Teachers' Institutes.

3. That the Schools be formed into Missionary Societies, and that the amount given by each Sunday School be made a separate item in the report of the Missionary moneys of each Church, and so noted in the Minutes.

4. That no pains be spared to secure and continue the attendance of the children upon the regular services of the Church, and that parents be urged to consecrate their children in Baptism, and that the disciplinary directions touching baptized children be closely adhered to by the Pastors.

All of which is respectfully submitted.

L. H. BUGBEE, *Chairman*.

S. G. HAVERMALE, *Secretary*.

4. ON TEMPERANCE.

In view of the rapidly increasing evils of intemperance, your committee would urge upon the members of the Conference the necessity of renewed efforts in this department of Christian labor. For many years the suppression of this evil has required and received the efforts of some of the best minds of the age, and yet it has ever been more than a match for all such efforts,—but now the demand upon Christians for still more powerful efforts is fearfully augmented by the peculiar and alarming condition of our country. War is terrible, but in nothing is it more so than in its effects upon the moral and social habits of the people. The facts of history, gathered in the light of our Revolutionary War, should startle to activity the most dormant, and call to renewed energy every patriot, philanthropist and Christian. From the date of the revolution commences our record of shame as a nation of drunkards; and now, after years of earnest and painful toil, and just as the friends of humanity had begun to gather the fruits of their labor, and ground of hope for the permanent reform of our people had been reached, the demon of war has spread his dark wing over our continent and the toil of these years is imperiled, and the flood-gates of drunkenness seem about to be thrown open. In view of these dangers, we urge our plea for renewed efforts. What we have been doing is not enough to meet the emergencies of the hour. It is too late in the day to talk to a body of Christian ministers about the evils of intemperance; and if there be real ground for suspecting increasing danger, a corresponding duty must be felt by every Christian.

Dear Brethren: We entreat you to candidly and thoroughly examine this subject, and in the light of its developed facts do not be found wanting. Your own good judgment will suggest the better plan to be pursued in your several localities, but above all do not let this insidious destroyer steal in upon your people in the guise of beers and domestic wines, and thus make the way easy for all the disgusting and ruinous results of inebriation.

J. C. STOUGHTON, *Chairman*.

F. D. HEMENWAY, *Secretary*.

5. ON TRACT CAUSE.

The Committee on the Tract Cause, having carefully considered the nature and importance of the field that should be cultivated by Tract circulation, would respectfully submit their conviction that, notwithstanding the comparatively large increase of the collections over those of last year, there is great need of increasing our efforts in this department *tenfold*. Probably God, by his providence, never called more loudly any man to the ministry than he calls upon him now to exercise that ministry, so far as he can, for the comfort and salvation of the suffering, dying soldiery of the American army. We cannot many of us go to them personally; shall we send them the saving word in this cheapest and most convenient form proposed by the Tract Agency? We need enlarged collections to furnish in a simple form the first reading matter for the freedmen, now to be provided for by the hundred thousand; or shall we supinely and ingloriously leave this noble work all for others? We need larger collections for our home and foreign Missionary work. We need larger collections to give efficiency to the pastorate in all our charges by tract circulation. Therefore, be it

Resolved, 1st, That our German brethren be permitted to appropriate their own collections.

Resolved, 2d, That it shall be the duty of every preacher having a charge to take up a Tract collection as early as practicable in the ensuing Conference year.

Resolved, 3d, That we urge the adoption of some efficient plan of home Tract distribution.

Resolved, 4th, That the Conference appoint a Chairman, Treasurer, Secretary and As-

sistant Secretary on the Tract cause for the ensuing year, as follows: T. M. Eddy, Chairman; F. B. Cleveland, Secretary; C. Loeber, Assistant Secretary, and R. K. Bibbins, Treasurer.

A. W. PAIGE, *Chairman.*

I. LINEBARGER, *Secretary.*

6. ON BIBLE CAUSE.

Words are unnecessary at this period in the history of the Church to commend the enterprise of printing the Holy Scriptures in all languages, and of disseminating them in all lands. That enterprise is essential to the diffusion of the gospel and the conversion of the world, and we are permitted to rejoice that it is no longer new or imperfectly comprehended. For twenty-seven years our Church has actively co-operated with the American Bible Society, and joyfully participated in the glorious work it has during that time accomplished. We particularly rejoice that the Society has been able during the past year to supply not less than a million and a half of volumes, chiefly of the New Testament, to soldiers in the army and seamen in the navy; also to prisoners of war, and to the sick and wounded in hospitals. To enable the Society to go forward in this Christian work to the full extent demanded by God in his providence, and also in furnishing the Scriptures to the destitute Sabbath School children of the country and to Missionaries laboring among heathen nations, we recommend increased rather than diminished efforts on the part of all our churches in the support of the American Bible Society through its appropriate agencies.

WESLEY BATCHELLER,

S. WASHBURN.

7. ON PURCHASE OF CLARK SEMINARY.

Your Committee, appointed at the last session of the Conference to confer with the trustees of Clark Seminary and present the interests of that institution to the Conference at its present session, report as follows:

The Trustees of the Seminary above named have submitted to your Committee, and through the Committee now submit to the Conference, the following proposition, to wit: to transfer that institution to the Conference, or Trustees provided for by the Conference, for the sum of \$25,000, in such manner as may hereafter be provided.

Having carefully considered all the facts in the case, your Committee earnestly invites the serious attention of the Conference to the same; and, also, recommend—

1. The acceptance of the proposition given above.
2. The appointment of a commission with full power to act in the premises in behalf of the Conference.
3. The purchase of the property designated by a legal process.
4. The appointment of two members of this body as agents of Clark Seminary to visit the several charges within the Conference, and collect in donations from the Church and its friends the money required to pay for the institution.
5. That the whole matter be now referred to a special committee of nine members for thorough investigation.

Your Committee is informed that a committee of laymen from Aurora, Ill., appointed by the late Quarterly Meeting Conference of Aurora Station, Rock River Annual Conference, is now waiting at the seat of the Conference to further represent the interests of Clark Seminary, and of the M. E. Church in Aurora in its behalf; and suggest that this committee of laymen, together with such trustees of the Seminary as are present, be invited to sit with the Committee proposed above.

All of which is respectfully submitted.

S. P. KEYES,

E. Q. FULLER.

W. P. GRAY.

REPORT OF SPECIAL COMMITTEE.

Your Committee on the affairs of Clark Seminary, to whom the above report was submitted, report that they have given as careful attention as time would allow to the documents submitted to their examination, and to the statements of the trustees and friends of the institution.

As a result of the investigation we have been able to make, several considerations have been profoundly impressed upon our minds.

1. That a grave error has been committed in this, as in many similar enterprises, in allowing unwieldy debts to accumulate against a literary institution.

2. That the idea of combining individual pecuniary profit, not to say speculation, with efforts to endow literary institutions for the church, is radically erroneous, and should be forever hereafter abandoned.

3. That the time has come when Christian men and communities should undertake the establishment of large and efficient institutions of learning on principles of pure benevolence and of self-sacrificing liberality.

4. That, whereas, certain of our friends at Aurora have involved themselves heavily in the erection of the Clark Seminary, and by so doing have secured a building and property of great value which they desire to have perpetually retained in the interest of the M. E. Church; and whereas, they, by the official act of the Board of Trustees, propose to secure to the Church, or such corporation as commissioners of the Conference may, in due time, designate, a clear and perfect title to the said Seminary and all its appurtenances, assuming and satisfying all other debts and obligations against it, provided this Conference will raise and appropriate \$25,000 to purchase the institution; and whereas at least this sum is necessary to save the institution from sale for debt and probable loss to the interests of the Church, we deem it right and a bounden duty for the Conference in this emergency to step forward to relieve our friends, and, if possible, save the institution.

5. We are deeply convinced of the magnitude of the undertaking, and thoroughly persuaded that it will require all the zeal and the united efforts of our entire Conference to accomplish the task before us; nevertheless, we believe that, with union of effort on the part of preachers and people, on the plan of pure benevolence and enlarged philanthropy, the work may be done, and the church and its friends be benefited by all they do for so noble an object;

We therefore propose to the Conference the adoption of the following resolutions:

Resolved, 1. That we appreciate highly the liberality of the Trustees of Clark Seminary, and the generous sacrifices which they have made to build and sustain it thus far, and also by which they propose to secure its perpetuation in the interest of the Church.

Resolved, 2. That we feel disposed to accept the proposition, and to do our utmost toward raising the sum of \$25,000 required.

Resolved, 3. That we recommend the appointment of two agents for the purpose of raising this money as soon as possible, and that said money be deposited on interest, subject to the action of this Conference, until the full amount be raised, or a new title acquired, in such a form as may be deemed best by a commission appointed by this Conference.

Resolved, 4. That the Conference appoint nine commissioners, with full powers to act in its behalf in this matter.

Resolved, 5. That the agents appointed to raise the funds shall be paid from the amounts they severally collect, their salaries being estimated by the quarterly conferences where they reside.

Resolved, 6. That, as preachers, we severally and collectively pledge our active co-operation to the agents that may be appointed, both in introducing to our people and aiding them to secure donations and subscriptions, and also in collecting funds for the object named.

In behalf of the Committee,
C. FRENCH, *Secretary*.

D. P. KIDDER, *Chairman*.

8. ON THE GERMAN WORK.

The work of God's grace among the Germans, through the instrumentality of, and in connection with the Methodist Episcopal Church, has been strangely guided and marvelously developed. Yet it evidently approaches a period when it must assume a new form of activity—must give permanency to some of its institutions—must provide for the more thorough culture of its ministers, and lay its hand upon the brain of German emigration; and for this must have a scholarship equal to any emergency of assault or de-

fence. In the present emigration from the Fatherland there is more of refinement and culture than in the years gone by, and for this change our evangelical agencies should be wisely and timely adapted. If we are to hold our German brethren responsible for meeting the duties of the present and the future, then they should have choice of the responsible agencies, and should *feel* that responsibility.

The General Conference of 1860 recommended the subject of the formation of the German work into separate Annual Conferences to the careful consideration of those conferences with which it stands connected; and after due deliberation your Committee report favorably to such change.

Ere stating some of the reasons impelling us to such a conclusion, it is almost needless to state that the relations between the Americans and Germans of this Conference have been of the most fraternal kind. There are no wrongs to be redressed, no injustice to be repaired. We see no cause to apprehend any adverse change. United in one common faith, and closely drawn by battles fought and won together, and by the endurance of common afflictions and the comforts of the common salvation since 1852, we realize that we "be all brethren." Separation can only be accepted as necessary to *greater good*. That the "greater good" will be attained by the measure proposed, we think—because,

I. The German Ministers require the details of conference business for their own good. At present, from diffidence arising from an imperfect knowledge of our language, and a fear of becoming burdensome, they are mostly lookers-on. They cannot, or at least do not, fully discuss matters pertaining to their own work. Nor can they, with these embarrassments, raise the standard of ministerial education.

II. If the vast population which is to come from Germany to the United States is to be cared for and saved, there must be an educated German Methodism and thoroughly educated German Ministers, who speak the pure German tongue, and who have American convictions and impulses. If so, there should be unity of plan and effort among the German Churches that suitable institutions may be built and endowed. How can there be this unity when the work is broken into disjointed fragments?

III. The proposed change will secure a wider range of ministerial talent and endowments from which to select for the important centers of the German work.

IV. It will prevent dispersal among the several annual conferences, within the territory of which German circuits and stations may be formed. Such distribution must cripple if not destroy the German work; will prevent available exchanges, from the small number of German preachers in a conference; will destroy their direct representation in the General Conference, and prevent that ministerial culture which results from the annual gathering of a respectable number of ministers. Yet from the growth of annual conferences, such dispersion seems perilously near.

V. The proposed change will prevent the slight friction sometimes arising from the distribution of the German ministers of one conference through the territory of several conferences. For instance, those of this Conference are spread over the territory of the several Wisconsin, the Rock River, the Central Illinois and Northwestern Indiana Conferences. Give them a conference of their own, and they will sustain a different relation as connected with the whole church, rather than with a single American Conference.

VI. Instead of preparing the way for secession, as some imagine, such change will, in our judgment, successfully bar it. The 24,000 communicants, with the large number of pastors, having their own conferences, receiving their just representation in the General Conference, having no fear of being placed under the supervision of ministers whose language is a strange one, would feel permanently settled. Why should they not? They have their status guaranteed; their children will, most of them, be with us; their support—for many of them will be mission churches—will be largely drawn from the American churches, and why should they have any tendency to separation?

VII. The proposed change will increase the power and interest of the German churches in the following particulars:

1. The proceedings of their conferences, published both in German and English, will excite general attention, and familiarize the public with the growth, culture, stability and wants of our German churches.

2. Holding the conferences in the German churches, in different places, will make for our cause such an impression as must result from the labors and special services of so many ministers of the Lord Jesus Christ.

3. Our Bishops will far more frequently be seen in the German churches, and the German laity will witness the ordinations of their clergy.

4. The spirit of generous emulation will greatly improve the finances and contributions of the German churches.

5. It will give a new impulse, a strong and healthy one, to the circulation of our German literature, both books and periodicals, and give unity and efficiency in founding and sustaining institutions of learning.

If to all this be objected that this will prevent the Americanizing of German Methodists, we reply that that process is so rapid as to send most of the children of German Methodists into our churches. Their churches are kept full by aggressions upon the immigration from Europe. German Methodism must continue for many years a grand missionary movement, the triumphant success of which has only just begun.

As to what may become necessary in the future, we have nothing to say; we have not the gift of prophecy. We see no ill omen of separation, and cheerfully leave that future to the God of Methodism.

It appears that these conferences may be organized, each containing from seventy-five to eighty German preachers. These may be divided as occasion may require.

We respectfully submit the following resolution:

Resolved, By the Rock River Annual Conference, that the growth and development of our German work will be best promoted by organizing the German pastoral charges into distinct Annual Conferences, and that we respectfully request the General Conference of 1864 to make such arrangement.

L. A. SANFORD, *Chairman*.

T. M. EDDY, *Secretary*.

9. ON LAY REPRESENTATION.

The history of Methodism has been characterized by two facts: 1. That it is sufficiently conservative to prevent unwarrantable innovation, and, 2. Sufficiently progressive to adapt its measures of polity to the new aspects of prudence and necessity.

Whilst on the one hand many have sought change in our Church to gratify personal or local ambitions or unrest, on the other hand the great body of the Church have been slow to enact reform, and careful to admit no element to hinder the efficient working of our long-tried economy.

The controversy on Lay Representation has been marked in former years by an unhappy, and, at times, revolutionary spirit; but such is the importance of the fact involved in this controversy, that it becomes us, as a body of ministers, to consider the claims of the question to favorable legislation, irrespective of its past history. Separating the single question of lay representation from all other church reforms unnecessarily attached to it, both by its friends and opponents, we desire to call the attention of the Conference to the following statements:

I. The question received courteous recognition and favorable mention in the last Episcopal Address, and was acted upon by the last General Conference. The character of that action was unlike any former procedure in the history of the business of that body, introducing amongst us the fact of a popular election, which might, under proper circumstances, be well enough in itself, but under the existing facts was unfortunate; many among our eminent laity, objecting to the manner of legislation because an anomaly in our history, asserting that the General Conference would not have required the people to vote upon any other question save that one in which their rights were involved, whilst others do not claim a representation upon any ground of right, but simply as a question of expediency and prudence.

II. That this popular vote was taken, first of all, before any plan for the introduction and operating the measure had been matured or announced, and therefore, whilst the masses of our people were yet unfamiliar with the intentions, and their limitations, of the friends of the reform. Again, when the country was in the first year of a gigantic civil war, and the mind of the Church was drawn off from this and all other questions of mere economy, to the more important question of saving the nation.

III. Nevertheless, we respectfully admit the force of this vote, and receive it, as we

are compelled to, as indicating the judgment of the Church in its present posture of information.

IV. We are, however, convinced that the prudent introduction of the laity into the General Conference would work no harm, but great good. This conviction is based upon the following reasons, which we can but briefly intimate:

1. The laymen have powers of ability and experience, especially commercial and financial, which the ministry must ever lack, from the necessities of their sphere and office. Especially where our great financial interests are concerned we could well receive the counsels of these men.

2. That we become interested in many questions in proportion as our opinions are consulted upon them, and our means are consecrated to their furtherance in proportion as they are the creations of our own minds and wishes. Upon this theory the more closely we identify the laity with our Educational, Missionary, Sabbath School and Tract interests, with all others of similar character and importance, the more efficient will be their working.

3. Again, we have every confidence in the thorough loyalty of our lay brethren, and have no fears of their being the movers of radical measures; they love Methodism, and will give their energies to conserve her time-hallowed institutions and distinctive peculiarities.

4. The measure would doubtless work a closer union and acquaintance between the laity of different localities in our connection, and strengthen the bond already existing between the laity and ministry.

In conclusion we most respectfully submit to the Conference the following resolutions for their careful and godly consideration:

Resolved, 1. That in our judgment a re-affirmation by the next General Conference of its willingness to admit Lay Representation would greatly contribute to the advancement of this important interest.

Resolved, 2. That if the next General Conference would mature a plan for such representation, it would relieve the subject of some of its present embarrassments and enable the people to act more understandingly in the premises.

Resolved, 3. That with such a plan submitted, the General Conference should provide for another popular vote.

Most respectfully submitted.

ROBT. LAIRD COLLIER, *Chairman*.

10. ON FREEDMEN.

What shall be done *with* the black man? is the heartless question of the state—as though he were a foul excrescence that needs only to be removed from the face of society; but what can be done *for* the black man, is the question the Church must ask and answer. And there is peculiar *urgency* in this matter. By the fortunes of war and the authority of our Government, thousands of them have been uprooted from the soil of slavery. The peculiar weakness and helplessness of their condition appeals to us all the more eloquently because it is one stage in the process of that emancipation for which we have so long prayed. For the woes of slavery we have no right to present them with the blank abyss of annihilation. Mere *freedom* is not enough. There must be developed, by careful nurture and training, a soul-strength which will enable him to realize the full idea of *liberty*. We must bless the slave or he will curse us. We must relieve his wants or he will miserably perish, and carry down with him, at least to a temporary grave, the cause of universal emancipation.

As suggestions to our people in this matter, we submit the following:

1. The condition of the freedmen demands serious and prayerful consideration in order that all means practicable may be used for their relief; and we especially recommend that local societies be formed for the purpose of securing supplies of money and clothing for this object.

2. As proper channels of our beneficence in this direction, we would mention the "Western Freedmen's Aid Commission," located at Cincinnati, and the "Northwestern Freedmen's Aid Committee," at Chicago, auxiliary to the "American Missionary Association." Leading officers in both these are individuals well known to the Methodist public, and we have reason to regard both as safe and efficient agencies in this matter.

3. As a guarantee to our people of fidelity in the disbursement of their moneys, and as a source of the information that may enable us to regulate our future action on this subject, we recommend that these moneys be forwarded to the care of W. M. Doughty, to be acknowledged by him in the *Northwestern Christian Advocate*, and then held by him subject to the order of the treasurers of the respective societies to which they may be directed.

F. D. HEMENWAY, *Secretary*.

11. ON PARSONAGES AND FURNITURE.

Your Committee, to whom this subject was referred, find, upon examination, that in this Conference about one-half of the whole number of our charges are unprovided with parsonages, and many others are entirely destitute of furniture. The newness of many portions of the country within our bounds, and the frequent divisions of charges, are sufficient justification for the past. But your Committee believe the time has now come when we should turn our attention, with new zeal and energy, to the work of securing, as rapidly as possible, suitable and well-furnished parsonages on all our circuits and stations. We offer, for adoption by the Conference, the following resolutions:

1. *Resolved*, That we most earnestly urge upon both the preachers and the people of the Rock River Conference the importance of immediate, energetic and persevering efforts to provide comfortable and well-located parsonages for each of our pastoral charges.

2. *Resolved*, That in view of the great saving of expense, both to the preachers and the charges, and the relief which would thereby be afforded to the wife of the itinerant, upon whom our economy bears so heavily, we urge the importance of providing parlor and heavy furniture for our parsonages, and we deem it quite expedient that such provision be made for the charges where no parsonages exist.

3. *Resolved*, That we regard it as the imperative duty of preachers occupying our parsonages to see that the church property does not depreciate by their negligence, and that, wherever practicable, they make an effort to improve and beautify the parsonage grounds.

All of which is respectfully submitted.

SAMUEL A. W. JEWETT, *Chairman*.

12. MINOR REPORTS.

ON PUBLICATION OF MINUTES FOR 1862.

Your Committee appointed to publish the Minutes of the last session of the Conference, present the following report:

There were published of the Minutes of our last session		
1,500 copies, at a cost of.....		\$200.00
For Advertising.....	\$91.00	
For publishing Missionary Collection.....	25.00	
On sale of Minutes, 1,200 at \$6.00 $\frac{1}{2}$ 100.....	72.00	188.00
Balance unprovided for		\$12.00

It is believed that if these Minutes had been issued at an earlier day (their issue having been delayed by causes over which the Committee had no control), all would have been sold, \$13.00 more of advertising secured and a surplus instead of a deficiency would now have been reported.

For the coming year the Committee ask for \$50.00 for publishing the Missionary Collections, and advise that 2,000 copies of the minutes be published immediately after the

adjournment of the Conference, and sold in the manner and at the price of those of last year; and that advertising be allowed to such an extent as is needed to meet the deficiency on the cost of publication and that on last year.

All of which is respectfully submitted.

L. SCOTT.

ON CLAIMS OF REV. G. SMITH'S CHILD.

Your Committee on the funds of Bro. Smith's child, would report that the relations of the child, while living, desired the whole amount to remain on interest until the child was old enough to obtain an education, and that they are satisfied that Robert E. Sallie is the legally constituted guardian of said child; and that before the funds could be used for the purpose of education, the child died, and that the funds, including the interest, now in the hands of L. Hitchcock, amount to \$115.45. Your Committee recommend that Bro. Hitchcock be authorized to pay out of that sum for the removal of the remains of Rev. Geo. Smith, and for a suitable monument, costing from \$50.00 to \$75.00, and pay the remainder over to said Robert E. Sallie, to defray the expenses of sickness and burial of said child.

REPORTS OF COMMITTEES.

1. EDUCATION.

In the general prosperity which has attended our various institutions of learning during the past year, notwithstanding the prevalence of war in our country, we discover abundant cause for thankfulness and encouragement.

We have now a well arranged and definite plan of action, embracing a sufficient number of institutions well located and representing every necessary phase of education and we have reason to believe that our people were never more intelligently or more generously devoted to their support. We will refer to them in order.

GARRETT BIBLICAL INSTITUTE.

Since our last session this institution has for the third time received the favorable notice of the General Conference. It may, therefore, be considered as now fully established upon a connecional basis, and, as such, not only entitled to our special regard and patronage, but to that of the whole Church.

In this view we cordially approve of the steps taken by the Faculty under direction of the Trustees in reporting to the several annual conferences. We are also gratified to learn that cheering responses have already been received from various directions, and that there is promise of an unusually large attendance of official visitors at the ensuing anniversary.

It has been the lot of the institution to suffer severe loss during the past year in the death of the Rev. Dr. Dempster, its venerable senior professor. But while "God buries his workmen he carries on his work." The Rev. Miner Raymond, D. D., having been duly recommended by the Bishops and elected by the Trustees, has already entered upon his work as Professor of Systematic Theology with good promise of success.

The number of students in 1864 has been precisely the same as it was in 1863, namely fifty-seven, although the candidates for graduation are not so numerous. This is occasioned in part by the demands made by the country upon her young men, and in part by the determination of several who, according to previous arrangements, might have graduated, but who have wisely determined to enlarge their preparation to correspond with the requirements of the new standard of qualifications.

We are happy to learn that the disposition to avail themselves of the advantages of the Institute is increasing among our young ministers and candidates for the ministry in all parts of the Church and that the prospect is good for a very large number of students as soon as the country is relieved of the agitation and embarrassments of the present war. This circumstance renders both timely and imperative the necessity now recognized by the Trustees of taking immediate steps for the erection of permanent buildings.

The period also in our denominational history is highly opportune, corresponding, as it does, with the centenary of American Methodism. The corresponding period was embraced by our brethren in England for the erection of centenary memorial edifices for both branches of their theological institution. Already our brethren in New England are moving actively and successfully for a similar purpose, and now it remains for us and the conferences of the West to accomplish for this institution a like result at once worthy of such examples and also of the grand design of ministerial education.

The following resolutions are submitted as embodying the appropriate Conference action in reference to this institution:

WHEREAS, The pressing necessities of the Garrett Biblical Institute demand the erection of a building, providing a chapel, a library room, recitation rooms, &c.; and

whereas, the trustees of said Institute are about taking measures to raise funds for this purpose, therefore,

1. *Resolved*, That we will heartily co-operate with them in this work, contributing of our means as we have ability and commending their enterprise and their agent, Rev. J. S. Smart, to our people.

2. *Resolved*, That we recommend that the moneys collected for this purpose within the bounds of this Conference be credited to our local centenary fund.

3. *Resolved*, That as the Garrett Biblical Institute is clearly a connectional institution in whose prosperity the whole Church is interested, and as the building to be erected is to be monumental in commemoration of the first centenary of American Methodism it should, in our opinion, also receive its fair proportion of the connectional funds contributed during the year of the centennial celebration.

4. *Resolved*, That in accordance with the plan embodied in the act of incorporation we hereby declare the Rock River Conference to be a patron of the Garrett Biblical Institute, and that we will appoint two of our members as a visiting committee for the ensuing year, viz.: Rev. E. M. Boring, Rev. W. T. Harlow.

5. *Resolved*, That whereas the time for which three of the present trustees were elected expires in February, 1865, the following persons be appointed to serve respectively four years from that date, viz.: Orrington Lunt, Esq., Rev. Thomas M. Eddy, Rev. Luke Hitehoeck.

6. *Resolved*, That we recommend the re-appointment of D. P. Kidder and M. Raymond as Professors.

NORTHWESTERN UNIVERSITY.

From the report of the trustees of the Northwestern University we learn that the number of students in attendance during the past year in both the collegiate and preparatory departments was one hundred and twenty-six, an increase of about forty per cent. over the attendance during any preceding year. ●

The aggregate value of the property of the institution remains about the same as reported at your last session. About one half of its property is productive, yielding an annual income of a little over \$6,000. The unproductive portion is gradually becoming available for endowment purposes, through sale and lease.

The sales of lots effected during the past conference year amount to \$20,050, and \$4,100 worth have been leased, making an aggregate converted from unproductive to productive assets of \$24,150. The resulting increase of resource affords very timely relief to the institution, enabling it more adequately to meet the current expenses. But the income is still very inadequate to the wants of such an institution, and it is earnestly hoped that the wisdom and munificence of its friends will speedily devise means whereby its present limited corps of professors may soon be strengthened and such other appliances be provided as will render the college every way worthy of the position which it occupies in relation to the church and the country.

A most pressing want of the University is enlarged and more permanent buildings. This want is now sought to be provided for by an appeal to its friends for the means wherewith to build. The effort is now being made to raise by subscription the sum of \$30,000, with the intention of proceeding forthwith to the erection of such buildings as will be adequate to the wants of the College and creditable to the Church.

Resolved, That the cordial co-operation of the Rock River Conference is hereby pledged in aid of the above enterprise.

CLARK SEMINARY.

This institution is largely patronized, and its operations as a school have never been more harmonious and prosperous. It is altogether worthy the confidence and patronage of the people.

The Trustees ask the appointment of G. W. Quereau as Principal, and brethren stationed at Aurora, Oswego, Plainfield and Wheaton, as visitors.

The Commission appointed at the last session of the Conference, to have in charge the raising of funds for the purchase of Clark Seminary report—

That they have received subscriptions to the amount of \$9,000, and cash in hand nearly \$4,500.

That the prominent creditors of the Seminary extend to them and through them to the Conference, the proposition as made last year by the Trustees of the Seminary, and give one, two or three years to raise the funds needed.

That the Commission are unanimous in recommending to the Conference to accept the proposition of the creditors and to adopt the most efficient means to raise the fund.

Your committee have examined the books and accounts of the Commission, and having given the entire subject careful attention, propose to the Conference the adoption of the following resolutions:

Resolved, That thanks are due the Commission for their faithful discharge of the duties assigned them.

Resolved, That we accept the proposition of the creditors.

Resolved, That the Conference reappoint the Commission, consisting of nine persons, with full powers to act in its behalf in this matter.

Resolved, That we recommend the appointment of two agents to raise the funds as soon as possible, the agents being paid from the moneys they severally collect, the amount of their compensation being fixed by the Commission.

Resolved, That as preachers we pledge our entire co-operation to the Commission and agents in aiding them to secure collections and in collecting funds for the object named.

The Commission are: Grant Goodrich, D. P. Kidder, S. P. Keyes, E. Q. Fuller, Samuel McCarty, G. B. Moss, F. A. Read, L. H. Bugbee, and G. W. Quereau.

The agents are Caleb Foster and Wm. H. Smith.

PROPOSITION OF CREDITORS.—We, the undersigned, will continue the proposition made by the Trustees of Clark Seminary to the Rock River Conference at its session in Rockford, Ill., in 1863, and give one, two or three years in which to pay it.

This is the proposition: The said Rock River Conference shall pay \$25,000 for the Clark Seminary building and plat of land on which it stands, and furnishings and apparatus and fixtures, and as soon as we can perfect a title to said property, we will give to the Trustees, or to whom the Conference may direct, a bond for a deed of said property, at which time the Conference shall pay over to us the money they now have on hand, or may have at that time. After which time they must pay six per cent. interest on the balance unprovided for or unpaid until it shall all be paid.

The Conference shall at all times pay over to us every six months what they collect in that time until the full sum of \$25,000 and interest is paid, at which time we will give them a deed of the said property from all incumbrance.

And it is further understood and agreed that the interest upon said \$25,000 is to be released from July first, 1863, to the consummation of this contract. Neither the Trustees, nor commission to be appointed, nor the Conference shall in any case be held liable in their individual capacity for the payment of such moneys.

EDW'D. JACKSON,
F. D. HODGEMAN.

ROCK RIVER SEMINARY.

The Seminary may be regarded as virtually out of debt. The last payment will be made before the 1st of November next.

Notwithstanding the war, the institution continues its vigorous work of imparting thorough and practical instruction. The teachers are competent and indefatigable in their respective departments.

It has been found necessary to make an addition of twenty-five per cent to the expense of the past year.

The Trustees ask the appointment, as a visiting committee, of the brethren to be stationed in West Rockford, Galena, Polo, Sterling and Dixon.

They also ask the appointment of Rev. H. L. Martin, B. F. Sheets and Matthew Blair as Trustees, in place of brethren whose term of office now expires.

NORTHWESTERN FEMALE COLLEGE.

This institution is enjoying increasing prosperity in all its interests. With extended capacities for the reception of students, with an able corps of instructors, it is worthy of the continued and enlarged confidence and patronage of the Church.

The Board of Trustees request the reappointment of Rev. D. P. Kidder, and Rev. T. M. Eddy as Conference Trustees, and also that the P. E. of the Chicago District and the ministers who may be appointed to the Wabash Avenue Church, Chicago, Waukegan, Evanston and Joliet as a board of visitors for the coming year.

The Trustees also request that the Bishop shall appoint Rev. Wm. P. Jones as their agent another year.

Your committee recommend that the requests of the Trustees be granted.

RESOLUTIONS.

WHEREAS, J. C. Stoughton was induced to undertake an educational enterprise within the bounds of the Illinois Conference, prior to the breaking out of the existing war, which enterprise has been greatly hindered in consequence of said war, and is not yet consummated;

AND, WHEREAS, Bro. Stoughton has become so involved in said enterprise, and is so far pledged to parties who have advanced large sums of money for the erection of the buildings, that he feels morally obligated to them to devote a large portion of his time to that work for the ensuing year, therefore,

Resolved, That we recommend the Bishop to appoint J. C. Stoughton Agent of the Urbana and Champaign Institute.

D. P. KIDDER, *Chairman*.

G. W. QUEREAU, *Secretary*.

2. THE STATE OF THE COUNTRY.

The Committee on the State of the Country respectfully report, that the continuance of the war of the rebellion calls upon us to renew our declarations of loyalty and reaffirm our fidelity to the government.

As members of a conference long known for the distinct utterance of the truth on all moral questions which relate to national affairs, we make the following declaration of belief:

1. That God rules in the affairs of men, and that our prayers should always be made to him for his guidance, and our thanks ascend to him for his blessings.

2. That God has wisely permitted, at times, temporary disaster and reverses for the purpose of awakening a sense of our national peril, and an abhorrence of the national sin which occasioned it.

3. That as God's plan is "first pure then peaceable," no permanent peace can be hoped for until as a people we are prepared to confess, forsake and make restitution for the sin of slavery, which is as opposed to the principles of the gospel as it is at variance with the theory of republican government.

4. That in those parts of our land where the public conscience has become debauched by long persistence in the degrading crime of slavery, "*that only thing which*," in the language of the President, "*ever could bring this nation to civil war*," there is no hope that moral conviction will ever lead to such public regeneration as must precede peace, until the force of arms and the progress of victory shall subdue the false pride and humble the aristocratic pretensions of the leaders of the rebellion.

5. That in the war occasioned by the slaveholders' rebellion, Right, Truth and Justice are equally involved with the national honor and existence; and therefore it is the duty of every Christian citizen to sustain the government in its peril, with his purse, his services, and, if need be, with his life.

Believing these positions to be well established, your committee recommend the adoption of the following resolutions:

1. *Resolved*, That as Christian ministers, we recognize the hand of God in all our

past history, and while we bow humbly before his judgments, we devoutly thank and praise him for the recent victories gained by our arms, heralding as we believe, the dawn of the day which will bring peace to our borders.

2. *Resolved*, That sympathizing with our brethren who have suffered cruel treatment from the hands of rebels, we recommend to the President of the United States the exercise of a *merciful severity* toward all who are guilty of mal-treating prisoners of war, or such barbarities as the sacking of Lawrence, the massacre at Fort Pillow, or the recent outrages in Missouri.

3. *Resolved*, That condemning equally both faint-hearted endorsement and avowed hostility on the part of public journals as well as of private citizens, we are gratified with and highly approve the bold and uncompromising course of our *Northwestern Christian Advocate* with reference to national affairs.

4. *Resolved*, That inasmuch as participation in the choice of rulers and representatives is both a national privilege and a Christian duty we recommend to all our brethren who in case of removal by conference appointment would be deprived of their votes in the November elections, to arrange with their charges, at whatever sacrifice of personal convenience, for continued residence, so that not a vote may be lost by which the national honor may be periled.

5. *Resolved*, That humbly trusting in God, we will actively work for the right, while a rebel remains in arms, a slave is held in bonds, or a danger threatens our land.

3. SUNDAY SCHOOLS.

Your Committee appointed to consider this most important interest of the church respectfully report the following resolutions and their adoption by the Conference.

WHEREAS, The S. S. societies in all our pastoral charges are auxilliary to the S. S. Union of the M. E. Church, and we are deeply indebted to the Union for pecuniary benefits received during many years past;

1. *Therefore, Resolved*, That our Sunday schools ought to be trained to contribute much more largely than we have ever yet done to the funds of our S. S. Union, and we recommend our Sabbath schools to so arrange their benevolent contributions as to remember and liberally aid the Sunday School Union of our Church, and we urgently call the attention of the pastors and officers of our Sunday schools to this obvious duty.

2. *Resolved*, That we earnestly recommend the holding of Sunday School Institutes or Conventions in each district throughout the Conference.

3. *Resolved*, That we urgently call the attention of pastors and parents and officers and teachers to the high importance of earnest and careful effort to secure a more general attendance of the children of our Sabbath schools upon public worship, avoiding the error practically adopted so often of thinking the exercises of the Sabbath school obviate the necessity of engaging with our congregations in the public worship of God in his holy temple.

4. *Resolved*, That we urge upon all our people the important duty of attendance on the part of adults upon our Sunday schools and Bible classes.

5. *Resolved*, That we deem it matter of highest moment that more careful attention be given by the ministry to the disciplinary provisions for the instruction of the children.

E. M. BORING, *Chairman.*

SAMUEL A. W. JEWETT, *Secretary.*

4. TEMPERANCE.

In view of the rapidly increasing evils of intemperance, your committee would urge upon the members of the Conference the necessity of renewed efforts in this

department of Christian labor. For many years the suppression of this evil has required and received the efforts of some of the best minds of the age, and yet it has ever been more than a match for all such efforts,—but now the demand upon Christians for still more powerful efforts is fearfully augmented by the peculiar and alarming condition of our country. War is terrible, but in nothing is it more so than in its effects upon the moral and social habits of the people. The facts of history, gathered in the light of our Revolutionary War, should startle to activity the most dormant, and call to renewed energy every patriot, philanthropist and Christian. From the date of the revolution commences our record of shame as a nation of drunkards; and now, after years of earnest and painful toil, and just as the friends of humanity had begun to gather the fruits of their labor, and ground of hope for the permanent reform of our people had been reached, the demon of war has spread his dark wing over our continent and the toil of these years is imperiled, and the flood-gates of drunkenness seem about to be thrown open. In view of these dangers, we urge our plea for renewed efforts. What we have been doing is not enough to meet the emergencies of the hour. It is too late in the day to talk to a body of Christian ministers about the evils of intemperance; and if there be real ground for suspecting increasing danger, a corresponding duty must be felt by every Christian.

Dear Brethren: We entreat you to candidly and thoroughly examine this subject, and in the light of its developed facts do not be found wanting. While an enlightened judgment will point out the better plan to be pursued in our several locations, yet your Committee would suggest active affiliation with some organization.

Your Committee would recommend that all pastors preach especially on this subject, and call attention to this Conference action.

Especially should we be on our guard lest this insidious destroyer steal in upon our people in the guise of *beers, and domestic wines*, and thus make the way easy for all the disgusting and ruinous results of inebriation.

The use of these liquors as a beverage is a violation of the letter and spirit of the Discipline of the Church, and is expressly forbidden in the word of God.

J. C. STOUGHTON, *Chairman*.

A. P. MEAD, *Secretary*.

5. TRACT CAUSE.

The Committee on the Tract Cause would respectfully report for the action of the Conference, that it is their conviction that no other instrumentality of the Church can supply the people under our influence with that form of religious instruction contemplated in the distribution of tracts. The field for this department of Christian effort is annually enlarging; and especially with reference to the thousands of soldiers, seamen, and hosts of freedmen, who have but little leisure or opportunities for religious reading. Many persons also in our congregations from such a means of grace, are often awakened, converted, and become useful members of the church. Hence, the duties devolving upon the members of this Conference are unmistakably clear. God calls upon us to be more than ever active in this enterprise; therefore, to meet the demands in this direction, be it

1. *Resolved*, That in each appointment of this Conference, every preacher having a charge, at as early a period as practicable in the ensuing conference year, take up a collection, to be appropriated for the purposes designed by the Tract Cause.

2. *Resolved*, That the *new rule* of the Discipline, passed by the last General Conference, requiring the appointment of committees by Quarterly Meeting Conferences, for the promotion of this object, meets our hearty approval, as timely and very judicious.

JOSEPH HARTWELL, *Chairman*.

T. COCHRAN, *Secretary*.

6. BIBLE CAUSE.

The Bible being the only sufficient revelation of the purposes of God toward the race, all ministerial and missionary work for the salvation of man rests upon the Scripture, and is but a reproduction of its truths. It is the heritage of humanity, the chart

of life, so that its circulation is necessarily the *first* and *highest* duty of Christian benevolence. The American Bible Society, with which our church has acted for twenty-eight years, has issued nearly twenty millions of copies. It now sends forth annually about one million five hundred thousand copies. Since April, 1861, it has distributed in the army and navy two millions five hundred thousand copies. So great a demand has the war created that the Society has distributed more copies during the last three years than in the first twenty-eight years of its existence.

The immediate demand is now more pressing than ever before. The new army of five hundred thousand men, the losses by accident among the old troops, and the empty hands of two millions of freed people, call for our most vigorous efforts. Nothing less than our uttermost endeavors can meet our responsibilities before God. Therefore,

1. *Resolved*, That fully endorsing the policy of the American Bible Society and the Agent of Illinois, we pledge our hearty co-operation with the traveling agents.

2. *Resolved*, That we will present the subject to our people once a year, and more frequently if practicable.

3. *Resolved*, That we require reports from the Bible Agents and report the same to the Conference.

4. *Resolved*, That a regular Bible Anniversary be held at every session of our Conference.

7. MEMOIRS.

JOHN DEMPSTER, D. D.—Rarely does it fall to the lot of an annual conference to record the death of a minister of the gospel at once so aged, so venerable and so active as was the subject of this notice at the period of our last annual assemblage. Although at that time Dr. Dempster had been forty-seven years a traveling minister, he appeared among us as one capable of doing full service in the most responsible offices of the Church. He served on our leading committees. His voice in pregnant utterances was heard on the most important subjects, and at the time of our separation he left as hopelessly as any one of our number to enter upon the duties still before him. A few weeks later, in the church where we are now assembled, he presided at the Anniversary of the Institution to which the last nine years of his life had been devoted. That was the last public service at which he officiated. On the 28th of November, 1863, he fell asleep in Jesus, aged 70 years lacking thirty-five days.

He was born January 2d, 1794, in the town of Florida, New York. At the age of 18 he was brought to the knowledge of sins forgiven through the merits of a crucified Redeemer, and soon after commenced the glorious work of calling sinners to repentance. He entered the itinerant ranks in 1816, and his successive appointments, as stated in our General Minutes, were as follows:

1816, St. Lawrence, Lower Canada District; 1817, Paris, N. Y.; 1818, Watertown; 1819, Scipio; 1820, superannuated; 1821-2, Watertown; 1823, Homer; 1824, Auburn; 1825-6, Rochester; 1827-8, Cazenovia; 1829-32, Cayuga District, Oneida Conference; 1833-5, Black River District; 1836-41, Missionary to Buenos Ayres; 1842, Vestry Street, New York; 1843-4, Mulberry Street; 1845-54, Professor in Biblical Institute, Newberry, Vt., and Concord, N. H.; 1855-63, Professor in Garrett Biblical Institute, Evanston, Illinois. Thus he was successively a member of the Genesee, Oneida, New Hampshire, Black River, and Rock River Conferences.

His fields of labor were extremely diverse and yet he occupied every one of them with marked success. From the borders of Canada on the north to St. Augustine, Florida, on the south, whither he went in 1835, primarily in search of health, and thence to Buenos Ayres in South America; from New England on the east to Illinois on the west his name has, during the last half century, been familiar to the good and associated with active labors for the promotion of the cause of Christ.

As in many pages already published (see Appendix to the volume of Dempster's Lectures and Addresses, also the July number of the Methodist Quarterly Review) his character as a minister, as a missionary, as a student and thinker, also as a teacher and a man of progress has been duly set forth; it is only necessary, indeed, only practicable,

here to record a few brief words in token of the estimate in which his memory as a preacher and an educator deserve to be ever cherished by the Church.

As a preacher he was at once simple, stirring and profound. He seized with a master's hand upon the great cardinal truths of revelation and providence and wielded them with equal application to the judgment and the conscience. His earlier ministry was marked with great impressiveness and if in after years with failing strength and more contemplative habits his manner in the pulpit seemed less energetic and his thoughts more profound there never was a time when sacred truth did not kindle lively emotions in his soul and call forth breathing and burning words from his lips.

As an educator his position was one of peculiar influence and honor. Convinced by his own experience and observation of the great loss the Church was suffering for lack of institutions specially adapted to ministerial education he devoted himself intelligently and laboriously to the task of founding such institutions. For this work he had a special talent, and a special call, and God crowned his labors with encouraging success. For eighteen years he toiled in this chosen field, and though his work was in a great degree preliminary he was permitted ere its close to witness results which cheered his heart and filled him with glorious anticipations for the future. Although not spared to consummate all the plans he had formed he nevertheless accomplished more in various spheres than most men would have dared to plan.

When in the midst of schemes and undertakings contemplating future usefulness on distant shores, he was suddenly summoned to rest from his labors, he was found prepared for the event.

The severity of his illness left him little strength for the utterance of words, yet the calmness of his spirit, his occasional responses, and the expressions of his countenance indicated a glorious triumph over the last enemy through faith in the atonement of Christ.

"O, may we triumph so,
When all our warfare's past;
And, dying, find our latest foe
Under our feet at last!"

8. FREEDMEN'S AID COMMISSION.

The Committee on the Freedmen's Aid Commission have had the same under consideration and respectfully submit the following report:

The General Government is taxed to the utmost to push forward the war, and the life of the republic being its first duty, the cause of the Freedmen is largely dependent upon the loyal Christian public.

Two millions of *hungry, naked, ignorant* freed-people are pleading for our charities; and God is saying to us *feed, clothe, instruct, Christianize* these suffering ones.

They are doing their utmost for self-support. The General Government purposes a just and efficient policy toward them, and the Christian public must come speedily to its support. Therefore,

1. *Resolved*, That we will heartily co-operate with the General and State governments in any practicable policy they may propose.

2. *Resolved*, That we recommend the organization of local societies to be auxiliary to the Northwestern Freedmen's Aid Commission for the purpose of raising money, clothing and household necessities, and also the support of schools among the freed people.

3. *Resolved*, That as Christians and as patriots it is our solemn duty to carry forward this momentous work with our prayers, our money and our personal efforts.

Signed,

G. L. S. STUFF, *Chm.*

9. ROSE HILL CEMETERY.

The Committee to whom was referred the proposition of the Rose Hill Cemetery Co. to donate a plot of ground as a burial place for the members of the Rock River Conference respectfully report that,

WHEREAS, A proper respect for the remains of the honored dead is eminently befitting the followers of Him whose crucified body was entombed in a garden, therefore,

1. *Resolved*, That the generous offer of the Rose Hill Cemetery Co. be gratefully accepted by the vote of this Conference, with reference on our part to the obligation incurred for its proper protection.

2. *Resolved*, That a committee of three shall be appointed to act as trustees for the holding of said plot of ground for the Conference.

3. *Resolved*, That said trustees shall immediately make choice of a suitable location in the cemetery, and report to the next session of this Conference what measures are necessary for its proper care and adornment.

10. CASE OF D. C. HOWARD.

The Committee has given the case of Rev. D. C. Howard prayerful and patient consideration, examining at length the presiding elder of the district, the published statements bearing upon it, hearing Brother Howard, and questioning him closely, and submit,

I. THE FACTS IN THE CASE.

1. At the last Conference Bro. Howard received a superannuated relation under circumstances causing him affliction and bringing him into sore temptation.

At this time propositions were made him to preach among the Universalists, and he, having long entertained some doubts as to the eternal duration of the punishment of the finally impenitent, decided to do so.

It appears that he was received into the "Church of the Messiah," the Universalist Society of Sycamore, and on the 6th of December published in the *New Covenant* reasons for withdrawing from the Methodist Episcopal Church.

2. It appears that he did not consider his withdrawal from our Church consummated by his admission into the Society at Sycamore, but purposed its consummation at the meeting of "the Convention," to be held subsequently. He stated to the Presiding Elder that he retained his parchments because until the meeting of the Convention they were his sole vouchers for ministerial authority, and that for doctrinal teachings, and for his moral and ministerial character he considered himself amenable to the Rock River Conference.

3. Prior to the meeting of the Convention, he found that he had made a terrible mistake, that he could not live with a people who failed to receive the cardinal doctrines of atonement, salvation by faith, regeneration by the Spirit, and future retribution, and he determined to retrace his steps, and, if possible, regain his place in the bosom of the Church of his youth. On the 16th of April he published, in response to certain interrogations, a letter in the *Northwestern Christian Advocate* denouncing his connection with Universalism, and declaring his support of the resolutions of the Rock River Conference on the "State of the Country," from which he dissented at Joliet.

II. HIS DOCTRINAL VIEWS.

The single point at which Bro. Howard dissented from our Church was the one stated above, viz., the duration of future punishment, but in the letter published in the *New Covenant* he also spoke of the doctrine of total depravity as exploded, a statement utterly inconsistent with our articles of religion and standard authors. Your committee made a searching and protracted examination of Bro. Howard's faith. He admitted having had doubts as heretofore stated, but said he could not deny the duration of future punishment without being drawn into the errors of Universalism, and therefore

he accepts it. He found the doctrine in the teachings of the Church, and because he believed the doctrines of the Church he should accept and teach it. He believed that there is no hope for any who die out of Christ.

He affirmed his faith in the doctrines of the Church as set forth in its Articles and Discipline and as expounded by its standards, and that he utterly and entirely renounced Universalism.

III. HIS SPIRIT.

Your committee have been favorably impressed with the spirit of Bro. Howard, and with his frankness and candor. We believe him sincerely penitent, and that his defection from the Church of his early choice is the great sorrow of his life. He does not palliate his rashness, nor will we. He does not wish us to. He is willing to take any honorable steps to undo any wrong he may have done. He comes to us saying, "I have erred and strayed;" "Have pity on me, O my brethren."

IV. OUR CONCLUSION.

1. We are not embarrassed by any immoral conduct in Bro. Howard's case. The Presiding Elder testifies that against him there is no charge affecting his moral character.

2. There is no doubt that when he united with the Universalist Society at Sycamore, he meant to withdraw completely and totally from our ministry and membership, but we are satisfied that he did not consider *that act* as the final severance of his Church relations, but, on the contrary, subsequent to that time, he reported himself to the Presiding Elder as recognizing the authority of the Rock River Conference to hold him accountable for his moral and ministerial character.

3. He paused and retraced his steps before taking what he considered the final step, and comes back penitently asking restoration.

In view of these facts we recommend,

1. That this Conference permit Bro. D. C. Howard to recall his announced withdrawal from the Methodist Episcopal Church and its ministry.

2. That, while we regard Bro. Howard's conduct as highly censurable, yet believing his professions of regret are sincere, and that his declarations of belief in all the doctrines of the Methodist Episcopal Church are made in all good faith, we recommend that his character pass.

11. CASE OF H. WHIPPLE.

The Committee to whom was referred a paper relating to the case of Rev. H. Whipple respectfully report, that having carefully examined the documents we find that they contain substantially the same facts as were embodied in a series of charges presented at the last session of this Conference and withdrawn by the prosecution, and further, they exhibit and contain no ground for the arrest of the character of Bro. Whipple, and therefore recommend that his character pass.

13. A FEW SUGGESTIONS

"Methodism is eminently a system of *method* in all its business arrangements; and no class of Christian Ministers, perhaps, are better trained to business habits than those of the Methodist Episcopal Church. We would not, therefore, undertake to advise aged and experienced brethren, but our younger brethren who may desire to become *model* members of Conference, will excuse us for offering the following hints:

"1. Prepare all your returns for Conference with *black ink*. Let your penmanship be *fair*; your figures *distinct*; and your manuscript *free from blots and slovenly erasures*. Keep copies for reference. You may thus save much trouble, both to yourself and others.

"2. Let your Statistical Reports be thoroughly prepared fully a week before Conference meets; and if you cannot be present at the opening of the session, forward them to your Presiding Elder by mail or otherwise. The General Statistics go to the Committee on Statistics, and the Sunday School Statistics to the Committee on Sunday Schools.

"3. Make the sum total of each of your collections *even dollars*, and thus avoid long double columns of cents. This will save a large amount of labor to the Committees, the Board of Stewards, the Secretaries of Conference, and the Committee to publish the Register.

"4. Put up each collection in a separate package, using bank notes of as large denomination as possible; and mark with ink both the inside and outside of each package, the amount, what it is for, the name of the district, the circuit or station from which it comes, and your own name.

"5. When at Conference avail yourself of the *earliest opportunity* to hand to the proper persons your Statistical Reports and benevolent moneys. Do not give them the trouble of *hunting after you* to get them. The Missionary and other collections go to the appropriate committees. The collections for Conference Claimants go to the Board of Stewards."

(The above "suggestions" are taken from the Annual Register of the East Baltimore Conference. Their suitableness to this latitude is sufficient reason for their appearance here.)

6. The work of the Stewards is necessarily complicated and laborious—much more so when brethren delay to report to them in time. They ought to receive the financial report of every preacher the first day of the session.

7. Blanks for "Statistics" or "Finances" will be furnished at any time during the year, or to P. E's. for their districts, on application to the Secretary. It is better, however, to take duplicates at Conference for the coming year.

NOTE.—Numerous blanks are still seen in the above table, though repeated efforts have been made to fill them. Last year many hours were spent in searching the General Minutes for items that brethren could have readily furnished. Will not each one whose "record" is not full report at once to the Secretary that hereafter this table, so full of interest to many, may be complete?

NOTE.—There being no general provision for reporting the names of Local Preachers much trouble has been required to procure a list of their names even so imperfect as the above. Will not Presiding Elders and the Preachers generally, see, hereafter, that correct returns are made to the Secretary at Conference of all the Local Preachers under their care? Some have done so. See Discipline Appendix, p. xvii. If Local Preachers will forward their names, with Postoffices, and relation to the Church, as Elder, Deacon, or Preacher, to the Secretary of the Conference at Mendota, they will be filed for future use.

IX.

MISSIONARY COLLECTIONS.

NOTE.—The following reports have been prepared by the preachers severally with unusual care—most of them plainly, many neatly—and it is hoped they will be found printed correctly. The following suggestions, however, may be of service next year: 1. Prepare these reports *before leaving home* for Conference. 2. Use half sheets of *white* foolscap paper. 3. Rule with red ink—*red* pencil will do—for two or three columns with credits. 4. At the head of the sheet put the name of Charge and Pastor thus: SANDWICH, J. HARTMAN, *Pastor*, as in the following reports. 5. Enter the names carefully with *black ink*, in classes, as may be seen in the reports from Kingston, Shabona, and Twelve Mile Grove, or, with the names of the collectors, as in the report from Yorkville, or both. (See new Discipline, page 232.) 6. Fold crosswise of the sheet, as for filing. 7. Mark the paper thus folded on the outside with name of Charge, District and Preacher, thus:

8. Write on one side only of the sheet. 9. If more than one half sheet is used, tie or stitch together at the top of the page ; 10. Then, if your reports are not printed correctly and neatly, you have a right to complain.

AURORA INSTITUTE AND CLARK SEMINARY,

LOCATED ON THE CHICAGO, BURLINGTON & QUINCY RAILROAD, AT AURORA,
KANE COUNTY, ILLINOIS, FORTY-EIGHT MILES FROM CHICAGO,

IS A SUPERB STONE BUILDING,

Fire-proof, built and furnished at a cost of about \$70,000, and has, from kitchen to laboratory, the conveniences that much experience and observation in the best Eastern Institutions could suggest and Western enterprise and capital provide. Provisions are made on a scale so extended as to afford a complete division of labor, and insure the greatest excellency in the departments of instruction, and the greatest economy to the pupils.

The Institution is conducted on the principles of a well regulated Christian family, and lays claim to patronage in

ITS MORAL DISCIPLINE, ITS SOUND SPIRIT OF CULTURE, AND ITS REASONABLE CHEAPNESS OF EXPENSE.

Special prominence is given to the

FEMALE DEPARTMENT.

COURSE OF STUDY.

The common English branches receive special attention—nothing is allowed to supersede them. Two Graduating Courses—a Scientific and a Classical—are arranged for both ladies and gentlemen. There is a College Preparatory Course, aiming at special thoroughness in Latin, Greek and Mathematics. The Commercial Course is thorough and at low rates of tuition.

LECTURES ARE GIVEN ON

Physiology, Philosophy, Chemistry, Geology, Commercial Law and Ethics,

BUSINESS HABITS, MANNERS, MORALS, Etc.

The Modern Languages, Music, Drawing, Painting, and Ornamentals, are in the hands of skillful Teachers.

There are experienced Professors, Teachers, and Lecturers; a full set of Wightman's Philosophical Apparatus, Globes and Maps; and three flourishing Literary Societies.

 A TEACHERS' CLASS IS FORMED FOR THOSE PREPARING TO TEACH. 

The Winter Term Opens December 5th: Spring Term March 26th.

Large deductions are made on the bills of clergymen's children, and of young men preparing for the ministry.

 For Circulars, giving full information, address the Principal,

REPORTS OF COMMITTEES.

1. ON EDUCATION.

GARRETT BIBLICAL INSTITUTE.

As a Conference, we are peculiarly favored in having located in our midst the first, and as yet, only well endowed Theological institution within the range of Methodism in America. While this institution has had to encounter the various obstacles incident to a new enterprise, we rejoice that it is rapidly overcoming them, and at a very early period in its history attaining a high reputation for efficiency in its important and peculiar work. On this subject the Board of Visitors from various annual conferences, after attending the last annual examination, gave testimony in the following language :

"The institution is steadily approaching the grand ideal of its founders—to furnish a thorough Biblical and Theological training. The teachers of a Theological school ought not to be expected to occupy their time with elementary and preparatory instruction in English and Classical studies. Their proper work is to teach Biblical Criticism and Interpretation—to thoroughly indoctrinate in a sound Theology—to direct the student how to make all his previous attainments available for the sacred work of the Christian Ministry—and to induce such habits of study as shall give a character and direction to all his future course. These ends have been more effectually secured during the past, than in preceding years, and we look forward with confidence for still more marked and satisfactory results of this new policy in the future.

"The minds of the students seemed to be pervaded with an exalted consciousness of the grand design of the Christian Ministry—to convert the world to the faith of Christ. Whilst feeling the deep necessity for higher literary qualifications, and more extended knowledge of men and books, they are never permitted to lose sight of the paramount importance of personal godliness—of a conscious, living union with the Holy Spirit—in order to success. Everything we saw and heard, inspired us with the belief that this institution is destined to yield a lasting and permanent service to the Church."

On a subject of vital importance, the Board of Visitors added :

"We rejoice that the trustees have *determined* to erect more commodious and eligible buildings for the use of the institution. We fully concur in the opinion that such buildings are imperatively needed. And we are confident that when the appeal is made to the Church at large, the response will be large and generous. We have, on behalf of our various conferences, ventured to give such assurances to the Trustees."

On this subject we are happy to learn that the pledges of the Board of Visitors have already been officially sanctioned by the cordial resolutions of ten or more annual conferences that have severally proposed to make the Institute a direct object of their liberality during the approaching Centennial celebration.

The favorable action of the General Centenary Committee in placing this foremost among the objects deserving the special Centenary contributions of the whole Church, is of itself a most encouraging result, and also calculated to benefit the institution and its objects in the widest scale.

These circumstances, however, devolve upon this Conference increasing obligations to be foremost in liberality and attention to all the interests of an institution of such importance, providentially established within our boundaries, and placed under our especial guardianship.

Resolved, 1. That the Conference learns with satisfaction that the Garrett Biblical Institute continues to increase in usefulness and in promise of great and lasting good to the Church and the world.

2. That in view of the advantages now providentially furnished by this and the various preparatory institutions of the Church to aid young men in a thorough preparation for the Christian ministry, it is the urgent duty of candidates for the sacred office to avail themselves to the fullest extent of those advantages before offering themselves to annual conferences.

2. [Withdrawn.]

4. That John V. Farwell, of Chicago, be elected a Trustee of the Garrett Biblical Institute, in accordance with the provisions of an amendment to the charter enacted by the legislature of the State of Illinois at its last session.

5. That H. Crews and Wm. F. Stewart be our Visiting Committee for the ensuing year.

NORTHWESTERN UNIVERSITY.

The Report of the Trustees represents the past year as one of gratifying prosperity. The number of young men enrolled has been one hundred and fifty, a large increase over the attendance of any preceding year. A growing interest is manifested by the students in the most thorough collegiate training, a larger proportion than ever before entering upon the literary course of study. This is received as an encouraging indication of an advanced state of sentiment in the Church in regard to the importance of high mental culture, and an assurance that the benefits to accrue to the Church in the future, from its literary institutions, are to be largely augmented.

Financially, the condition of the University is improving. About \$20,000 worth of lots have been sold or leased during the year, thereby increasing the income of the institution, and allowing of some addition to its still incomplete corps of professors. Its unproductive property is rising in value, and the existing demand for the same gives assurance that the still urgent need of the University for larger annual income, will be gradually met.

The efficiency of the institution is crippled by the lack of suitable and commodious buildings. This is its most pressing want. Plans have been procured, and means are sought to be raised to erect a building which will be a safe depository for the valuable library and cabinets, which will have a wholesome educating influence upon its young men, and impart to it proper dignity in public estimation.

Fifteen thousand dollars of assets have been set apart towards a building fund, about \$10,000 have been pledged to a subscription recently opened, which it is hoped may be extended during the Centenary year to at least \$60,000, the estimated amount required for buildings, in addition to resources now in hand.

Recognizing the pre-eminent importance of the Christian college as an instrumentality for the spread of the gospel and elevating the people, your Committee deem it a duty imperative upon the Church to provide for the Northwestern University every facility essential to the promotion of its highest efficiency, which money can command.

The Committee recommend the passage of the following resolutions:

Resolved, 1. That we will make special efforts to develop in our people a higher and truer appreciation of the importance of collegiate education, by preaching on the subject to our congregations, and by urging the claims of the University upon their patronage.

Resolved, 2. That in order to render the University of the highest service to the Church, we will be diligent in seeking out promising young men, and in using our personal influence to induce them to enter upon a course of study with a view to graduation.

Resolved, 3. That we recommend the appointment of Rev. Samuel A. W. Jewett, as Agent of said institution, and that we will heartily co-operate with him in the work of raising funds among our people.

Resolved, 4. That Rev. H. Crews be re-elected a Trustee of the Northwestern University.

Resolved, 5. That Rev. C. H. Fowler and Rev. W. H. Jeffreys be appointed Visitors.

CLARK SEMINARY.

The Committee adopt as their report parts of the report of the Conference Visiting Committee and the report of the Conference Commission:

"The Committee appointed by the Rock River Conference to visit Clark Seminary, have attended the examinations and anniversary exercises of said institution, and find it in a very flourishing condition.

"Professor Quereau still shows himself to be a very able and efficient instructor and manager of the institution, and he has called to his aid a competent corps of teachers, as was evinced by the thoroughness of the examinations conducted by each of them.

"The anniversary exercises were of a very superior character. Your Committee deem the institution one of the best in the country, and creditable to the Church that controls it, and worthy the patronage of all friends of thorough culture.

"The financial condition of the Seminary is now the one thing that calls for the attention of the Conference and the friends of religious education. We earnestly hope that the friends of education will meet the agent with warm hearts and liberal hands."

The Conference Commission on Clark Seminary report the following:

"That Edward Jackson and F. D. Hodgeman, according to their proposition made to the Rock River Conference, October, A. D. 1864, did purchase and perfect a title to Clark Seminary building and the plat of land on which it stands, and the furnishings and apparatus, and fixtures, November 15th, A. D. 1864.

"That said Jackson and Hodgeman did legally transfer, at the same date, November 15th, A. D. 1864, said Seminary property to the Commission, as your agents, giving a bond for a deed.

"That your Commission have collected and paid to said Jackson and Hodgeman, six thousand and six hundred dollars.

"That the entire net subscriptions, at the present date, have amounted to \$15,548.47."

The Commission further report:

"That they have taken occasion to learn, and are satisfied, that the institution is itself well and successfully managed, and is made to accomplish the purposes for which a Christian seminary should be maintained.

"That the property is kept in excellent repair, and has been from time to time much improved.

"As the Commission have felt authorized to attend only to the one work assigned them; to wit, to purchase and to raise funds to purchase the Clark Seminary, and as they have achieved so large a measure of success, and are sanguine that, if the members of this Conference do their full duty, complete success may speedily be achieved, they therefore recommend,

"That the Commission be converted into a Board of Trustees, or that the Conference at its present session, appoint a Board of Trustees consisting of fifteen persons, five of whom shall be a quorum to do business.

"That said Trustees be fully empowered to have the general oversight of said Seminary in all its interests, and to do all duties usually done by Trustees of similar institutions, and

"That they be authorized and requested to draft a charter for said Seminary, to be presented for the approval of this Conference at its next session, with a view to its enactment at the next session of the legislature.

"Finally, the Commission are unanimously of the opinion that Clark Seminary has special claims upon the Centenary efforts of this Conference, and commend it to the favorable consideration of the brethren."

Your Committee recommend the appointment of the following persons as Trustees:

Grant Goodrich, D. P. Kidder, D. D., S. P. Keyes, E. Q. Fuller, Samuel McCarty, G. B. Moss, F. A. Read, G. W. Quereau, Wm. Reddick, Wm. Brown, W. C. Willing, Jacob Hartman, T. B. Wakeman, Charles H. Reeves, and the preacher stationed at Aurora.

They recommend the appointment of G. W. Quereau as Principal, Caleb Foster as Agent, and brethren stationed at Aurora, Batavia, Oswego, Plainfield, Wheaton and Kaneville as Visiting Committee.

ROCK RIVER SEMINARY.

From the report of the Trustees, we learn that the stockholders of this Seminary have secured a clear title to the property of the institution by the payment in November, 1864, of the last installment, and have leased the institution to the Trustees of the Seminary.

The condition of the lease is the yearly payment of five per cent. of the proceeds of tuition, which is to be expended in repairing the buildings.

The institution is now under the joint principalship of Messrs. Williamson and Matison, young men of great energy and much promise.

The Fall term has opened under flattering auspices, a large number of returned soldiers availing themselves of its advantages.

The Trustees have nominated for Trustees the following brethren, viz., F. B. Brayton, A. Newcomer, and Elias Baker, in place of Elias Baker, S. G. Lathrop and S. A. W. Jewett, whose term of office now expires, and Wm. H. Atchison in the place of Rev. Josiah Gibson, who resigns.

They further ask the appointment, for visitors, of the brethren to be stationed in Freeport, Galena, Sterling, Polo and Dixon the coming year.

NORTHWESTERN FEMALE COLLEGE.

In February last this institution passed into the hands of Rev. Lucius H. Bugbee, by lease, for the term of three, with the privilege of five years, from the first of July last. This arrangement was perfected upon the recommendation and endorsement of the Board of Trustees. After the consummation of the lease, Rev. L. H. Bugbee, by the election of the Board, and the appointment of Bishop Kingsley, was made its President. The College has now nearly one hundred pupils in attendance from five different states.

The course of study has been re-arranged and enlarged. The Preparatory Course is two years, and the Collegiate four years. The pupils have been thoroughly classified in these years. There are now nine teachers in connection with the College. No pains or expense has been or will be spared to make this institution the best of the kind in the Northwest.

There are conditions of purchase in the lease which can be accepted at any time within three years, at or before the expiration of which time, it is hoped the Church or individuals of the Church will be pleased to purchase the property, or take measures for the location and erection of a Female College worthy the growing interests and demands of this section of the country.

Your Committee recommend the appointment of Rev. Lucius H. Bugbee as President.

They also recommend the re-appointment of Rev. S. A. W. Jewett and Rev. O. H. Tiffany, D. D., as Trustees.

Also, the appointment of Revs. E. Q. Fuller, R. M. Hatfield, John H. Vincent and Wm. Aug. Smith as a Board of Visitors.

2. STATE OF THE COUNTRY.

Since our last annual session rebellion has culminated its crimes by the horrors of Andersonville, the murder of the good President, and an attempted disregard of the rights of Freedmen; and in the Providence of God the Union has been preserved, the government triumphantly sustained, and universal freedom proclaimed.

In view of these facts, and of the additional fact, that all the people to whom we minister are and have been thoroughly loyal and radically true to freedom, we recommend the passage of the following resolutions:

1. *Resolved*, That in all our past history, and especially in the events of the past four years, we recognize the providence of God, who, leading us by ways we had not known, and in paths we had not chosen, has brought us to a consummation which in the beginning of the war we had scarcely hoped to reach.

2. *Resolved*, That while we bow with reverent submission to the mysterious providence which permitted the removal of President Lincoln at such a time, and by such

means, we will ever revere the memory of this martyr of liberty, who was of the people, always with the people, and who yet lives in the hearts of all the people.

3. *Resolved*, That as the national arms have restored legal union, it becomes the duty of all loyal men to seek to cement the social bonds by which alone such union can be made permanent. And we believe that this can never be done by a plan of conciliation which seeks to silence what it calls Northern clamor, without insisting on the recognition of facts established by the war; among which facts are these:

1. Secession is an impossibility.
2. Treason is disqualification for office, and those who may not fill offices should not choose officers.
3. Slavery has no national existence.
4. The properly expressed will of the majority (regardless of color) is the law of the land.

5. All men have rights which all other men are bound to respect.

4. *Resolved*, That as freedmen of the South, as well as men of the same color from the North, assisted greatly in achieving the victories of the war, it would be an act of the foulest injustice to place those who fought for the Union under the political control of those who fought against the Union, and that we urge our solemn protest against carrying the experiment of reconstruction to the length of disarming the friends and arming the foes of the nation.

5. *Resolved*, That we recommend to the present President of the United States the accomplishing of the policy of his predecessor, who felt that an act of general amnesty should be accompanied by the bestowment of universal suffrage; and that we pledge to the President all influence that we possess in sustaining him in such a policy.

6. *Resolved*, That the President of the United States having repeatedly declared his policy of reconstruction to be only an experiment, and as it will, therefore, rest with the next Congress to determinately provide that the treasure and blood of the land shall not have been sacrificed in vain, we will set apart Sunday, the 3d day of December next, as a day of special prayer in all our churches for the blessing of God upon our Senators and Representatives, that they may have wisdom and Divine guidance in this solemn and momentous crisis.

7. *Resolved*, That while we can never consent to a formal union with a church which has advocated the divine right of slavery, and the hands of whose members are red with loyal blood, we will welcome to our communion all those who desire to flee the wrath to come, affirming their loyalty and love of liberty and Christian faith.

3. THE CENTENARY OF METHODISM.

The Committee on the Centenary of Methodism, after careful deliberation and due attention to the several topics referred to them, present to the Conference the following resolutions for its adoption:

1. *Resolved*, That we recommend that the Connectional fund, raised within the bounds of this Conference, not otherwise designated by the donors, be appropriated to the Garrett Biblical Institute, $33\frac{1}{2}$ per cent.; to the Mission house in New York, $33\frac{1}{2}$ per cent.; to the Connectional Educational fund, $33\frac{1}{2}$ per cent.

2. *Resolved*, That as to local funds, we recognize respectively:—The agents of the Garrett Biblical Institute, Clark Seminary, and the N. W. University, as Conference agents to canvass for Centenary funds, allowing all donors to appropriate at their discretion, to either of the said institutions.

3. *Resolved*, That if the Trustees of the Rock River Seminary shall appoint an agent

to raise Centenary funds for the benefit of that institution, he shall in like manner be recognized as Conference agent.

4. *Resolved*, That we recommend that the local funds not otherwise designated by donors, raised within the bounds of this Conference, be appropriated to the Garrett Biblical Institute, 25 per cent.; to the Clark Seminary, 25 per cent.; to the N. W. University, 25 per cent.; to the Rock River Seminary, 25 per cent.

5. *Resolved*, That a committee consisting of Revs. Hitchcock, Fowler and Petrie, be appointed to devise a plan for the safety and right appropriation of whatever centenary funds may be received for Rock River Seminary.

6. *Resolved*, That we recommend that the Conference appoint one minister and one layman from each district, as the Centenary Committee ordered by the General Conference.

7. *Resolved*, That the preachers of the Conference be requested to take all legitimate steps within their several spheres of labor to carry out the measures proposed by the Centenary Committee, and to make the centennial celebration as far as possible, and in all respects a grand success—in no case omitting the appointed collections, even though no agent should visit them.

8. *Resolved*, That we recommend that the Conference appoint S. P. Keyes to preach the Centenary Sermon at our next Conference, and L. Hitchcock, D. D., his alternate.

LUKE HITCHCOCK, *President*.

J. HARTMAN, *Secretary*.

4. CHURCH EXTENSION.

Your committee having taken into careful consideration the pressing demand and long felt want of both pastor and people, of some systematic and effectual plan of raising and appropriating funds for the extension of Christian influence, by the erection of new and commodious church edifices, and especially the present growing demand in the Northwest, South, and Southwest, would respectfully submit the following:

WHEREAS, The last General Conference, at its session in Philadelphia, May, 1864, organized the Church Extension Society of the Methodist Episcopal Church; and whereas, a charter has been issued by the Legislature of Pennsylvania for said Society; and whereas, the Board of Bishops, at their first session subsequent to this in June last, appointed Rev. S. Y. Monroe, D. D., of New York Conference, Corresponding Secretary of said Society; therefore—

1. *Resolved*, That we approve of the Church Extension Society as organized by the last General Conference of the Methodist Episcopal Church.

2. *Resolved*, That we recommend the forming of a Rock River Conference Church Extension Society, which shall be auxiliary to the parent society.

3. *Resolved*, That we will take a collection in behalf of said Society during the year, as required by the Discipline.

4. *Resolved*, That in view of the many appeals from the South and Southwest, now pressing on the parent society, we will take the above collection *this* year wherever practicable, in the month of December, and forward the same to the treasurer of the parent society.

5. *Resolved*, That we refer all applications to us for aid in church extension to the managers of said Society; and that aid may not be granted where due attention is not given to securing the most eligible locations.

6. *Resolved*, That we now adopt the following constitution:

CONSTITUTION FOR THE ROCK RIVER ANNUAL CONFERENCE CHURCH EXTENSION SOCIETY.

ARTICLE 1. The title of this Society shall be the Church Extension Society of the Rock River Annual Conference, auxiliary to the Church Extension Society of the Methodist Episcopal Church, United States of America.

ART. 2. The object of this Society shall be to assist the parent Society in enabling the several annual conferences to extend and establish their Christian influence through-

out the United States and territories by aiding, whenever necessary, to secure suitable houses of public worship and such other church property as may promote the general design.

ART. 3. The payment of the sum of \$1.00 per annum shall constitute a member of this Society. The payment of \$100.00 or more, at one time, a member for life—and the payment of \$300.00 or more, an honorary manager for life.

ART. 4. The officers of this Society shall consist of President, Vice President, Corresponding Secretary, Treasurer, and Recording Secretary. The Secretary and Treasurer to reside in Chicago.

ART. 5. The business of this Society shall be conducted by a Board of Managers consisting of the aforesaid officers, with twelve lay and twelve clerical members of the Methodist Episcopal Church within the boundary of the Conference—five of whom shall constitute a quorum.

ART. 6. This Society, or the donors to it, may designate the society or meeting to which they desire any part or the whole of the donation by them made to be appropriated, which special designation shall be publicly acknowledged by the parent board; but in the event that more funds shall be raised for any particular society or object than is deemed necessary by this Society, the surplus shall be at the disposal of the parent society for its general purposes.

ART. 7. The Treasurer shall remit funds received by him as early as possible to the Treasurer of the parent Society.

ART. 8. The annual meeting of the Society shall be held at the session of the Annual Conference, at which time the Corresponding Secretary shall submit his annual report, the Treasurer exhibit a certified statement of his accounts, and an election of officers and managers for the ensuing year be held. There shall also be an anniversary meeting of the Society at the same time and place.

ART. 9. This constitution may be altered or amended in a way not inconsistent with the charter of the parent Society at any annual meeting, by a vote of a majority of the members present.

J. L. HARRIS, *Secretary.*

5. SUNDAY SCHOOLS.

Your Committee would respectfully report that, in their judgment, our Sunday Schools do not receive the attention from the pastors and members of the church which the importance of the cause demands. Hoping to increase the numbers and efficiency of our Sunday-school laborers, we recommend the adoption of the following:

1. *Resolved*, That it shall be the duty of the Sunday School Directors of each District to call and, with the assistance of the preachers of their District, to hold at least one Sunday School Convention, or Institute, during the coming Conference year; the Presiding Elder, preacher in charge, and superintendent of the Sunday school of the place where said Convention or Institute may meet to be the committee of arrangements for said meeting.

2. *Resolved*, In addition to earnest personal effort and regular attendance at the Sunday schools, it shall also be expected of the pastors to present from their several pulpits the interests of the cause, and impress upon the members of their several charges their personal duties with reference to the Sunday-school work.

3. *Resolved*, We earnestly recommend to each pastor the appointment of at least one delegate to attend the Illinois "State Sunday School Convention" to be held at Rockford on the 8th of June next.

4. *Resolved*, That while we esteem it the duty of each Sunday school to provide for its expenses by a regular penny collection, yet it is important that the children should be trained to principles and habits of Christian beneficence; we therefore recommend that the collections on the first Sabbath of each month be appropriated to the benevolent work of the church, and that the interests of the S. S. Union be placed upon an equality with the missionary cause in our Sunday-school collections.

5. *Resolved*, That having learned that, under great urgency from the friends of Sun-

day Schools in Chicago, our Bro. J. H. Vincent has been induced to engage for the ensuing year in an enterprise which will require him to devote his whole time to the promotion of Sunday school interests, we request the Presiding Bishop to appoint Rev. A. H. Vincent as Sunday School Agent.

SAMUEL A. W. JEWETT, *Chairman.*

WM. AUG. SMITH, *Secretary.*

6. TEMPERANCE.

The temperance cause has for its object the termination of the use and traffic of intoxicating drinks. To succeed it must have the co-operation of the Christian Church; and as a denomination we are fully committed to this great work. But we freely confess that hitherto this cause has not received that attention from the church which its importance demands, and that the great want of the temperance reform, at the present time, is the more direct indorsement and support of the church.

From the experience of the past we are fully convinced that the true policy of the church, while she enjoins strict habits of temperance upon all her members, is to insist upon separate organizations for the promotion of temperance, embracing all the friends of the cause, of whatever name or order.

A wise and judicious organization of this kind will add greatly to the efficiency of that influence which the church can give to this cause, by securing the co-operation of that large class of temperance persons who are outside of her communion. What is wanted of the church and of our denomination is a more active sympathy. There is no lack of resolutions at our annual gatherings expressive of our deep interest in the success of the cause, and condemnatory of the liquor traffic and the drinking habits of society; but the lack is the want of a more direct and practicable patronage, such as is given to the Bible cause and other benevolent enterprises. It is not enough for the church to *wish* the cause well, and then leave the work to be performed to mere accident, or at least to the care of those persons whose ability and education are quite too limited to secure to their teachings the confidence and respect of the public. The support of this cause should be part of her economy, and enter into her great plans for the salvation of the world. The lager beer business, and the efforts which are now being made to introduce domestic wines into our fashionable circles, and revive the defunct drinking habits of a former age, together with the deplorable and shameful tipping habits (to use no harsher language) of many public officers, both in civic and military departments, are producing a marked effect upon society; and are drawing away hundreds of young men who might be saved by a more direct effort on the part of the church. The effect of these fearful influences is seen in the appearance and riotous proceedings of a large class of our young men of respectable connections, in our cities and larger towns; many of them are those who have so gallantly borne our national arms, and so triumphantly vindicated our national honor. The moral character and family and church relations of these persons exclude them from the ordinary efforts to reclaim drunkards, and make it quite improper to approach them openly on the subject of their habits. These need the voice of the church to arouse them to their danger. Many of them are regular attendants upon her ministry, and should have the clear searching words of their pastor to point out to them the sinfulness of their course, and the destruction to which it tends. The press also we regard as an essential and most powerful auxiliary in this work, and we gladly welcome the appearance of the *Western Temperance Advocate* as a paper every way worthy of our confidence, and we heartily commend it to the patronage of our people.

And, whereas, we are fully convinced that this much needed reform must have the *sanction* of the church to give to needed efforts the confidence of the American public, and must have the *co-operation* of the church to give stability and permanence to these efforts, and the *contributions* of the church to give them that sufficient and steady support which will warrant success;

And, whereas, Bro. J. C. Stoughton (whom we know to have always been pre-eminently zealous and efficient in the temperance cause) is already associated with the new paper movement, and has expressed a willingness to continue in this relation; and for the purpose of more effectually enlisting the hearts and hands of our people, and creating

a more permanent and general interest in behalf of temperance throughout our State; Therefore we would recommend the appointment of J. C. Stoughton as temperance missionary, with discretionary powers in regard to his plans and method of operations.

SIMPSON GUYER, *Chairman*.

S. STOVER, *Secretary*.

7. TRACT CAUSE.

Your Committee on the Tract Cause ask leave to report that we learn with pleasure from the documents to which we have access that the cause is gradually enlarging among us. From the circular of the Tract Society of the M. E. Church for 1865 we find that during the last year 47,000,000 tract pages (including the Good News) were published and scattered abroad, which is an increase of more than 17,000,000 of pages over the previous year. With a little effort all may be reached and blest through this agency; therefore,

1. *Resolved*, That we will be prompt in taking up collections to aid the Tract Cause in the early part of the conference year.

2. *Resolved*, That to make this agency efficient for good to the extent of its capabilities, we will see to it as pastors that the tract literature received by us for distribution be freely and faithfully circulated among the people.

T. COCHRAN, *Chairman*.

GEO. LOVESEE, *Secretary*.

8. BIBLE CAUSE.

Your Committee on the Bible Cause having considered the subject, beg leave to report the following:

The Bible is the only chart for humanity. Its defence against the attacks of infidelity is an imperative duty. This is most successfully done by the largest circulation of the Bible itself. The A. B. S., with which our church has acted these twenty-nine years, can furnish it cheaper than any other organization.

The present is the fiftieth or *jubilee* year of this noble institution. It is proposed to celebrate it by special efforts for two items of its home work and two of its foreign, while its *ordinary* home and foreign work will be prosecuted as usual. Special contributions are solicited for—

1st. The supply of such Freedmen as are able to read, whether in the South or in the North. They need 200,000 volumes.

2d. The re-supply of the South, requiring 1,000,000 volumes.

3d. The circulation of the Spanish Scriptures in Mexico and South America.

4th. The circulation of the new version of Arabic Scriptures among the 120,000,000 speaking that language; therefore,

1. *Resolved*, That fully endorsing the policy of the A. B. S. and the agent of Illinois, we pledge our hearty co-operation with the travelling agents.

2. *Resolved*, That we request each Pastor to preach to his own people a memorial sermon on the A. B. S., and take a collection.

3. *Resolved*, That we require reports from the Bible agents and report the same to the Annual Conference.

C. H. FOWLER, *Chairman*.

T. L. OLMSTED, *Secretary*.

9. MEMOIRS.

MILTON BOURNE.—Rev. Milton Bourne, a superannuate of Rock River Conference, died on Wednesday, June 28, 1864, at his home near Macomb, Ill. He was in the traveling connection for about twenty-seven years, and active till within the last two years. His health having failed, he was compelled to desist from active labor, but continued, when able, to preach the word to the last. He was a good man and full of the Holy Spirit—did much good while he lived. He leaves a wife and large family of

children to mourn his death. He was beloved by all the community, and regarded as one of God's faithful servants. He died as he lived, in full hope of a blissful immortality.

[The memoir of this deceased minister having failed to reach us, we selected the above, in our emergency, from the Northwestern Christian Advocate, which appeared soon after his death.—PRINTER.]

FRANKLIN D. CORWIN.—Rarely is the sad duty devolved upon an Annual Conference of recording the death of one of its members at once so young and so noble, so humble and so efficient, as was the subject of this memoir, who fell asleep in Jesus at Richmond, McHenry county, Illinois, June 24, 1865.

He was born in Jefferson, Chemung county, New York, Oct. 9, 1838. His parents moved West when he was five years old, and he has been a resident of Kane county, Ill., most of the time since. Bro. Corwin, by tender Methodist parents, was given a religious home training, which, together with a naturally amiable disposition, rendered him kind and affectionate to all, doubly endearing him to his parents, brothers, sisters and associates. He was passionately fond of books from his earliest childhood and always selected the most cultivated and valuable. He entered Rock River Seminary in 1857 with a view to the profession of law, but during the winter term of that year he found Christ Jesus in the pardon of his sins, and at once felt that he must study to declare, not the human, but the Divine, law, and the love of Jesus to perishing sinners. After consulting with his parents he determined to commence at once to prepare for the ministry. He accordingly remained a little over a year at the seminary and then entered the Garrett Biblical Institute in 1859, and remained there about two years, when he was recommended to the Rock River Conference and received on trial. He was appointed first to Genoa circuit, the following year to Malta, the next year at Lodi and Cortland, and the last year at Richmond, where he labored for nearly six months with his usual energy and acceptability, when he was called from earthly labor to his eternal rest in Christ.

As a pastor he was mild, social and winning. As a preacher he was careful in preparation, earnest in delivery, attracting in his illustrations, and convincing with his logic. His last public effort was the funeral sermon of the sainted Lincoln. Bro. Corwin was an earnest worker; his whole soul was in his calling, and he often applied himself to it when he should have rested. Till within a few hours of his death, when he had become unconscious, it was not thought that the disease would prove fatal, therefore probably he did not say as much upon the subject of dying as he otherwise would have done. But he was ready when the messenger came, as his every day life will testify. He was wont to say, "I am endeavoring to live so well that when I die they shall not ask, 'Did he die in peace?' but that my life shall answer all questions." The Conference has lost a promising young minister and his family an affectionate son and brother.

S. P. KEYES.

JOHN WINTERINGHAM.—Died, January 12, 1865, at Sycamore, Rev. John Winteringham, aged 46. He was born at Bridlington, Yorkshire, England, and came to this country in 1857. At the age of seventeen he gave his heart to God, and soon commenced laboring for souls. After he had been two years a member of the Church he was employed as an exhorter on the Bridlington Circuit, and soon after he became a local preacher. He soon became impressed that it was his duty to devote himself to the work of the ministry exclusively. To the Sabbath School he gave the most attention, and often his whole class has been converted. In 1861, he entered the Biblical Institute at Evanston, and graduated. In 1863, he was admitted on trial in the Rock River Conference, and appointed to Chicken Grove Circuit. In 1864, he was appointed to the Malta Circuit; soon after he was married to Miss Almira White, of Sycamore. They entered upon their new field of labor, but in a few weeks he was taken sick and obliged to leave his charge, when he returned to the residence of his father and died suddenly, unable to communicate anything in relation to the state of his mind or his prospects of the future. It was unnecessary, as but a few hours previous in conversation with his wife he had spoken of his faith in God and the heavenly composure it brought to his mind. He was a man of strict moral integrity, circumspect in all his deportment, and his religious principles were established on the sure foundation. He

was an untiring student and, had he lived, would have been a man of more than ordinary literary attainments. He was acceptable as a preacher, respected and esteemed by the people among whom he labored.

L. A. SANFORD.

10. ROSE HILL CEMETERY.

The undersigned having been appointed Trustees of the Conference to receive the conveyance of a burial lot for members of the Conference in Rose Hill Cemetery, hereby report that having selected a most eligible lot for the purpose named, they have received from the Cemetery company a deed for the same.

This deed we propose to have recorded in the Recorder's office of the county of Cook, after which, unless otherwise directed, we will deposit said deed in the archives of the Conference for preservation.

The lot is now ready for interments whenever occasion may require. In reference to its use we recommend that while the lot shall be free for the interment of any deceased member of the Conference, it shall be expected that all expenses for burial and the erection of monuments be provided for by the friends of the deceased.

Your Trustees having, in accordance with the action of the Conference last year, made inquiry through the Northwestern Christian Advocate as to the wishes of the friends of deceased ministers now buried in the Chicago City Cemetery in reference to their removal to Rose Hill, have received one response. That was from the widow of the Rev. P. Borein, declining for the present.

In this state of the case we think it may be best to defer any action in the matter of the proposed removal until the friends of those deceased ministers shall themselves act in the premises. Respectfully submitted,

D. P. KIDDER,
O. H. TIFFANY,
J. H. VINCENT.

11. FREEDMEN'S CAUSE.

Your Committee on the Freedmen's Cause having considered the subject, beg leave to make the following report:

In the providence of God four millions of freedmen have been brought within our reach. They are destitute, unprotected, ignorant, and without Christ. But they are industrious and will care for their physical wants if they have a chance. They are hungry for knowledge which will repair their ignorance if an opportunity is given them. They are starving for Christ, which will cure their spiritual consumption if the Gospel is preached to them.

As a people they are looking upward, and every move is toward a higher civilization. They present a spectacle never before seen of an entire race counting all things but loss for knowledge. As certainly as industry is wealth and knowledge is power, so certainly they will rise to independence and power.

Their placability and faith make them pre-eminently the children of God. They present the most promising field for the seed of the Gospel.

As *men* they have claims upon us, inasmuch as whatever concerns humanity concerns us.

As *wronged* men they have claims upon us, inasmuch as we have robbed them for two centuries.

As *loyal* men they have claims upon us, inasmuch as we have been helped to speedy victory by their hands. We can do no less than put their claims *first* and help them to the utmost of our ability.

The American Freedmen's Aid Commission, with Bishop Simpson at its head, is in this field. It is the result of the Union of twenty-four independent organizations. The leading associations are the National Freedmen's Relief Association, with its headquarters at New York city, the Pa. F. A. Commission at Philadelphia, the New England Educational Society at Boston, the Western F. A. C. at Cincinnati, O., and the N. W. F. A. C. at Chicago. This last, with which our church has co-operated in the past, has given in fifteen months \$138,811.91.

The A. F. Aid Com. proposes to clothe, educate and Christianize these freedmen. They have twenty-five orphan houses and over six hundred teachers in the field. The war being ended the field is now open to the regular work of the different churches. As it has been in the national war so it is now in the spiritual war—the negro is a fort, and the church that gets in is bound to hold the country. Therefore,

1. *Resolved*, That we accept the mission work among the freedmen thankfully.
2. *Resolved*, That *as men* we enter in this work.
3. *Resolved*, That as Christians we enter into this work.
4. *Resolved*, That as patriots we enter into this work.
5. *Resolved*, That we think the time has come for us as a church to undertake this work with all our power.
6. *Resolved*, That we request our Missionary Board to make the largest possible appropriation for missions among the freedmen.
7. *Resolved*, That we endorse the A. F. A. C., and in physical relief we co-operate with them, and until our church enters the field we work with the A. F. A. C., aiding their agents and bidding them God speed.

12. PERIODICALS.

Believing that the press is, under God, an untold power for good, that the morals of a country depend on the purity of its literature, and that it is the work of the church to save our nation by her sanctified press, your Committee beg leave to report:

It is our settled conviction that while the church places in her editorial chairs men of the widest range of thought, of most profound research and of *one work*, it should be the felt duty of every member to sustain them in their work; hence we deprecate the growing tendency among our people to give their patronage to periodicals non-official or even foreign to our church interests.

While we would not speak disparagingly of the issues from the press of our sister churches, yet we have perfect confidence in presenting those of our own as second to none.

With reference to the Quarterly Review, your committee believe that it maintains its well earned position among our first class American religious quarterlies. Vigorous, strong and safe, and with a circulation at present larger than any other of its class, our convictions are that it should be more widely circulated among our intelligent and enterprising laymen, and that the minister endangers his reputation who voluntarily deprives himself of the benefits of its intellectual stimulus.

We are as much as ever pleased with the Ladies' Repository, in that it sustains its brilliant career among the productions of the church as the "Queen of the monthlies."

With just pride would your Committee refer to the whole family of Advocates—all are worthy of patronage and praise. But we would more especially call attention to our beloved Northwestern, *our* paper. We cannot too heartily commend its outspoken boldness on all the great questions of the day. Leading the van in advocating the cause of the oppressed and of right principle everywhere, it deserves a career of triumph. Trusting its publishers and editors will spare no pains or expense to make it first in the family of our church papers, we pledge ourselves to a more earnest canvass to place it in every Methodist home within our borders.

As our publishing interests as a denomination have been specially owned of God, let us summon the church to more earnest and merited support of our denominational literature.

WM. CONE, *Chairman*.

13. GREETING TO LOYAL METHODISTS IN THE SOUTH.

The Rock River Conference having been informed of the adhesion to the Methodist Episcopal Church of various ministers and members of the M. E. Church South, in different parts of the Southern States, takes occasion to present to those brethren its fraternal greetings.

If such a step only involved a formal or nominal change of church relations, or were taken on any other ground than that of high moral principle, we would not deem it worthy of our commendation. But when it involves the conquest of old prejudices, the abandonment of long-cherished associations and a decided committal to the cause of freedom and of equal human rights, we feel free to express to those who have taken it our admiring approval of their course.

We have never been anxious for the return of any portion of the Southern Church that was not fully disposed to accept the extinction of slavery as a just and providential result of the war, and that would not join us in generous efforts for the education and elevation of the colored race.

We have no desire to affiliate with men of whatever name or dignity who are oblivious to the fact of the world's progress, or indifferent to the moral results of the slaveholders' rebellion.

But when the intelligent and pious are enabled to recognize God's hand in the control of events; when they endeavor to rise to the moral dignity of their new responsibilities, and when they seek to conform their character and influence to the requisitions of Providence in the present great emergency, we bid them all hail as fellow-laborers in the vineyard of the Lord.

That such a course requires unequivocal loyalty to the government as well as to a church that has ever sought to maintain a record unsullied by complicity with either moral or political wrong, is with us definitely understood, and on this basis we are disposed to meet our returning brethren of the South with generous sentiments and with liberal aid.

We are aware that to those who return with these sentiments the war is by no means ended, for although the clash of arms is hushed, the great conflict of opinion is but just beginning.

Nevertheless, we congratulate those who espouse the cause of humanity and truth, that they are now entitled to the use of free speech and a free press, in which we trust they will never cease to be protected by the flag of the nation.

With these agencies, and with the assurance that "truth is mighty and will prevail," we trust they will go unflinchingly forward, confident that however long or severe may be the struggle, ultimate success is certain.

In this confidence we pledge to them our sympathies, our prayers, and our fraternal co-operation in all appropriate forms.

L. HITCHCOCK,	} Committee.

12. A FEW SUGGESTIONS.

“Methodism is eminently a system of *method* in all its business arrangements; and no class of Christian Ministers, perhaps, are better trained to business habits than those of the Methodist Episcopal Church. We would not, therefore, under-

take to advise aged and experienced brethren, but our younger brethren who may desire to become *model* members of Conference, will excuse us for offering the following hints :

"1. Prepare all your returns for Conference with *black ink*. Let your penmanship be *fair* ; your figures *distinct* ; and your manuscript *free from blots and slovenly erasures*. Keep copies for reference. You may thus save much trouble, both to yourself and others.

"2. Let your Statistical Reports be thoroughly prepared fully a week before Conference meets ; and if you cannot be present at the *opening* of the session, forward them to your Presiding Elder by mail or otherwise. The General Statistics go to the Committee on Statistics, and the Sunday School Statistics to the Committee on Sunday Schools.

"3. Make the sum total of each of your collections *even dollars*, and thus avoid long double columns of cents. This will save a large amount of labor to the Committees, the Board of Stewards, the Secretaries of Conference, and the Committee to publish the Register.

"4. Put up each collection in a separate package, using bank notes of as large denomination as possible ; and mark with ink both the inside and outside of each package, the amount, what it is for, the name of the district, the circuit or station from which it comes, and your own name.

"5. When at Conference avail yourself of the *earliest opportunity* to hand to the proper persons your Statistical Reports and benevolent moneys. Do not give them the trouble of *hunting after you* to get them. The Missionary and other collections go to the appropriate committees. The collections for Conference Claimants go to the Board of Stewards."

(The above "suggestions" are taken from the Annual Register of the East Baltimore Conference. Their suitableness to this latitude is sufficient reason for their appearance here.)

6. The work of the Stewards is necessarily complicated and laborious—much more so when brethren delay to report them in time. They ought to receive the financial report of every preacher the first day of the session.

7. Blanks for "Statistics" or "Finances" will be furnished at any time during the year, or to P. E's. for the districts, on application to the Secretary. It is better, however, to take duplicates at Conference for the coming year. It is expected that every *young* man will heed all these "suggestions," though some of the older be hopelessly incurable.

NOTE.—Numerous blanks are still seen in the above table, though repeated efforts have been made to fill them. Many hours have been spent in searching the General Minutes for items that brethren could have readily furnished. Will not each one whose "Record" is not full report at once to the Secretary of the Conference, that hereafter this table, so full of interest to many, may be complete?

NOTE.—There being no General Provision for reporting the names of Local Preachers, much trouble has been required to procure a list of their names even so imperfect as the above. Will not Presiding Elders and the Preachers generally, see hereafter that correct returns are made to the Secretary, at conference, of all the Local Preachers under their care? Some have done so, (See Discipline Appendix.) If Local Preachers will forward their names, with post offices, and relation to the Church, as Elder, Deacon, or Preacher, to the Secretary of the Conference, at Mendota, they will be filed for future use.

HOUSEHOLD BLESSINGS.

Union Washing Machine and Clothes Wringer Combined.

OVER 34,000 SOLD IN SIX YEARS.

"Price here is of secondary consideration; it saves money, and more, it promotes domestic ease and happiness, and saves health and life."

Over Three Hundred of these Machines were used by the United States Government and the Sanitary Commission during the War, in the Army Hospitals.

They are now in use throughout the United States, Cuba, South America and Europe, and have been thoroughly tested in Hospitals, Convents, Asylums, Hotels and families generally, receiving everywhere the most unstinted praise and commendation from those who use them, but not a single complaint. These Machines not only Save Three Fourths of the Labor and Soap, but Garments will last twice as long when Washed by them, and look Whiter and Cleaner than when Done by Hand.

All fabrics, from a Collar to a Blanket, can be washed perfectly, without Soaking, Rubbing or Boiling, and a boy or girl can operate them. They make flannels beautifully soft and clean. A Machine will last a life-time, and pay for itself every year. On plantations, farms, &c., they are invaluable.

The Clothes are Washed, Wrung and Rinsed without Inhaling Steam, Spilling Slops, or even putting the hands in water.

THE WRINGER.

Although an essential part of the Machine, is complete in itself. It has GALVANIZED IRON FRAME, SOLID WHITE RUBBER ROLLS, COG WHEELS AND DRAIN BOARD, and can be attached to any kind of Wash-Tub, Bench, Barrel or Box, easier or quicker than any other Wringer, and without the least injury to the Tub. *It never rusts, and never gets out of order,* and is universally conceded to be the **BEST AND MOST RELIABLE WRINGER IN USE.**

Call and see the above articles in use at either of the following depots, or send for Circular:

"Rev. Dr. Luke Hitchcock" says—"Having used the Union Washing Machine in my family for some years, I can cheerfully recommend it as a convenient and excellent Machine. It saves much labor, and much wear of the clothes. Combined with the Wringer, I regard it as the most perfect Machine of the kind with which I am acquainted."

"Rev. Dr. Thos. M. Eddy" says—"In the experiments made in our 'domestic department,' we know no better Machine than the Union Washing Machine and Clothes Wringer combined. Easily worked, durable, simple and efficient, it saves labor and soap, and is surely more healthy for the operatives than inhaling steam, as in the ordinary way. This Washing Machine is the best we have seen in the market."

By Rev. T. M. EDDY, D.D., Editor N. W. C. Advocate.

In two Volumes of over 600 pages each—handsomely illustrated by numerous Steel Engravings of the most prominent men of the Nation and State.

The design of the author and publishers is to give in this work **A COMPLETE HISTORY OF THE PART ILLINOIS HAS BORNE IN THE GREAT WAR JUST CLOSED**, giving an account of each Regiment, its organization, a sketch of its Officers, and a history of its campaigns; gathering interesting incidents connected with our soldiers, both dead and living, of their heroism and valor, and, as nearly as possible, a LIST OF THE DEAD AND WOUNDED IN EACH REGIMENT AND BATTERY, thus building a monument to our fallen brave ones and the honored living who have given their strength and lives for their country.

It will also give an account of the *action of the State Officers and Legislature* in their successful endeavors to promote the interests of the country in her great struggle. The work **WILL BE EMBELLISHED WITH NEW STEEL ENGRAVINGS** of our late President, Abraham Lincoln, Lieutenant General Grant, Major General W. T. Sherman, Brigadier General Ransom, Major General Hurlbut, Adjutant General Fuller, and others.

The mechanical execution of the work will be in every respect first class. The embellishments will all be in the highest style of steel engraving, and in every part the publishers assure its patrons that the volume made be what such a work should be.

NOTICES FROM THE PRESS.

We take the following from the many notices received:

[From Daily Tribune, Chicago.]

After careful perusal, we pronounce this the best executed and most valuable work which has ever emanated from the Northwest. Its subject, owing to the noble and, in some respects, providential and unrivaled prominence of Illinois in the war, is one of commanding dignity and importance. It includes the history of the development and early training of both the Commander-in-Chief and the Lieutenant General of all our armies during the war. The former was brought forward by Illinois votes, and the last was lifted into fame by Illinois bayonets. But apart from these, no State has been more prolific of military genius—Palmer, Wallace, McClelland, Logan, Ransom, Mulligan, Bross.

Some time since, we called attention, editorially, to the noble field presented by our State for the pen of the historian, accompanying our suggestion, that if deemed advisable in this as in Eastern States, the State could well afford to direct the preparation of the work. But in this respect private enterprise has outstripped public, and Illinois, which was, before even Massachusetts and New York, with her troops in the field, and with her sanitary enterprises for their comfort and relief, a third time outstrips them with the record of their achievements. The work, so far as it has progressed, could not have been executed more satisfactorily. The State may well be proud of and adopt it as peculiarly its own.

[Christian Advocate, Cincinnati, O.]

The author has evidently entered upon his task with his well-known enthusiasm, and with rare opportunities to secure accuracy, he has so arranged and expressed the facts as to invest them with singular interest. He has really distinguished himself in this new field of intellectual labor. The work is a mosaic of incident, personal history, documents, statistics, philosophy, and moralization. As all would expect, it has the genuine ring of liberty and progress in every page. The termination of the war will now give the author the privilege of rounding and completing his history in the second volume. When finished it will be a beautiful tribute to Illinois patriotism and courage, and an affectionate record to her noble dead, that will make the absence of the volume from any library in the State a manifest defect.

[Daily Journal, Chicago.]

There is a thing we had laid upon the top of our heart to write of to-day; a thing, we say, for *thoughts* are things, and the thinker's work will last longer than the grave-maker's. It is of a book begotten in love, whose name gives you its character in a syllable or two—"PATRIOTISM OF ILLINOIS." It appears under the auspices of Messrs. Clarke and Company, of No. 82 Washington street, and the author is our gifted cotemporary, Dr. T. M. Eddy, of the *Northwestern Christian Advocate*. It will be published in two splendid octavo volumes of six hundred pages each, and will contain a whole gallery of portraits.

GROVER & BAKER'S CELEBRATED ELASTIC STITCH SEWING MACHINES

Were awarded the highest premiums over all competitors at the State Fairs of New York, Vermont, Iowa, Indiana, Michigan, Illinois, Kentucky, Pennsylvania, Ohio, and Oregon, and at every respectable Institute and County Fair held in 1863, 1864 and 1865.

MAKING THE

Grover & Baker and Lock Stitch.

Price \$58.00

Grover & Baker's Family Sewing Machine

*Working the Grover & Baker and Lock Stitch.
The only Machines that Stitch and Embroider
PERFECTLY.*

This Company have just brought before the public a New Shuttle Machine for Tailors', Shoemakers' and Sadlers' use, which we consider the best in use. It is powerful and yet is operated as easy as the Family Machine; runs without noise and makes the most perfect stitch on leather, cloth, and thin gauze silk without the necessity of changing the stenions. We would recommend all parties wanting a Manufactory Machine to examine Grover & Baker's New No. 1 before purchasing.

GROVER & BAKER'S MACHINE.—We speak from experience having one in use in our family, when we claim for the Grover & Baker Sewing Machine all the merits which they represent it to possess. Parties have only to call at the Grover & Baker salesroom, and witness the *perfect* working of their machine on every variety of fabric, either the most delicate gauze tissue or the heaviest soldier's over-coat, and doing each with such perfection and rapidity, as to convince any person wanting a sewing machine that they can here find a perfect one. Besides doing ordinary sewing, this is the only machine which successfully makes that beautiful embroidery stitch now almost indispensable for ornamenting ladies' and children's garments, of which a great variety of styles and patterns are on exhibition at their office. Those indispensable features of sewing—strength, uniformity and elasticity—all of which are brought out in this incomparable invention, make it the first sewing machine in the world.—*St. Louis Democrat.*

MODERN IMPROVEMENTS.—If we purchase a house to live in, we are sure to want all the "modern improvements," and, in a descending scale, in all our purchases we want the same. This fact applies with peculiar force to that important accessory to a household of the present day—a sewing machine. When our fair readers purchase one of these they want one, of course, with the "modern improvements"—they want to *embroider* as well as *sew* with the machine, for they never would be satisfied to *make* their dresses on the machine, and then slowly put on the embroidery by hand, nor need they, for with Grover & Baker's Celebrated Machine they can do both, and with an ease and rapidity astonishing to behold.—*New York Chronicle.*
